### **Chairman's Statement**

Zen Wei Pao, William Chairman

#### Dear shareholders,

The board of directors (the "Board") of Wai Kee Holdings Limited (the "Company") announces that the audited revenue of the Company and its subsidiaries (the "Group") for the year ended 31st December, 2022 was HK\$12,630 million (2021: HK\$10,277 million), generating an audited consolidated loss attributable to owners of the Company of HK\$7 million (2021: profit of HK\$676 million), a decrease of HK\$683 million representing 101% of 2021 profit.

The Board does not recommend the payment of a final dividend for the year ended 31st December, 2022 (2021: HK11 cents per ordinary share).

#### **BUSINESS REVIEW**

#### Property Development and Investment, Toll Road, Investment and Asset Management

For the year ended 31st December, 2022, the Group shared a loss of HK\$221 million (2021: profit of HK\$457 million) from Road King Infrastructure Limited ("Road King"), an associate of the Group. As of the date of this report, the Group holds 44.52% interest in Road King (excluding 3,000,000 ordinary shares in Road King ("Road King Shares"), representing 0.40% interest in Road King, held by Build King Holdings Limited ("Build King") which is classified under financial assets at fair value through profit or loss).

During the year ended 31st December, 2021, the Group purchased 5,717,000 Road King Shares and hence recognised gain on bargain purchase of HK\$112 million on acquisition of additional interest in Road King. During the year ended 31st December, 2022, the Group did not purchase any Road King Shares.

The Group and Road King had entered into a participation agreement in November 2021 pursuant to which Road King granted participation rights to the Group which allow the Group to enjoy a pro rata portion of 32.5% of the economic interest attributable to Road King's 70% interest (or 22.75% attributable interest) in a property development project with the parcel of land located in Guangzhou, the PRC. At 31st December, 2022, the fair value of the participation rights was HK\$196 million (2021: HK\$112 million).

For the year ended 31st December, 2022, Road King recorded an audited loss attributable to its owners of HK\$495 million (2021: profit of HK\$1,028 million), a decrease of HK\$1,523 million representing 148% of 2021 profit. In 2022, the Renminbi depreciated significantly against the US dollar and Road King therefore recorded net exchange loss of HK\$1,335 million, which had a significant impact on Road King's results for the year.

Despite the complex and volatile market environment, Road King's operation team made concerted efforts, kept abreast of the market trend and seized the window, achieving total property sales (including joint venture and associate projects) of RMB41,710 million in Mainland China in 2022. The property sales comprised contracted sales of RMB40,254 million and outstanding subscribed sales of RMB1,456 million, representing an increase of approximately 5% as compared to 2021. The Yangtze River Delta Region and Bohai Rim Region are the major sales regions with an average selling price of RMB24,000 per sqm.

To reserve cash for loan repayment purposes in 2023, Road King had been less active in large-scale land auctions during the year. Throughout the year, Road King acquired two pieces of land for residential purpose through listing-for-sale and co-development respectively with a total gross floor area of approximately 140,000 sqm, in which Road King accounts for 11.25% and 49% equity interest, respectively. As of 31st December, 2022, Road King had a total land reserve of approximately 4.69 million sqm, of which 1.16 million sqm were pre-sold but yet to be delivered. The Hong Kong projects are operating smoothly.

# **TOLL ROAD**

#### **BUSINESS REVIEW (Cont'd)**

#### Property Development and Investment, Toll Road, Investment and Asset Management (Cont'd)

In 2022, toll revenue in Mainland China decreased by 12% to RMB2,782 million compared to the previous year, while average daily traffic volume decreased by 17% to 227,300 vehicles compared to the previous year. For Indonesian expressways, Road King had completed the acquisition of 39.77% equity interest in the Semarang-Batang expressway ("SB Expressway") in Central Java Province, Indonesia at a consideration of IDR3,823,400 million (approximately HK\$1,968 million) in December 2022, further expanding its overseas toll road portfolio. In 2022, toll revenue in Indonesia increased by 49% to RMB934 million compared to 2021. Average daily traffic volume increased to 91,800 vehicles (excluding the newly acquired SB Expressway, average daily traffic volume increased by 25% to 59,000 vehicles compared to 2021).

In 2022, overall average daily traffic volume and toll revenue of Road King's expressway projects in Mainland China and Indonesia reached 319,100 vehicles and RMB3,716 million respectively, representing a decrease of 1% and 2% compared to the previous year. Due to the surge in toll revenue of the expressways in Indonesia and the decrease in interest costs and operating expenses which offset by the decrease in the toll revenue of the expressways in Mainland China, profit of the toll road segment increased to HK\$627 million.

In 2022, the property development projects of investment and asset management segment (including joint venture and associate projects) achieved property sales of approximately RMB769 million. After restructuring and rectification, the business scale of the remaining original businesses, which mainly comprised property fund investment as well as cultural, tourist and commercial businesses, has been significantly reduced and investment in new businesses has been ceased. Going forward, Road King will continue to review the operation of its remaining businesses and take appropriate action in due course.

Throughout the years, Road King's property business has been operated under a well-established model, a wellfunctioned management system, a seasoned and dedicated operation team and a sound market position. Going forward, Road King team will continue its pragmatic approach and strive to ensure property delivery and enhance its control on cash flow. To establish Road King as a more widely recognised and reliable developer in the market, it will continue to optimise market-oriented products and promote the brand name of Road King.

Road King began to accumulate overseas operating experience after expanding its expressway business in Indonesia in 2019. Road King has successfully acquired four expressways in Indonesia up to the present. In 2023, Road King will focus on promoting the increase in toll rates of the expressway projects in Indonesia, and actively follow the economic recovery policies rolled out in Mainland China. Meanwhile, Road King will continue to actively look for toll road projects with reasonable investment returns in Mainland China and the Asia-Pacific region to optimise its toll road business.

# CONSTRUCTION

#### **BUSINESS REVIEW (Cont'd)**

#### **Construction, Sewage Treatment and Steam Fuel**

For the year ended 31st December, 2022, the Group shared a profit of HK\$246 million (2021: HK\$167 million) from Build King. As of the date of this report, the Group holds 58.33% interest in Build King.

For the year ended 31st December, 2022, Build King recorded revenue of HK\$12,423 million (2021: HK\$10,030 million) and an audited profit attributable to its owners of HK\$434 million (2021: HK\$295 million), an increase of 47% as compared with that of 2021.

With outstanding works on hand which having been on increasing trend in past few years, Build King's turnover for the year continued to rise by 24%. The turnover growth rate was in fact lower than the budget because the fifth wave of COVID-19 caused intermittent suspension of many construction projects in early 2022. However, the situation had been significantly improved in the second half of 2022 and most of closed sites managed to resume work speedily after temporary suspension.

The gross profit of Build King increased by 33% from HK\$740 million to HK\$981 million, attributable not only to its rising turnover but also slight improvement of gross margin from 7.4% to 7.9%. The improved margin was mainly attributable to significant contribution from few projects where major additional works were concluded with reasonable profits. The increase of gross profit was partially offset by a 11% increase of administrative expenses and further loss of HK\$26 million in corporate bonds portfolio.

Since the issue of Build King's Annual Report 2021, Build King successfully bided new projects of total value of HK\$7.3 billion, of which HK\$2.7 billion was civil engineering projects and HK\$4.6 billion was building works. At the date of this report, the outstanding work on hand was maintained at HK\$25.8 billion, comparable to that at the end of 2021.

The infrastructure investment projects in the PRC recorded a 11% increase of turnover to HK\$202 million but the loss further increased from HK\$15 million to HK\$24 million. Because of the pandemic, only two newly constructed plants could start operation in the second half of the year but still at below break-even level while other two had been left idle for the whole year. For sewage treatment plant in Wuxi City, the operation continued to have its output close to its maximum capacity of 50,000 tons per day and contributed steady income as previous years.

#### **Construction Materials**

For the year ended 31st December, 2022, the construction materials division recorded revenue of HK\$473 million (2021: HK\$482 million) and a net profit of HK\$23 million (2021: HK\$33 million).

A notable reduction in profit for the construction materials division as compared with that of 2021 was mainly due to substantial increase in depreciation and fixed production costs in 2022 for the additional concrete batching facilities upon the completion of relocation of the facilities at Lam Tei Quarry in the first quarter of 2022. Furthermore, the novel coronavirus pandemic, especially in the first quarter of 2022 when the novel coronavirus confirmed cases hit the peak in Hong Kong, disrupted all industries including construction and construction materials industries. Slowdown of the construction activities in Hong Kong and delay in delivery of the construction materials from Mainland China caused lower demand of concrete and higher material costs for production of concrete in the first half of 2022.

## CONSTRUCTION MATERIALS

a

#### **BUSINESS REVIEW (Cont'd)**

#### **Construction Materials (Cont'd)**

In the second half of 2022, construction works in the construction industry have been picking up to clear the backlog of works affected by the novel coronavirus pandemic which significantly pushed up the demand of concrete particular in December 2022 and the first two months in 2023, hence the turnover and the net profit of the concrete business have been improved in the second half of 2022. The order book of concrete remains stable as majority of the concrete orders are from the Group's construction flagship.

For the asphalt business, slight loss was recorded in 2022. The performance of the asphalt business continues facing difficulties and fierce competition as low activity in large scale infrastructure projects. The profit margin further deteriorated as other competitors have adopted aggressive pricing strategy for securing orders.

After the execution of the supplementary agreement to extend the period of Lam Tei Quarry to the end of 2025 in October 2022, the rents during the extended period of the operations in Lam Tei Quarry charged to the division is reduced. Furthermore, as the concrete batching plants and the asphalt plant have been substantially depreciated by the end of 2022, depreciation costs will also be significantly reduced for the rest of the extended period. Hence, it is expected that there will be an improvement in the performance of the division in 2023.

The management continues to adopt prudent cost control measures and is committed to providing high quality of services to our customers in order to strengthen competitiveness.

#### Quarrying

For the year ended 31st December, 2022, the quarrying division recorded revenue of HK\$205 million (2021: HK\$213 million) and a net profit of HK\$36 million (2021: HK\$28 million).

The quarrying division recorded moderate improvement in profit compared with the corresponding period of last year.

The aggregates supply from Mainland China was tight thus the market price of aggregates stayed at high level in the first quarter of 2022. The supply of aggregates was resumed since the second quarter of 2022 hence the market price of aggregates remains stable. With the increase of new quarries in the Mainland China which increased the aggregates supply to Hong Kong, the market price of aggregates was slightly reduced in the first quarter of 2023.

In the first half of 2022, as the novel coronavirus pandemic had disrupted all construction activities causing lower demand for aggregates used for concrete production, there was a decline in sales quantity of aggregates despite of higher average selling prices for the aggregates sold.

In the second half of 2022, the resurgence of construction activities which pushed up the demand for concrete. With an increase in the volume of rock imported to Lam Tei, the sales quantity of aggregates was increased in the second half of 2022.

#### **BUSINESS REVIEW (Cont'd)**

#### Quarrying (Cont'd)

After the lengthy discussion with the Hong Kong Government, a fruitful result was achieved and a supplementary agreement was signed with Hong Kong Government in October 2022 to extend the period of the operation rights in Lam Tei Quarry to the end of 2025. As no extra rock is able to be excavated from Lam Tei Quarry, the semi-annual amounts payable to Hong Kong Government during the extended period will be substantially reduced. Furthermore, as the crushing plants have been substantially depreciated by the end of 2022, depreciation costs will also be significantly reduced for the rest of the extended period. Hence, it is expected that there will be an improvement in the performance of the division in 2023.

#### **Property Funds**

Lion Trade Global Limited ("Lion Trade"), which is owned 70% by a wholly owned subsidiary of the Company and 30% by a wholly owned subsidiary of Build King, indirectly holds 75% interest in Wisdom H6 LLC ("JV Fund I") and 34.35% interest in Estates at Fountain Lake LLC ("JV Fund II"), both of which are US joint venture companies. JV Fund I held a 4-storey residential rental property in Houston and JV Fund II holds a 3-storey residential rental property in Stafford of Texas.

On 23rd February, 2022, JV Fund I entered into a purchase and sale agreement to dispose of the residential rental property in Houston to an independent third party at the consideration of US\$55.6 million. The disposal was completed in April 2022 and the Group received cash distribution of its share of the net sale proceeds from JV Fund I in June 2022.

On 30th August, 2022, the wholly owned subsidiary of Lion Trade entered into a purchase and sale agreement to dispose of its 34.35% interest in JV Fund II to GPI Opportunity Fund II, LLC ("GPI", holding 65.65% interest in JV Fund II) at the consideration of US\$6.35 million. The disposal was completed in November 2022 and the Group received cash distribution of the net sale proceeds from GPI in November 2022.

For the year ended 31st December, 2022, Lion Trade shared profit of HK\$35 million (2021: HK\$18 million) from its investments in these two US joint venture companies. During the year, the Group received cash distribution of US\$27.9 million from these two US joint venture companies and GPI (2021: US\$0.6 million).

#### Fund Management Service and Securities Brokerage

WK Fund Management Limited ("WKFML"), which secured Type 4 (Advising on Securities) and Type 9 (Asset Management) registrations, and WK Securities Limited ("WKSL"), which secured Type 1 (Dealing in Securities) and Type 4 (Advising on Securities) registrations, are two wholly owned subsidiaries of the Group carrying out the fund management service and securities brokerage businesses respectively.

As the existing client bases of WKFML and WKSL remain small, the division recorded a loss of HK\$4 million (2021: HK\$4 million) for the year ended 31st December, 2022.

#### **BUSINESS REVIEW (Cont'd)**

#### Investment in equity securities and debt securities

The Group holds certain equity securities of Emmaus Life Sciences, Inc. ("Emmaus"), a company incorporated and engaged in manufacture and sale of pharmaceutical products in the USA. The equity securities of Emmaus are available for trading at the USA's Over-the-Counter market. At 31st December, 2022, the fair value of the equity securities of Emmaus was HK\$2 million (2021: HK\$11 million), of which HK\$1 million (2021: HK\$7 million) was invested by Build King.

The Group holds certain listed equity securities in Hong Kong. At 31st December, 2022, the fair value of the listed equity securities in Hong Kong was HK\$29 million (2021: HK\$51 million), of which (including 3,000,000 Road King Shares) HK\$15 million (2021: HK\$37 million) was invested by Build King.

The Group also holds certain quoted debt securities which are bonds and interest linked notes. At 31st December, 2022, the fair value of the Group's portfolio of quoted debt securities was HK\$497 million (2021: HK\$850 million), of which HK\$103 million (2021: HK\$336 million) was invested by Build King.

For the year ended 31st December, 2022, the net loss of the above investments, being the net amount of change in fair value of the investments, dividend income and interest income, was HK\$54 million (2021: HK\$94 million), of which the net loss of HK\$45 million (2021: HK\$47 million) was from the investments by Build King, as a result of the drop in the quoted prices of the equity and debt securities at 31st December, 2022.

#### **FINANCIAL REVIEW**

#### Liquidity and Financial Resources

During the year, total borrowings decreased from HK\$2,238 million to HK\$1,655 million, which included bonds with carrying amounts of HK\$127 million (2021: HK\$121 million) carrying no interest, with the maturity profile summarised as follows:

	31st De	31st December,	
	2022	2021	
	HK\$'million	HK\$'million	
Within one year	277	775	
In the second year	250	153	
In the third to fifth year inclusive	1,128	1,310	
	1,655	2,238	
Classified under:			
Current liabilities (note)	391	944	
Non-current liabilities	1,264	1,294	
	1,655	2,238	

Note: At 31st December, 2022, bank loans that are repayable over one year after the end of the reporting period but contain a repayment on demand clause with an aggregate carrying amount of HK\$114 million (2021: HK\$169 million) have been classified as current liabilities.

At 31st December, 2022, the Group had certain interest rate swap contracts, with an aggregate notional amount of HK\$800 million and maturity date of 25th March, 2025, designated as effective hedging instruments in order to minimise its exposures to forecast cash flow interest rate risk on certain bank loans. At 31st December, 2022, the fair value of the interest rate swaps under derivative financial assets is HK\$60 million (2021: HK\$11 million).

At 31st December, 2022, bank loans of HK\$44 million (2021: HK\$51 million) carried interest at fixed rate.

At 31st December, 2022, total amount of the Group's time deposits, bank balances and cash was HK\$2,667 million (2021: HK\$2,153 million), of which bank deposits amounting to HK\$114 million (2021: HK\$91 million) were pledged to banks to secure certain banking facilities granted to the Group. In addition, the Group has available unutilised banking facilities of HK\$2,013 million (2021: HK\$1,772 million).

For the year ended 31st December, 2022, the Group recorded finance costs of HK\$74 million (2021: HK\$65 million).

#### FINANCIAL REVIEW (Cont'd)

#### Liquidity and Financial Resources (Cont'd)

The Group's borrowings, investments, time deposits and bank balances are principally denominated in Hong Kong dollar, Renminbi and United States dollar. As a result, the Group is exposed to the currency risks for fluctuation in exchange rates of Renminbi and United States dollar. For the year ended 31st December, 2022, the Group recorded net exchange loss of HK\$48 million (2021: net exchange gain of HK\$7 million). The Group will continue to monitor its exposure to the currency risks closely.

#### **Capital Structure and Gearing Ratio**

At 31st December, 2022, the equity attributable to owners of the Company amounted to HK\$9,984 million, representing HK\$12.59 per share (2021: HK\$10,675 million, representing HK\$13.46 per share).

At 31st December, 2022, the gearing ratio, representing the ratio of total borrowings to equity attributable to owners of the Company, was 16.6% (2021: 21.0%) and the net gearing ratio, representing the ratio of net borrowings (total borrowings less time deposits, bank balances and cash) to equity attributable to owners of the Company, was -10.1% (2021: 0.8%) as a result of total amount of time deposits, bank balances and cash exceeding total borrowings amount.

#### Pledge of Assets

At 31st December, 2022, apart from the bank deposits pledged to secure certain banking facilities granted to the Group, a share of a subsidiary of the Company and the quoted debt securities with an aggregate carrying amount of HK\$497 million (2021: HK\$850 million) were also pledged to secure certain banking facilities granted to the Group.

#### **Capital Commitments and Contingent Liabilities**

At 31st December, 2022, the Group committed capital expenditure contracted for but not provided in the Group's consolidated financial statements of HK\$57 million (2021: HK\$88 million) in respect of acquisition of property, plant and equipment. At 31st December, 2022 and 2021, the Group had no contingent liabilities.

#### **FUTURE OUTLOOK**

As more mega projects are rolled out by Government, it will benefit the construction division in the short and medium term. The progress on most active projects is good which are generating satisfactory results in the construction division, it is cautiously optimistic that the performance of the construction division in 2023 will be better than that in 2022.

It is expected that both the construction materials and quarrying divisions will make positive contribution to the Group in 2023 as there is significant reduction of operational costs for the divisions. However, the performance for the quarrying division in 2023 will heavily rely on the volume of rock imported to Lam Tei Quarry for further processing as the site formation works at Lam Tei Quarry was substantially completed.

The Group set foot in the US property market since 2014 which captured the booming of US property market and obtained good returns for the whole portfolio. In consideration of the uncertainty of the US economy of the numerous unfavorable factors including high inflation, steep interest rates, recession fears, the Group will take conservative approach in making any new investment in US property market after the completion of disposals of the last two US properties in 2022.

For other investments made by the Group, the Group will monitor closely their performance and review the investment strategy periodically. The Group will take conservative approach in making new investment decision.

#### **APPRECIATION**

The Board would like to take this opportunity to extend its heartiest thanks to our shareholders, business partners, directors and our loyal and dedicated staff.

Mr. Yu is responsible for Build King's civil engineering operation in Hong Kong.

The Directors present their annual report and the audited consolidated financial statements for the year ended 31st December, 2022.

#### **PRINCIPAL ACTIVITIES**

The Company acts as an investment holding company. The principal activities of its principal subsidiaries, principal associates and joint ventures are set out in notes 56, 21 and 23 to the consolidated financial statements respectively.

#### **MAJOR CUSTOMERS AND SUPPLIERS**

For the year ended 31st December, 2022, the five largest customers of the Group together accounted for approximately 75% of the Group's revenue, with the largest customer accounted for approximately 50%, and the five largest suppliers of the Group together represented approximately 11% by value of the Group's total purchases.

One of the Group's five largest customers is an affiliated company of Road King. Also, the Company held 336,608,428 ordinary shares in Road King ("Road King Shares") as at 31st December, 2022, representing approximately 44.92% of Road King Shares then in issue. As such, any Director or any of his/her associates holding Road King Shares or any shareholder of the Company would be indirectly interested in such customer. As at 31st December, 2022, (i) Mr. Zen Wei Peu, Derek, a Director of the Company, was interested in 24,649,000 Road King Shares, of which 1,000,000 Road King Shares were held by his spouse; (ii) Miss Chiu Wai Yee, Anriena, a Director of the Company, was interested in 205,000 Road King Shares held by her; (iii) certain Directors were indirectly interested in such customer through ordinary shares in the Company and/or security interest over ordinary shares in the Company held by them, details of which are set out under the section headed "Directors' Interests and Short Positions" in this report; and (iv) the substantial shareholders of the Company were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany were indirectly interested in such customer through ordinary shares in the Sompany directly held by them, details of which are set out under the section headed "Substantial Shareholders' Interests" in this report.

Save as disclosed above, none of other Directors, or any of their associates, or any shareholders which, to the knowledge of the Directors, owned more than 5% of the Company's share capital, had any interests in the Group's five largest customers as mentioned in the preceding paragraph.

#### **RESULTS AND APPROPRIATIONS**

The results of the Group for the year ended 31st December, 2022 are set out in the consolidated statement of profit or loss and consolidated statement of profit or loss and other comprehensive income on pages 84 and 85 respectively.

No interim dividend was paid to shareholders during the year. The Directors do not recommend the payment of a final dividend for the year ended 31st December, 2022.

#### **CLOSURE OF REGISTER OF MEMBERS**

For determining the entitlement to attend and vote at the Annual General Meeting to be held on Wednesday, 24th May, 2023, the register of members of the Company will be closed from Friday, 19th May, 2023 to Wednesday, 24th May, 2023, both days inclusive, during which period no transfer of shares will be registered. In order to be eligible to attend and vote at the Annual General Meeting, all transfers accompanied by the relevant share certificates must be lodged with the Company's Branch Share Registrar in Hong Kong, Tricor Secretaries Limited, at 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong not later than 4:00 p.m. on Thursday, 18th May, 2023.

#### **BUSINESS REVIEW**

The business review of the Group for the year ended 31st December, 2022 is set out in the sections headed "Financial Highlights" on pages 2 to 3, "Chairman's Statement" on pages 4 to 18, "Corporate Governance Report" on pages 39 to 53, "Consolidated Financial Statements" on pages 84 to 202 and "Financial Summary" on page 203. Description of the principal risks and uncertainties faced by the Group can be found throughout this annual report.

#### SHARE CAPITAL AND SHARE OPTIONS

Details of movements in the share capital and share options of the Company are set out in notes 45 and 47 to the consolidated financial statements respectively.

During the year, there was no movement in the share capital and share options of the Company.

#### RESERVES

Details of movements in the reserves of the Group during the year are set out in the consolidated statement of changes in equity on page 88.

#### DISTRIBUTABLE RESERVES OF THE COMPANY

In addition to the retained profits, under the Companies Act 1981 of Bermuda (as amended), the contributed surplus of the Company is also available for distribution to the shareholders. However, the Company cannot declare or pay a dividend, or make a distribution out of the contributed surplus, if:

- (a) it is, or would after the above payment be, unable to pay its liabilities as they become due; or
- (b) the realisable value of its assets would thereby be less than its liabilities.

The reserves of the Company which were available for distribution to the shareholders at 31st December, 2022 were approximately HK\$1,627,255,000.

#### **EQUITY-LINKED AGREEMENTS**

Other than the Share Option Scheme of the Company, no equity-linked agreements were entered into during the year or subsisted at the end of the year.

#### **FINANCIAL SUMMARY**

A summary of the results and of the financial position of the Group for the past five financial years is set out on page 203.

#### **PROPERTY, PLANT AND EQUIPMENT**

Details of the movements in the property, plant and equipment of the Group during the year are set out in note 16 to the consolidated financial statements.

#### DIRECTORS AND DIRECTORS' SERVICE CONTRACTS

The Directors of the Company during the year and up to the date of this report were:

#### **Executive Directors:**

Zen Wei Pao, William *(Chairman)* Zen Wei Peu, Derek *(Vice Chairman and Chief Executive Officer)* Chiu Wai Yee, Anriena

#### **Non-executive Directors:**

Cheng Chi Ming, Brian Ho Gilbert Chi Hang

#### **Independent Non-executive Directors:**

Wong Che Ming, Steve Wan Siu Kau, Samuel Wong Man Chung, Francis

In accordance with Bye-law 87 of the Company's Bye-laws, Mr. Zen Wei Pao, William, Miss Chiu Wai Yee, Anriena and Mr. Wan Siu Kau, Samuel shall retire from office by rotation at the forthcoming annual general meeting and, being eligible, will offer themselves for re-election at the forthcoming annual general meeting.

None of the Directors proposed for re-election at the forthcoming annual general meeting has a service contract which is not determinable by the Group within one year without payment of compensation (other than statutory compensation).

The Company received confirmation of independence from Dr. Wong Che Ming, Steve, Mr. Wan Siu Kau, Samuel and Mr. Wong Man Chung, Francis, being the Independent Non-executive Directors, in respect of the year ended 31st December, 2022 pursuant to Rule 3.13 of the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The Company considers all the Independent Non-executive Directors to be independent.

#### **DIRECTORS' INTERESTS AND SHORT POSITIONS**

As at 31st December, 2022, the interests and short positions of the Directors of the Company in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance ("SFO")) as recorded in the register maintained by the Company pursuant to section 352 of the SFO, or which were required to be notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") set out in Appendix 10 of the Listing Rules, were as follows:

#### (I) The Company

#### Interests in shares

	Capacity/ Nature of	Number of s	shares held	Percentage of the issued ordinary
Name of Director	interest	Long position (note 1)	Short position	share capital
				%
Zen Wei Pao, William	Personal	251,248,843 <i>(note 2)</i>	_	31.68
Zen Wei Peu, Derek	Personal	249,424,078 <i>(note 2)</i>	-	31.45
	Securities interest	45,567,000	-	5.75
Wong Che Ming, Steve	Personal	900,000	_	0.11

Notes:

#### **SHARE OPTIONS**

#### (I) The Company

A share option scheme (the "Share Option Scheme") was adopted by the Company at the annual general meeting held on 15th May, 2012 and expired on 14th May, 2022. No options have been granted under the Share Option Scheme since its adoption.

#### (II) Associated Corporation

A share option scheme was adopted by Road King on 8th May, 2013 ("Road King Share Option Scheme"). None of the Directors of the Company were granted or had exercised share options under Road King Share Option Scheme for the year ended 31st December, 2022.

Save as disclosed above, none of the Directors nor their associates had any interests in the securities of the Company or any of its associated corporations (within the meaning of Part XV of the SFO).

Save as disclosed above, none of the Directors nor their spouses or children under 18 years of age were granted or had exercised any rights to subscribe for any securities of the Company or any of its associated corporations.

#### **ARRANGEMENTS TO ACQUIRE SHARES OR DEBENTURES**

Other than the share option schemes as mentioned earlier, at no time during the year was the Company or any of its subsidiaries a party to any arrangements to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

#### DIRECTORS' MATERIAL INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

No transactions, arrangements or contract of significance to which the Company or any of its subsidiaries was a party and in which a Director of the Company or his or her connected entity had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

#### **PERMITTED INDEMNITY PROVISION**

Pursuant to the Bye-laws, every Director and everyone of their heirs, executors and administrators, shall be indemnified and secured harmless out of the assets and profits of the Company and/or its subsidiaries from and against all actions, costs, charges, losses, damages and expenses which they or any of them, their or any of their heirs, executors or administrators, shall or may incur or sustain by or by reason of any act done, concurred in or omitted in or about the execution of their duty, or supposed duty, in their respective offices or trusts.

The Company has arranged appropriate Directors' and Officers' Liability Insurance for its Directors and officers covering the costs, losses, expenses and liabilities arising from the performance of their duties. The insurance policy covers legal action against its Directors and officers to comply with the requirement of the Corporate Governance Code set out in Appendix 14 of the Listing Rules. During the year, no claim was made against the Directors and officers of the Company.

#### **COMPETING INTERESTS**

During the year and up to the date of this report, the following Directors had interest in the business which competes or is likely to compete, either directly or indirectly, with the business of the Group as required to be disclosed under the Listing Rules:

Name of Director	Name of entity	Competing business	Nature of interest
Zen Wei Pao, William	CMP Investment Group Limited	Property development in the PRC	Director and shareholder
Cheng Chi Ming, Brian	NWS Holdings Limited group of companies	Construction, toll road and infrastructure	Director
Ho Gilbert Chi Hang	NWS Holdings Limited group of companies	Construction, toll road and infrastructure	Director

#### SUBSTANTIAL SHAREHOLDERS' INTERESTS

As at 31st December, 2022, so far as is known to any Director of the Company, the following persons (other than Directors of the Company) have interests or short positions in the shares and underlying shares of the Company which would fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO as recorded in the register required to be kept by the Company pursuant to section 336 of the SFO:

	Capacity/ Nature of	Number of	shares held	Percentage of the issued ordinary
Name of shareholder	interest	Long position (note 1)	ng position Short position	
				%
Cheng Yu Tung Family (Holdings) Limited <i>(note 2)</i>	Corporate	91,134,000	-	11.49
Cheng Yu Tung Family (Holdings II) Limited (note 3)	Corporate	91,134,000	-	11.49

#### SUBSTANTIAL SHAREHOLDERS' INTERESTS (Cont'd)

Notes:

- 1. Long position in the shares (other than pursuant to equity derivatives such as share options, warrants to subscribe or convertible bonds).
- 2. Cheng Yu Tung Family (Holdings) Limited is deemed to be interested in the shares through its interests in more than one-third of the issued share capital of Chow Tai Fook Capital Limited.
- 3. Cheng Yu Tung Family (Holdings II) Limited is deemed to be interested in the shares through its interests in more than one-third of the issued share capital of Chow Tai Fook Capital Limited.
- 4. Chow Tai Fook Capital Limited is deemed to be interested in the shares through its interests in its subsidiary, namely Chow Tai Fook (Holding) Limited.
- 5. Chow Tai Fook (Holding) Limited is deemed to be interested in the shares through its interests in its wholly owned subsidiary, namely Chow Tai Fook Enterprises Limited.
- 6. Chow Tai Fook Enterprises Limited is deemed to be interested in the shares through its interests in more than one-third of the issued share capital of New World Development Company Limited.
- 7. New World Development Company Limited is deemed to be interested in the shares through its interests in its subsidiary, namely NWS Holdings Limited. Mr. Cheng Chi Ming, Brian is a non-executive director of New World Development Company Limited.
- NWS Holdings Limited is deemed to be interested in the shares through its interests in its wholly owned subsidiary, namely NWS Service Management Limited (incorporated in the Cayman Islands). Both Mr. Cheng Chi Ming, Brian and Mr. Ho Gilbert Chi Hang are executive directors of NWS Holdings Limited.
- 9. NWS Service Management Limited (incorporated in the Cayman Islands) is deemed to be interested in the shares through its interests in its wholly owned subsidiary, namely NWS Service Management Limited (incorporated in the British Virgin Islands). Both Mr. Cheng Chi Ming, Brian and Mr. Ho Gilbert Chi Hang are directors of NWS Service Management Limited (incorporated in the Cayman Islands).
- 10. NWS Service Management Limited (incorporated in the British Virgin Islands) is deemed to be interested in the shares through its interests in its wholly owned subsidiary, namely Vast Earn Group Limited. Both Mr. Cheng Chi Ming, Brian and Mr. Ho Gilbert Chi Hang are directors of NWS Service Management Limited (incorporated in the British Virgin Islands).
- 11. Vast Earn Group Limited is a wholly owned subsidiary of NWS Service Management Limited (incorporated in the British Virgin Islands). Both Mr. Cheng Chi Ming, Brian and Mr. Ho Gilbert Chi Hang are directors of Vast Earn Group Limited.

Save as disclosed above, no other person (other than Directors of the Company) has an interest or a short position in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company pursuant to section 336 of the SFO.

#### **DISCLOSURES PURSUANT TO RULES 13.18 AND 13.21 OF THE LISTING RULES**

On 18th March, 2021, Trend Pacific Limited, a wholly owned subsidiary of the Company, as borrower, the Company as guarantor and five independent third party licensed banks in Hong Kong, one of which also acts as agent for the lending syndicate, entered into a facility agreement in respect of HK\$1,150 million term loan facility (the "2021 Facility") with final maturity date falling on 48 months from the first utilisation date of the 2021 Facility. Throughout the life of the 2021 Facility, (i) Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek and such other person(s) nominated by either or both of them should collectively represent a majority of the executive directors of the Company; (ii) Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek collectively own (directly or indirectly) at least 40% of the beneficial shareholding interest in the issued share capital of the Company; and (iii) Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek collectively maintain to be the largest beneficial shareholder of the Company.

Save as disclosed above, as at 31st December, 2022, the Company did not have other disclosure obligations under Rules 13.18 and 13.21 of the Listing Rules.

#### **DISCLOSURE PURSUANT TO RULE 13.51B(1) OF THE LISTING RULES**

Upon enquiry by the Company, save as disclosed below, there is no change in the information of the Directors required to be disclosed pursuant to Rule 13.51B(1) of the Listing Rules since the Company's last published interim report:

Name of Director	Details of changes
Chiu Wai Yee, Anriena	Miss Chiu's annual salary has been revised from HK\$2,428,000 to HK\$2,476,600 with effect from 1st April, 2023.
Cheng Chi Ming, Brian	Mr. Cheng has been appointed as a non-executive director of New World Development Company Limited (Stock Code: 0017) with effect from 1st December, 2022.

## **CONNECTED TRANSACTION**

#### **Continuing Connected Transaction**

#### Framework Agreement with Quon Hing Concrete Company Limited

On 30th May, 2022, the Company and Quon Hing Concrete Company Limited ("Quon Hing", which is owned as to 50% by NWS Holdings Limited, being a substantial shareholder of the Company, and is therefore a connected person of the Company) entered into a framework agreement (the "Framework Agreement") in relation to the sale of ready mixed concrete ("Concrete") and aggregates by the Group to Quon Hing during the term of the Framework Agreement.

The Framework Agreement has an initial term of three years from 1st January, 2022, unless terminated earlier in accordance with the terms and conditions thereunder. Notwithstanding the above, the Framework Agreement may be terminated at any time by the written agreement of the Company and Quon Hing. The parties also agreed that, if the total consideration in respect of the transactions is expected to exceed, within a short period of time, an amount which will probably trigger the requirement for independent shareholders' approval under Chapter 14A of the Listing Rules, the parties will, and will procure their subsidiaries to, put a halt to all the transactions until such independent shareholders' approval is obtained.

#### Annual Caps

The Framework Agreement provides for the annual caps for the sale of Concrete by the Group to Quon Hing for the financial years ending 31st December, 2022, 31st December, 2023 and 31st December, 2024 at HK\$42 million, HK\$43 million and HK\$52 million respectively, and the annual caps for the sale of aggregates by the Group to Quon Hing for the financial years ending 31st December, 2022, 31st December, 2023 and 31st December, 2024 at HK\$1 million, HK\$2 million and HK\$2 million respectively.

For the financial year ended 31st December, 2022, the relevant maximum aggregate value of the sale of Concrete was approximately HK\$2,359,000 and there was no aggregate sold to Quon Hing. The relevant transactions are disclosed in note 53 to the consolidated financial statements.

The continuing connected transaction contemplated under the Framework Agreement was announced by the Company in its announcement dated 30th May, 2022. As the applicable percentage ratios (as defined in the Listing Rules) in respect of the highest annual cap for the transactions contemplated under the Framework Agreement are more than 0.1% but less than 5%, the Framework Agreement is subject to the reporting, annual review, announcement requirements but exempt from circular and shareholders' approval requirements under Chapter 14A of the Listing Rules.

# **CONNECTED TRANSACTION (Cont'd)**

### **Continuing Connected Transaction (Cont'd)**

The continuing connected transaction mentioned above has been reviewed by the Independent Non-executive Directors of the Company who have confirmed that the transaction has been entered into:

- (a) in the ordinary and usual course of business of the Company;
- (b) on normal commercial terms; and
- (c) on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company has engaged the auditor of the Company to report the continuing connected transaction of the Group in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued an unqualified letter containing its findings and conclusions in respect of the continuing connected transaction disclosed by the Group in this annual report in accordance with Rule 14A.56 of the Listing Rules. A copy of the auditor's letter has been provided by the Company to the Stock Exchange.

## PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities during the year ended 31st December, 2022.

### SUFFICIENCY OF PUBLIC FLOAT

According to the information that is available to the Company and within the knowledge of the Directors of the Company, the Company has maintained the prescribed public float under the Listing Rules.

### **PRE-EMPTIVE RIGHTS**

There are no provisions for pre-emptive rights under the Company's Bye-laws, or the laws of Bermuda, which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

### **DONATIONS**

During the year, the Group made charitable and other donations amounting to approximately HK\$179,000.

## **EMPLOYEES AND REMUNERATION POLICIES**

At 31st December, 2022, the Group had 3,529 employees (2021: 3,374 employees), of which 3,222 (2021: 3,095) were located in Hong Kong, 307 (2021: 278) were located in the PRC and no employee (2021: 1) was located in UAE. For the year ended 31st December, 2022, the Group's total staff costs were HK\$1,652 million (2021: HK\$1,463 million).

Competitive remuneration packages are structured to commensurate with individual responsibilities, qualification, experience and performance. In addition, discretionary bonuses may be paid depending upon the financial performance of the Group as well as the performance of the individual.

The emoluments of executive directors and senior management are determined by the Remuneration Committee with reference to salaries paid by comparable companies, their responsibilities, employment conditions and prevailing market conditions.

## **AUDITOR**

A resolution will be proposed at the forthcoming annual general meeting to re-appoint Messrs. Deloitte Touche Tohmatsu as Auditor of the Company.

On behalf of the Board

Zen Wei Pao, William

Chairman

Hong Kong, 21st March, 2023

## **CORPORATE GOVERNANCE CODE**

The Company is committed to maintaining the highest standard of corporate governance as it believes that good corporate governance practices are fundamental to the effective operation of a company and can enhance shareholders' value as well as safeguard shareholders' interests. The Company places strong emphasis on a quality Board, accountability, sound risk management and internal control, appropriate risk-assessment, monitoring procedures and transparency to all shareholders and stakeholders.

Throughout the year of 2022, the Company has complied with the code provisions in Part 2 of Corporate Governance Code (the "Code") set out in Appendix 14 of the Listing Rules.

## THE BOARD

Our core values, being initiative, innovation, professionalism, integrity and sustainability, are infused into all aspects of our business operations. We are committed to delivering an integrated range of services that implement innovative ideas that increase efficiency and effectiveness in our operations. We firmly believe that professional integrity and excellent community engagement practices are the bedrock of sustainable corporate development and we are well aligned with those commitments and principles.

The Company recognises the importance of a highly effective Board in the long-term success of the Group. In particular, we prioritise balanced and diverse board composition; independent and objective thinking; proficient and informed Directors; efficient and effective roles, committees and delegation; and prudent policies and processes including risk management.

### Role of the Board

The primary role of the Board is to protect and enhance shareholders' long-term value. It assumes the responsibility for providing effective and responsible leadership and control of the Group, and directing and supervising the Group's affairs in pursuit of the Group's strategic objectives.

The Board approves and monitors Group's strategies and policies, evaluates the performance of the Group and supervises the management. In addition, the Board reserved for its decisions all major matters of the Company, including Environmental, Social and Governance ("ESG") Reporting and monitoring progress around ESG material topics, approval and monitoring of budgets, risk management and internal control, dividend payout, material transaction (in particular those may involve conflict of interests), preparation and release of financial information, appointment of Directors, other significant financial and operational matters.

The Board also ensures that the good corporate governance policies and practices are implemented within the Group, and is responsible for performing the corporate governance duties including the following:

- to develop and review the Company's policies and practices on corporate governance;
- to review and monitor the training and continuous professional development of the Directors and senior management;
- to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- to develop, review and monitor the code of conduct manual applicable to the Directors and employees; and
- to review the Company's compliance with the Code and disclosures in the Corporate Governance Report.

## Role of the Board (Cont'd)

The internal audit team has also carried out a compliance review on the Code and reported to the Board that the Group has properly followed the requirements of the Code.

The above mentioned policies, practices and code of conduct have been promulgated across the Group in the form of Employees' Handbooks and internal memoranda. Senior management is responsible for implementation, and effectiveness is reviewed on a regular basis by internal audit.

#### **Chairman and Chief Executive Officer**

The Chairman is Mr. Zen Wei Pao, William. The Chief Executive Officer is Mr. Zen Wei Peu, Derek.

To ensure a balance of power and authority, the positions of the Chairman and the Chief Executive Officer are clearly set out in writing and are separate.

The role of the Chairman is to oversee the functioning of the Board and ensure the establishment of strategic direction of the Group. The Chairman provides leadership for the Board and ensures that the Company establishes sound corporate governance practices and procedures. He also encourages all the Directors to make a full and active contribution to the affairs of the Board.

The Chief Executive Officer is responsible for implementing the Board's approved strategies and policies, and supervising the day-to-day operations.

Detailed duties and responsibilities of the Chairman and the Chief Executive Officer are available on the website of the Company.

#### Composition

As at the date of this report, the Board comprises eight Directors including three Executive Directors, two Non-executive Directors and three Independent Non-executive Directors. Board members are listed below:

Board of Directors				
Executive Directors	Non-executive Directors	Independent Non-executive Directors		
Zen Wei Pao, William <i>(Chairman)</i>	Cheng Chi Ming, Brian	Wong Che Ming, Steve		
Zen Wei Peu, Derek (Vice Chairman and Chief Executive Officer)	Ho Gilbert Chi Hang	Wan Siu Kau, Samuel		
Chiu Wai Yee, Anriena (Company Secretary)		Wong Man Chung, Francis		

With the expertise contributed by each of the Directors, the Board has a wide spectrum of valuable business experience, knowledge and professionalism for its efficient and effective functioning. Biographical details of the Directors are set out in the "Directors and Senior Management" section of this annual report. A list of Directors and their respective roles and functions are maintained on the websites of the Company and the Stock Exchange.

## Composition (Cont'd)

The Group has several mechanisms in place to encourage independent and objective thinking by its Directors and the Board as a whole. Firstly, Independent Non-executive Directors are well-represented on the Board, with at least three in number, at least one third of the Board, and at least one with accounting or related financial management expertise. Secondly, the Chairman encourages open discussion amongst Directors, and solicits independent perspectives from the Independent Non-executive Directors in particular. Thirdly, at least once per year, the Chairman has a separate meeting with the Independent Non-executive Directors to ensure their voices are being heard effectively. Finally, all Board members individually have access to the Company Secretary and senior management, and independent professional advice would be sought through the Company Secretary. The Board has reviewed the implementation and effectiveness of such mechanisms for the year ended 31st December, 2022.

There is no financial, business nor family relationship among members of the Board, other than the Chairman, Mr. Zen Wei Pao, William, and the Vice Chairman and Chief Executive Officer, Mr. Zen Wei Peu, Derek, who are brothers.

#### **Appointment and Re-election**

Pursuant to the Bye-laws, the Board may appoint a director either to fill a causal vacancy or as an addition to the Board from time to time during the year following the recommendation from the Nomination Committee. Any Director appointed by the Board to fill a causal vacancy shall hold office until the first general meeting after his/her appointment and be subject to re-election at such meeting and any Director appointed by the Board as an addition to the existing Board shall hold office until the next following annual general meeting of the Company and shall then be eligible for re-election. In addition, at each annual general meeting, at least one-third of the Directors for the time being shall retire from office by rotation and are eligible for re-election.

#### **Non-executive Directors**

Each Non-executive Director (including Independent Non-executive Director) of the Company has entered into a letter of appointment with the Company for a specific term not more than three years, subject to re-election at the general meeting.

#### Independence of Independent Non-executive Directors

The Group values the independent judgement on Board through balanced composition of members. The Chairman encourages open discussion and seeks independent view from Independent Non-executive Directors when necessary, on top of a separate meeting with Independent Non-executive Directors held every year.

In recognition of the tenure of our Independent Non-executive Directors, the Board will be seeking an additional Independent Non-executive Director to fortify independent voices on the Board.

The Company received confirmation of independence from each of the Independent Non-executive Directors in respect of the year ended 31st December, 2022, pursuant to Rule 3.13 of the Listing Rules. The Board considers all the Independent Non-executive Directors to be independent.

### **Board Meetings**

The Board meets regularly at least four times each year and additional meetings are arranged if and when required. The Directors play an active role in participating the Company's meetings through contribution of their professional opinions and active participation in discussion. During the year, the attendance records of individual Director at the Board meetings, meetings of three Board Committees, namely Audit Committee, Nomination Committee and Remuneration Committee, and the annual general meeting held on 27th May, 2022 are set out below:

	Meetings attended/held					
Name of Director	Board Meeting	Audit Committee Meeting	Nomination Committee Meeting	Remuneration Committee Meeting	Annual General Meeting held on 27th May, 2022	
Free string Directory						
Executive Directors			0.40	0.40		
Zen Wei Pao, William (Chairman)	5/5	-	2/2	2/2	1	
Zen Wei Peu, Derek	5/5	-	2/2	2/2	1	
(Vice Chairman and Chief Executive Officer)						
Chiu Wai Yee, Anriena (Company Secretary)	5/5	-	-	-	1	
Non-executive Directors						
Cheng Chi Ming, Brian	4/5	-	-	-	1	
Ho Gilbert Chi Hang	5/5	-	-	-	1

Wong Che Ming, Steve	5/5	3/3	2/2	2/2	1	
Wan Siu Kau, Samuel	5/5	3/3	2/2	2/2	1	
Wong Man Chung, Francis	5/5	3/3	2/2	2/2	1	

Note: "-" Not applicable

Notice of a regular Board meeting is given to all Directors at least 14 days before each meeting, and all Directors are given the opportunity to include matters in the agenda for discussion at the Board meetings. The agenda and meeting materials are normally sent to all Directors at least three days before the regular Board meetings (and so far as practicable for such other Board meetings) to ensure that they have sufficient time and attention to the affairs of the Company.

In order to have an effective Board, all Directors are provided with information on activities and developments in and the financial performance of the Group's business on a monthly basis to keep them apprised of the latest developments of the Group. They have full access to information on the Group and are able to invite management and professional advisers, where appropriate, to attend Board meetings.

## **Board Meetings (Cont'd)**

All Directors have direct access to the Company Secretary who is responsible for advising the Board on corporate governance and compliance issues. The Company Secretary is also responsible for taking the minutes of Board and Board Committees' meetings. Such minutes are open for inspection by Directors.

Each Director is required to make disclosure of his/her interests or potential conflict of interests, if any, in any proposed transactions or issues discussed by the Directors at the Board and Board Committees' meetings. Any Director shall not vote on any resolution of the Board and Board Committees approving any contract or arrangement or any other proposal in which he/she (or his/her associates) is materially interested nor shall he/she be counted in the quorum present at the meeting.

#### **Directors' Induction and Continuous Professional Development**

Directors should keep abreast of their collective responsibilities. Briefing of the Group's business is given to newly appointed Director and a comprehensive induction package including the statutory and regulatory obligations of a director of a listed company is also provided. The Group also provides seminars and trainings to develop and refresh the Directors' knowledge and skills. The Group continuously updates the Directors on the latest developments regarding the Listing Rules and applicable regulatory requirements to ensure compliance and enhance their awareness of good corporate governance practices.

All Directors are requested to provide the Company with their respective training records pursuant to the Code. Trainings received by each of the Directors during the year are summarized as follows:

Name of Director	Type of continuous professional development
Executive Directors	
Zen Wei Pao, William	A,B
Zen Wei Peu, Derek	A,B
Chiu Wai Yee, Anriena <sup>#</sup>	A,B
Non-executive Directors	
Cheng Chi Ming, Brian	A,B
Ho Gilbert Chi Hang	A,B
Independent Non-executive Directors	
Wong Che Ming, Steve	A,B
Wan Siu Kau, Samuel	В
Wong Man Chung, Francis	A,B

Notes:

A: attending seminars and/or conferences and/or forum

B: reading newspapers, journals and updates relating to the economy, general business, accounting, laws, rules and regulations, etc.

#: The Company Secretary has undertaken over 15 hours of professional training during the year.

## **Board Diversity Policy**

The Board has adopted a Board Diversity Policy. The policy aims to set out the approach to achieve diversity on the Board to ensure that the Board has the balance of skills, experience and diversity of perspectives appropriate to the requirements of the Company's business. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and/or length of service. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

The Nomination Committee has been delegated with the responsibility for implementing, monitoring and reviewing of the Board Diversity Policy. Any revisions to the Board Diversity Policy as recommended by the Nomination Committee would be submitted to Board for consideration and approval. The Board has reviewed the implementation and effectiveness of the Policy for the year ended 31st December, 2022.

For the past 17 years, one-third of our Executive Directors, 12.5% of the Board overall, is female.

The Board intends to appoint an additional Independent Non-executive Director in 2023. The Board has been proactively seeking female candidates for this role, which would achieve 25% female representation amongst Independent Non-executive Directors, and 22.2% of the Board overall, in 2023. The Board aims to maintain at least such a level of female representation in its Board. The Board will engage independent professional search firms, as and when appropriate, in its work to increase female representation on the Board and to develop a pipeline of potential successors to the Board to achieve gender diversity.

Although over 95% of our non-director senior management are male, approximately 26% of our workforce is female. While we aspire to have more female representation amongst our senior management, which we aim to achieve over time primarily through succession planning. We also aspire to increase female representation amongst our workforce, a significant challenges as the market in which we operate (construction and quarrying in particular) traditionally has a predominantly male workforce. We will continue to take opportunities to increase the proportion of females amongst our staff, as and when suitable candidates are identified.

## **BOARD COMMITTEES**

The Board has delegated authority to three Board Committees, namely Audit Committee, Nomination Committee and Remuneration Committee, to oversee particular aspects of the Company's affairs. The updated terms of reference of the Audit Committee, Nomination Committee and Remuneration Committee are available on the websites of the Company and the Stock Exchange.

#### Audit Committee

#### Composition

The Audit Committee was formed in 1998 and currently comprises three members, namely Mr. Wong Man Chung, Francis (Chairman of the Audit Committee), Dr. Wong Che Ming, Steve and Mr. Wan Siu Kau, Samuel, all of whom are Independent Non-executive Directors.

## Audit Committee (Cont'd)

#### **Role and Function**

The main responsibilities of the Audit Committee are to review the consolidated financial statements and the external auditor's reports, and to monitor the integrity of the consolidated financial statements. It also assists the Board to oversee financial reporting system, risk management, internal control systems and internal and external audit functions. The Committee meets at least twice a year with the Company's external auditor to discuss the audit process and accounting issues.

#### Summary of Work Done

The following is a summary of major work performed by the Audit Committee during the year ended 31st December, 2022 and up to the date of this report:

- Approval of remuneration and terms of engagement of the external auditor;
- Review of the annual results of the Group for the years ended 31st December, 2021 and 2022, and the interim results of the Group for the six months ended 30th June, 2022;
- Review of the Group's financial information, financial reporting procedures, risk management, internal control systems, and financial and accounting policies and practices;
- Review of external auditor's independence and objectivity and the effectiveness of the audit process, and review of policy on engaging the external auditor to provide non-audit services;
- Review of the audit plan for the financial year ended 31st December, 2022;
- Review of internal/external auditor's significant findings and recommendations, and monitoring of the subsequent implementation;
- Recommendation to the Board to re-appoint the external auditor at the 2022 and 2023 annual general meetings;
- Review of the effectiveness of the internal audit function of the Company;
- Review of the 2023 internal audit plan;
- Review of the findings in the internal control reports;
- Review of reporting mechanism for employees to raise concerns about possible improprieties in financial reporting, internal control or other matters related to the Company;
- Review of the continuing connected transaction of the Company;
- Review of its terms of reference; and
- Meetings with the external auditor, in the absence of Executive Directors and management.

### **Nomination Committee**

#### Composition

The Nomination Committee was set up in 2012 and currently comprises five members, namely Mr. Zen Wei Pao, William (Chairman of the Nomination Committee), Dr. Wong Che Ming, Steve, Mr. Wan Siu Kau, Samuel, Mr. Wong Man Chung, Francis and Mr. Zen Wei Peu, Derek. Except for Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek, being Executive Directors, all other members are Independent Non-executive Directors.

#### **Role and Function**

The Nomination Committee was established to ensure that there are deliberative, considered and transparent procedures for the appointment of the Directors. The duties of this Committee include reviewing the structure, size and composition (including but not limited to gender, age, cultural background, educational background, skills, knowledge, professional experience and/or length of service) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy, identifying individuals suitably qualified to become members of the Board and selecting, or making recommendations to the Board on the selection of individuals nominated for directorships based on merit against objective criteria and with due regard for the benefits of diversity on the Board.

Recognising the other demands placed on Directors, the Nomination Committee has reviewed the capacity of each Director to carry out their duties, and is satisfied with their level, effectiveness and contributions.

#### Summary of Work Done

The following is a summary of the work performed by the Nomination Committee during the year ended 31st December, 2022 and up to the date of this report:

- Review of the structure, size and composition (including but not limited to gender, age, cultural background, educational background, skills, knowledge, professional experience and/or length of service) of the Board;
- Review of its constitution and terms of reference;
- Assessment of the independence of the Independent Non-executive Directors;
- Review of the Nomination Policy and the Board Diversity Policy (collectively the "Policies");
- Review of the measurable objectives for implementing the Policies; and
- Determination of the rotation of the Directors for the annual general meeting to be held in May 2023.

#### Nomination Policy

The Company has a Nomination Policy for the nomination of Directors. The policy aims to set out the approach to guide the Nomination Committee in relation to the identification and selection of individuals suitably qualified to become Directors and the making of recommendation to the Board on the individuals nominated for directorships and the re-election of Directors.

### Nomination Committee (Cont'd)

#### **Nomination Procedures**

Appointments of new Directors are first considered by the Nomination Committee. In considering the appointment of a Director, the Committee applies criteria such as relevant experience, professional and educational background, reputation for integrity and independence as well as the diversity on the Board as mentioned in the Board Diversity Policy, including but not limited to gender, age, cultural background, educational background, professional experience, skills, knowledge and length of service.

For the retiring Directors to be re-elected at annual general meeting, other than the consideration of selection criteria and the diversity on the Board mentioned above, the Committee will evaluate their overall contribution and service to the Company.

The recommendations of this Committee are then put to the Board for consideration and approval. Thereafter, any Director appointed by the Board is subject to re-election at the general meeting after his/her appointment. During the year, there was no addition to the Board.

#### **Remuneration Committee**

#### Composition

The Remuneration Committee was formed in 2005 and currently comprises five members, namely Mr. Wan Siu Kau, Samuel (Chairman of the Remuneration Committee), Dr. Wong Che Ming, Steve, Mr. Wong Man Chung, Francis, Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek. Except for Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek, being Executive Directors, all other members are Independent Non-executive Directors.

#### **Role and Function**

The Remuneration Committee has been established to ensure that there are formal and transparent procedures to assist the Board in determining the remuneration policy of the Company and structuring the remuneration of all Executive Directors and senior management. This Committee is responsible for making recommendation to the Board on the Company's policy and structuring for all Executive Directors' and senior management's remuneration proposal with reference to the Board's corporate goals and objectives. It also determines, with delegated responsibility, remuneration packages of individual Executive Directors and senior management, and makes recommendations on remuneration of Non-executive Directors (including Independent Non-executive Directors). The Remuneration Committee is also responsible for reviewing and/or approving matters relating to share schemes in accordance with the Listing Rules.

## **Remuneration Committee (Cont'd)**

#### Summary of Work Done

The following is a summary of the work performed by the Remuneration Committee during the year ended 31st December, 2022 and up to the date of this report:

- Review and approval of the Company's remuneration policy for 2022 and 2023;
- Approval of year end bonus of Executive Directors for 2021 and 2022;
- Approval of emoluments of Executive Directors (where Mr. Zen Wei Pao, William and Mr. Zen Wei Peu, Derek abstained from voting in determining their own remuneration) and senior management;
- Approval of 2022 and 2023 salary adjustment;
- Recommendations on remuneration of Non-executive Directors (including Independent Non-executive Directors); and
- Review of its terms of reference.

#### Remuneration policy

The Competitive remuneration packages of Executive Directors and senior management are structured to commensurate with individual responsibilities, qualification, experience and performance. In addition, discretionary bonuses may be paid depending upon the financial performance of the Group as well as the performance of the individual. No individual determines his/her own remuneration.

The remuneration of a Director is determined with reference to his/her duties and responsibilities with the Company and the prevailing market situation. Details of the emoluments of Directors for the year ended 31st December, 2022 are set out in note 11 to the consolidated financial statements of this annual report. The emoluments paid to senior management for the year ended 31st December, 2022 were within the following bands:

	Number of Senior Management
Up to HK\$2,000,000	4
HK\$2,000,001 to HK\$3,000,000	2
HK\$3,000,001 to HK\$4,000,000	1
HK\$4,000,001 to HK\$5,000,000	3
HK\$5,000,001 to HK\$6,000,000	4
HK\$6,000,001 to HK\$7,000,000	2
HK\$7,000,001 to HK\$8,000,000	3

## **DIRECTORS' SECURITIES TRANSACTIONS**

The Company has adopted the Model Code set out in Appendix 10 of the Listing Rules as its own code of conduct regarding Directors' Securities Transactions. All Directors have confirmed, following specific enquiry, that they have complied with the Model Code throughout the year ended 31st December, 2022.

The Company has also adopted a code of conduct governing securities transactions by employees who are likely to be in possession of unpublished inside information in relation to the Group.

Formal notifications are sent by the Company to all Directors and relevant employees reminding them that they should not deal in the securities of the Company during the "black out period" specified in the Model Code.

## DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities, with the support from the Finance and Accounting Department, to prepare the consolidated financial statements of the Group in accordance with statutory requirements and applicable accounting standards. The Directors, having made appropriate enquiries, are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as a going concern. Accordingly, the Directors have prepared the consolidated financial statements on a going concern basis.

The Directors are aware of the requirements under the applicable Listing Rules and statutory regulations with regard to the timely and proper disclosure of inside information, announcements and financial disclosures and authorizes their publication as and when required.

## **EXTERNAL AUDITOR'S REMUNERATION AND REPORTING RESPONSIBILITIES**

Messrs. Deloitte Touche Tohmatsu has been re-appointed as the Company's external auditor at the annual general meeting of 2022 until the conclusion of the next annual general meeting.

The fees paid/payable to external auditor for audit and non-audit services for the year ended 31st December, 2022 are as follows:

	Fee paid/
Type of services	payable
	HK\$
Audit	4,132,000
Non-audit services	
Interim review	1,230,000
Other services (note)	3,739,000
Total	9,101,000

Note: Other services comprise of special review on the financial information in the circular for the major transaction and tax compliance services.

The statement of the Company's external auditor, Messrs. Deloitte Touche Tohmatsu, regarding its reporting responsibilities is set out in the Independent Auditor's Report on pages 78 to 83 forming part of this annual report.

## **RISK MANAGEMENT AND INTERNAL CONTROL**

The Board has the responsibility to maintain sound and effective risk management including material risks relating to ESG and internal control systems to safeguard the Company's assets and shareholders' interest.

The Company's enterprise risk management system is based on the Committee of Sponsoring Organizations of the Treadway Commission's "Internal Control – Integrated Framework" as revised in 2013 (the "Framework"). The Framework features 17 principles across the 5 components, all of which must be present, functioning and operating in an integrated manner in order to effectively reduce risk to an acceptable level. The Framework requires judgement in designing, implementing and conducting internal control, and in assessing its effectiveness. There is no one-size-fits-all approach in designing a risk management and internal control system.

The Company's risk management and internal control assessment is carried out at least once per year. The Internal Audit team will work with the responsible line management together to review their responsible operations. All major changes will be followed up and highlighted in the final report.

One key component of the Framework featured in the report is risk assessment, including fraud. risk assessment will be conducted by both the responsible line management and Internal Audit team. The major risks will be identified and classified into 9-box matrix by their impact ranging from severe/critical to limited/minor, and probability from low to high. How to manage the risks and their latest status will be followed up and documented for future reference.

The internal control system comprises a well-defined organizational structure and comprehensive policies and standards. Responsibilities of each business and operational unit are clearly defined to ensure effective authority delegation and proper segregation of duties.

## **RISK MANAGEMENT AND INTERNAL CONTROL (Cont'd)**

Firstly, the Internal Audit team tailors the individual assessment based on previous results. Secondly, the responsible line management for each major unit should take this opportunity to review how to control the operation and how to deal with the major risks. Thirdly, the Internal Audit team will analyze and clarify the information gathered with the responsible line management, if necessary, walk-through exercises and substantive tests may be conducted. Finally, the results of assessment will be prepared and distributed to all Executive Directors, Audit Committee, and External Auditor, for their information.

The Audit Committee, which was delegated by the Board, has reviewed and evaluated, via the Internal Audit team, the effectiveness of the Group's risk management including ESG risks and internal control systems put in place by management covering all material controls, including financial, operational and compliance controls as well as risk management functions of the Company and its subsidiaries for the year ended 31st December, 2022.

Management confirmed that the risk management and internal control systems of the Company and its subsidiaries was effective and adequate. The Company will continue to maintain the adequacy of resources for these key function in the future.

During the year, the Internal Audit team conducts systematic reviews of the Group's risk management and internal control systems by using a risk-based audit approach and reviews the effectiveness of the Group's systems of risk management and internal control in order to provide reasonable, but not absolute, assurance of the effectiveness of the systems. The Internal Audit team had carried out its mission by:

- identifying and prioritizing potential business risks;
- performing risk-based audits;
- evaluating effectiveness and compliance with internal policies and procedures;
- analyzing causes for errors and irregularities found;
- recommending good internal controls to prevent unintentional mistakes, discourage fraudulent acts, and promote operational efficiency and ethical standards;
- performing follow up procedures on corrective actions;
- appraising the soundness and adequacy of various departments' ongoing maintenance of internal controls;
- providing consulting and advisory services on control and related matters;
- conducting independent investigation of situations raised by whistleblowers, if any; and
- maintaining open communication with the Chairman, Audit Committee and auditee management, and External Auditor.

## **RISK MANAGEMENT AND INTERNAL CONTROL (Cont'd)**

The risk management and internal control review is carried out by both Internal Audit team, who are all well qualified and experienced professional, and the responsible line management, who are experienced and familiar with their responsible operations. Such systematic and joint-effort approach will be fine-tuned every year to ensure the best results can be reached. In addition to the yearly risk management and internal control being done, the ad hoc tasks will be arranged to address certain concerns separately, whenever necessary. In 2022, there was no situation being raised by whistleblowers.

The Internal Audit team reports directly to the Audit Committee and has free access to review all aspects of the Group's activities and controlling systems. The Internal Audit team reports audit findings together with recommendations to the Audit Committee on a timely basis upon completion of the relevant audit review. All critical audit findings and control weaknesses are summarized and presented to the annual general meeting Committee on a semi-annual basis, which in turn reports to the Board.

## **CONSTITUTIONAL DOCUMENTS**

The Company's Bye-laws was amended and adopted by the shareholders at the 2021 annual general meeting. The Company has not made any change to its constitutional documents in 2022. In view of certain amendments to the Listing Rules and the applicable laws of Bermuda, a special resolution approving the adoption of new bye-laws of the Company is proposed to be passed by the shareholders of the Company at the 2023 annual general meeting to be held in May 2023.

## SHAREHOLDERS' RIGHTS

The Board and management shall ensure shareholders' rights and all shareholders are treated equitably and fairly. Pursuant to the Bye-laws, any shareholder entitled to attend and vote at a general meeting of the Company is entitled to appoint another person as his/her proxy to attend and vote instead of him/her. Shareholders holding not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall have the right, by written requisition to the Board, to require a special general meeting to be called by the Board for the transaction of any business specified in such requisition. In addition, shareholders holding not less than one-twentieth of the total voting rights or not less than 100 shareholders may submit a written request to the Company stating the resolution intended to be proceeded at the annual general meeting.

Any vote of shareholders at a general meeting must be taken by poll (other than procedural matters). Voting results are posted on the websites of the Company and the Stock Exchange on the day of the general meeting.

Detailed procedures for the shareholders to convene a special general meeting, putting forward proposals at a general meeting and proposing a person for election as a Director are also available on the website of the Company.

## **COMMUNICATION WITH SHAREHOLDERS**

The Company is committed to maintain effective communications with the shareholders and investors. To this end, the Company maintains an open dialogue with the shareholders and investors through the Company's financial reports, press releases and general meetings that may be convened, as well as making available all the disclosures submitted to the Stock Exchange to provide regular and timely public disclosures on the Company's operating performance and corporate developments.

The Board has established a shareholders' communication policy setting out various channels of communication, with the objective of enabling the shareholders to assess the Company's overall performance, exercise their rights in an informed manner and engage actively with the Company.

The Company regards its shareholders' meeting as an important means of communication with the shareholders in which the shareholders will be able to have an open dialogue with the Board. The Board members, in particular, the chairmen of the Board Committees and appropriate management executives are available to answer questions of the Group's business at the annual general meetings. External auditor also attends the Company's annual general meetings and addresses queries from the shareholders relating to the conduct of the audit and the preparation and content of its auditor's report.

Apart from holding shareholders' meeting in hybrid format and implementing e-voting in 2022 annual general meeting, the Company also endeavours to maintain effective communication with all shareholders through other channels such as publication of annual and interim reports, announcements and circulars so as to provide extensive information on the Group's activities, business strategies and developments, and financial position. Such information is also available on the websites of the Company and the Stock Exchange.

Shareholders are also provided with contact details of the Company, such as telephone hotline, fax number, email address and postal address, to enable them to make any queries or comments on the Company at any time.

The Board has reviewed the implementation and effectiveness of the shareholders' communication policy during the year ended 31st December, 2022. As there are various channels of communication available for the shareholders, the Board considered that the shareholders' communication policy was effective.

# **DIVIDEND POLICY**

The Company has adopted a Dividend Policy. It aims to provide shareholders with stable and sustainable returns.

In proposing any dividend payout, the Board shall take into account, inter alia, the Group's financial condition, working capital requirements and future expansion plans, actual operations and liquidity position, the Company's retained earnings, distributable reserves and cash flow situation, general economic condition and other factors that the Board considers appropriate.

## **MESSAGE FROM THE CHAIRMAN**

Dear shareholders,

On behalf of the board of directors ("Board") of Wai Kee Holdings Limited ("Wai Kee"), I am pleased to present our seventh Environmental, Social and Governance ("ESG") Report which covers our sustainability performance from 1st January, 2022 to 31st December, 2022.

As quarrying and the production of construction materials are Wai Kee's major businesses, Wai Kee recognises both the environmental and social impacts of our operations. Consequently, we have firmly embedded ESG concerns and sustainability principles in the management and operations of our business. Our commitment to sustainable development includes:

- 1. Enhancement and promotion of environmental protection in Wai Kee's operations by implementing environmental protection measures and practices by conforming to an Environmental Management System ("EMS");
- 2. Provision of a safe and healthy workplace for our employees and the offer of fulfilling career pathways through structured training and learning programmes; and
- 3. Fostering strong long-term relationships with the communities in which we conduct our business.

Our Sustainability Working Group has identified key ESG management improvement opportunities towards Wai Kee's long-term sustainable operations. The group collaborates with departments across the company, including administration and human resources, the company secretarial department, construction materials and quarrying, finance and accounts, information technology and internal auditing. While the Board has overall responsibility for Wai Kee's ESG reporting and decision making, our management team is responsible for monitoring and managing ESG-related issues, risks, and the efficacy of our ESG management systems.

Stakeholders play a very important role in prioritising Wai Kee's material ESG topics. During the reporting period, we leveraged the findings and progress from the 2020 stakeholder engagement that we conducted to better understand their expectations and needs in terms of ESG practices. Based on the feedback we received, Wai Kee prioritised and identified a set of material ESG-related issues that enhance our ESG management.

The Board regularly reviews progress around these material topics as we continue to improve our overall ESG performance.

On behalf of the Board, I would like to express my appreciation and gratitude to the entire Wai Kee team for their efforts delivering on our sustainability commitments in 2022, while striving to help make Wai Kee a more responsible business.

### William Zen Wei Pao

Chairman

21st March, 2023

# **ABOUT THIS REPORT**

This report provides an overview of the Company, our stakeholder engagement, and our management approach to the material issues that impact our business, employees, customers, and value chain partners.

Our ESG Report and Annual Report cover operations within Wai Kee, however the property development and toll road operated by Road King Infrastructure Limited, and construction businesses operated by Build King Holdings Limited are outside its scope.

This report was developed in alignment and compliance with the Hong Kong Stock Exchange ("HKEx") Appendix 27 of the Main Board Listing Rules ("HKEx ESG Guide"). A summary of our key performance data is shared under the heading of "PERFORMANCE DATA SUMMARY 2022". The content indices are included under the heading of "HKEX CONTENT INDEX" at the end of the report as a tool to help readers more easily locate relevant information across it and to demonstrate compliance with the HKEx ESG Guide.

#### Stakeholder Engagement

In 2020, Wai Kee conducted a comprehensive Stakeholder Engagement involving 49 participants, of whom 19 were internal and 30 were external. Participants included key groups for the business: employees, customers, consultants, suppliers, advisers, government departments and bankers. As a result of this engagement, three top sustainability priorities emerged as possible areas of focus for the Company:

- (1) Health and Safety
- (2) Anti-Corruption
- (3) Waste Management

In 2022, Wai Kee continued to focus on and make progress across these priorities by leveraging the results of the 2020 Stakeholder Engagement. Our continued response to the novel coronavirus ("COVID-19") pandemic is highlighted under the "Health and Safety" section of this report.

We encourage you to refer to the 2020 ESG Report for more information on the process, goals, and participants.

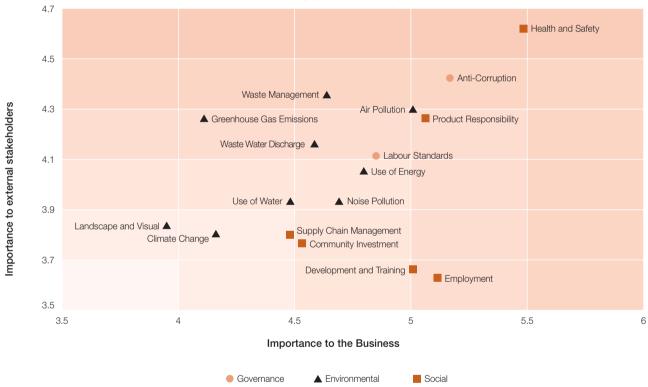

# **ABOUT THIS REPORT (Cont'd)**

## **Material ESG Topics**

Our 2020 Materiality Assessment processed 17 ESG issues from a 6-point scale.

In 2022, Wai Kee continued to focus on and progress in these material topics by leveraging the results of the 2020 Materiality Assessment. For more information on the process, please refer to the 2020 Annual Report (Environmental, Social, and Governance Report, P. 54).

Each of these ESG topics are further discussed at length in the body of this report. Each section covers definition, progress, initiatives, and/or metrics.

#### Stakeholder Engagement Materiality Matrix

## **ENVIRONMENTAL**

Wai Kee aims to efficiently use finite resources and minimise the environmental impact of our operations. Consequently, we are constantly seeking ways to improve our environmental performance, especially the usage of fuel, electricity, and water in the production of our construction materials such as concrete, aggregates and asphalt. We regularly monitor our resource management performance through analysis of consumption and waste. Where highly unusual activities are identified, remedial measures are then immediately identified and implemented.

At a minimum, we operate under licenses and regulations issued by Hong Kong's Environmental Protection Department ("EPD"). However, our efforts go beyond regulatory requirements; our *Environmental Policies*<sup>1</sup>, implemented in 2011, outlined our approach to minimising impact and highlighted all relevant contractual obligations and statutory requirements, in collaboration with key stakeholders.

Wai Kee encourages its employees to apply resource-saving considerations in their day-to-day work. We ensure that every employee is appraised of and takes an active role in complying with all relevant environmental legislation. Through the provision of information, training, and resources in sustainable development, this includes, but is not limited to laws and regulations for air pollution, water pollution, noise control and waste disposal. These policies are also displayed on bulletin boards in our office and site office and details are outlined in staff training sessions.

We further monitor our impact on the environment through EMS which meets ISO 14001:2015 requirements<sup>2</sup>. Wherever possible, we identify and address any significant environmental aspects that we can quickly and effectively influence. Significant risks are assessed and reviewed to ensure that we respond to them promptly, with appropriate mitigating actions.

The following section elaborates on Wai Kee's approach and performance on various environmental disclosures including waste management, air pollution, use of water and wastewater discharge, greenhouse gas emissions, use of energy, noise pollution, landscaping and visual and climate change.

Wai Kee ensures compliance with Hong Kong environmental laws and ordinances such as:

- Air Pollution Control Ordinance (Cap.311 of the Laws of Hong Kong)
- Waste Disposal Ordinance (Cap.354 of the Laws of Hong Kong)
- Water Pollution Control Ordinance (Cap.358 of the Laws of Hong Kong)
- Noise Control Ordinance (Cap.400 of the Laws of Hong Kong)
- Environmental Impact Assessment Ordinance (Cap.499 of the Laws of Hong Kong)
- Motor Vehicle Idling (Fixed Penalty) Ordinance (Cap. 611 of the Laws of Hong Kong)

<sup>&</sup>lt;sup>1</sup> Separate environmental policies have been launched for Faith Oriental Investment Limited (the operator of Lam Tei Quarry), Excel Concrete Limited (the operator of three concrete batching plants at Lam Tei Quarry) and Excel Asphalt Limited (the operator of an asphalt plant at Lam Tei Quarry).

<sup>&</sup>lt;sup>2</sup> Management system certificates have been issued by Fugro Certificate Services Limited for Faith Oriental Investment Limited, Excel Concrete Limited, and Excel Asphalt Limited.

### Waste Management

Wai Kee provides our employees with waste management guidance and instructions to encourage waste reduction and ensure proper disposal. For instance, recyclable materials such as metal, paper, plastic, and milled bituminous materials are sorted on-site and delivered to an appropriate recycling outlet for processing. Waste disposal processes are embedded in pre-existing systems such as the Trip-Ticket System for construction waste. The Trip-Ticket System is a recording system for the orderly disposal by truck of construction waste to relevant disposal facilities. The implementation of the system has ensured a certain level of accountability between the project proponent, the engineer/architect and the contractor. Moreover, it facilitates the recording of waste as it arrives at the landfill or public filling area and also minimises the potential for cross-contamination with other waste which the vehicle operator may otherwise possibly pick-up and route to the disposal facility.

In 2022, we built on progress made in 2021 by continuing to adhere to and monitor our hazardous and non-hazardous waste disposal practices. Hazardous waste is continually segregated through stockpiling, stored at a secure area with clearly labelled containers to avoid contamination and eventually collected by a licensed collector for proper disposal. Wai Kee maintained the same amount of non-hazardous waste (less than a 1% increase) with the similar scale of operations in Lam Tei Quarry. Wastewater and Hazardous waste recorded change compared to 2021 for the reasons below:

- A 19% decrease in Wastewater due to the strengthened recycling of Wastewater.
- Hazardous waste has a two-fold increase because about 3.3 tonnes or 50% of the lubricant waste disposed in 2022 were generated from machine maintenance in late 2020 and 2021, and then disposed of altogether in 2022 for operating efficiency. Handling of waste would be enhanced in 2023 and onwards. Should the amount of waste be normalised at the time generated, the amount of hazardous waste generated in 2022, 2021 and 2020 should be around 3.4 tonnes, 4.4 tonnes and 6.6 tonnes respectively. In fact, 2022 has a reduction of 23% from 2021. More routine checks and frequent maintenance checks and repairs on aging plants and machines would generate more hazardous waste.

Waste	2022	2021	2020	Change from 2021-2022
Wastewater (tonnes)	4,988	6,192	5,342	-19.44%
Hazardous waste (tonnes)	6.7	2.2	5.5	204.55%
Non-hazardous waste (tonnes)	40,384	40,238	40,549	0.36%

### **Air Pollution**

The generation of respirable suspended particles and nitrogen oxides at our production sites, as well as from the transportation of materials during quarrying activities, concrete and asphalt production, is unavoidable in our business operations. Nevertheless, Wai Kee continues to demonstrate that consistent management has been applied for the control of emissions.

### Air Pollution (Cont'd)

In 2022, the total emissions of nitrogen oxides, sulphur oxides and particulate matters increased by 54.67% from 6,415.48 kg in 2021 to 9,923.36 kg in 2022. There were two main reasons attributed to such increment of emissions. Firstly, the production volume of asphalt was doubled in 2022 in comparison with 2021. Secondly, there was a substantial increase in diesel consumption of our mixer truck fleet as there was much longer travelling distances from our Lam Tei production plants to the sites of customers after the cessation of Yau Tong production plant in December 2021. For example, traveling distance for a Cape Collinson Road job increased from 12 km to 49 km, for a Tseung Kwan O job increased from 10 km to 47 km, and for a Kwun Tong job increased from 5 km to 39 km.

				Change from
Types of Emissions	2022	2021	2020	2021-2022
Nitrogen oxides (kg)	9,243.90	5,976.93	6,386.73	54.66%
Sulphur oxides (kg)	11.52	4.42	4.55	160.63%
Particulate matter (kg)	667.94	434.13	462.76	53.86%
Total Emissions (kg)	9,923.36	6,415.48	6,854.04	54.67%

Air pollution is a material topic for Wai Kee and we strive to conduct strict and regular monitoring of exhaust gases generated from our vehicles such as mixer trucks. This means that the concentration of ambient respirable suspended particulates is tested at least once every six days. We also employ external environmental consultants to undertake regular inspections and reports on various environmental aspects of our production site, including air quality. All testing for our plants and machinery, including stationary machinery and non-road mobile machinery, have come in below the Air Pollution Control Ordinance Emission Limits, as stated in the Specified Processes Licenses issued by the EPD.

When it comes to our vehicle fleet, we have given due consideration to the environmental performance of vehicles before purchase and give preference to vehicles that comply with international environmental standards (e.g. the European Emissions Standard). We also perform regular inspection and maintenance of our vehicles.

Our regular efforts to minimise particulate matters at our production site includes managing our construction dust through processes including:

- Installation of dust suppression water sprayers for stockpiles and whenever the plants are in operation;
- Maintenance of excess soil deposits or mud that accumulate along haul roads and inside the plant;
- Hard paving all haul roads which are sprayed at least once every two hours;
- Installation of effective vehicle cleaning facilities to thoroughly wash muddy materials from the vehicle before leaving the site;
- Trucks carrying crushed and screened products are covered with tarpaulin sheets before leaving the premises; and

## Air Pollution (Cont'd)

• Daily use of water tank trucks and street washing vehicles support dust suppression both in public and site areas.

Should any testing indicate an excess in emission limits – a rare occurrence – we perform an inspection, revisit our maintenance procedures then redo the test until the air quality meets acceptable standards.

#### Use of Water and Wastewater Discharge

Wai Kee recognises the critical role of water in its operations as well as our responsibility to ensure that we minimise our impact on the water quality of the communities that we operate in. To promote the preservation of our waterways, we encourage reduced water usage and responsible wastewater discharge across all our operations.

Company-wide water consumption is primarily used for dust suppression and washing facilities, machinery and vehicles. Where there is an excess of water accumulation on-site during the rainy season, we work with a licensed collector to collect it for recycling as outlined below.

In 2022, we saw a decrease in water consumption due to decreased concrete production in Lam Tei Quarry while similar amount of water was used for street washing along Fuk Hang Tsuen Road outside Lam Tei Quarry.

To minimise the amount of sewage that we discharge into the surrounding environment, all washing water is collected, stored, and recycled instead of being directly discharged outside our operations. Regular efforts to limit wastewater discharge include:

- Reducing water consumption and maximising the reuse of surface run-off water within the site
- Recycling and reuse of water used for washing vehicles, cleaning drum mixers, in-wheel washing facilities, and dust suppression activities
- Ensuring that silt and grit deposits are removed regularly from our facilities and
- Operating a water treatment plant to properly settle and filter runoff.

#### **Greenhouse Gas Emissions**

To reduce greenhouse gas ("GHG") emissions created by our operations, we monitor the carbon content of the procured raw materials that we use in production and use alternative by-products where suitable. For example, we use ground granulated blast furnace slag ("GGBS"), an eco-friendly cementitious option. GHG emissions in concrete manufacturing have been significantly reduced as GGBS requires less energy to produce for our concrete production than traditional Portland cement. We produced more than 40,000m<sup>3</sup> of GGBS concrete in 2022 with the estimated reduction of CO<sub>2</sub> emissions 7,784.4 tonnes, compared to around 30,000m<sup>3</sup> of GGBS concrete in 2021 with the estimated reduction of CO<sub>2</sub> emissions 5,838.2 tonnes.

## Greenhouse Gas Emissions (Cont'd)

Compared to traditional Portland cement, the popularity of using GGBS instead is still low today. This will therefore help to keep the reduction of GHG emissions in the future. In 2022, our applications of GGBS concrete covered only civil engineering projects. With our promotion, the application of GGBS concrete will be extended to some building projects in 2023.

A number of our concrete products are certified under the Construction Industry Council carbon labelling scheme, under which the life cycle carbon footprint of a concrete product is measured and benchmarked to help users identify products with a low-carbon profile. Twenty-one of our concrete products achieved the highest rating of Platinum and seven concrete products achieved the second highest rating of Gold, compared to five for Platinum and three for Gold in 2021. To ensure that we continue to comply with regulations and meet our environmental commitments, Wai Kee continues to invest in its employee development: as of 2022, one more Wai Kee staff member completed the Carbon Auditor Training Course (ready-mixed concrete), making a total of six carbon auditors at Wai Kee.

For additional information on Wai Kee's overall GHG emission performance, please refer to the "Use of Energy" section.

#### **Use of Energy**

Wai Kee recognises our responsibility around energy management and the need to minimise our environmental impact across our operations. To promote energy efficiency, we monitor our current and future energy usage trends through our EMS to identify targets and actions that reduce our energy consumption.

One example is the use of energy-efficient machinery such as the Euro 5 standard diesel machinery, while we conduct daily inspections and maintenance of machinery to ensure optimal performance. To promote energy efficiency, daily deliveries are also planned in advance so as to reduce the number of trips required, thereby cutting down both on fuel and vehicle wear and tear.

In 2022, diesel consumption was increased by 75% while electricity consumption was decreased by 4%. Correspondingly, Wai Kee's GHG emission consumption for 2022 had increased by 75% in Scope 1 mainly attributed by diesel factor while there was a decrease of 4% in Scope 2 attributed by electricity factor.

The increase of diesel fuel consumption mainly came from the machinery for asphalt operation in which the production volume was doubled in 2022 against 2021, and the longer travelling distance for our mixer trucks than those of 2021 due to the cessation of operation of Yau Tong site. The decrease of electricity consumption was due to the drop of production volume of quarry and concrete plants.

Total Resources Consumption	2022	2021	2020	Change from 2021-2022
Electricity (kWh)	8,056,393	8,413,663	6,430,246	-4.25%
Diesel (litres)	1,671,443	953,007	1,401,176	75.39%
Petrol (litres)	9,775	10,821	11,718	-9.67%
Water (m <sup>3</sup> )	198,422	209,616	185,244	-5.34%

### Use of Energy (Cont'd)

Greenhouse Gas Emissions	2022	2021	2020	Change from 2021-2022
Total emissions (kgCO2e)	7,399,593	5,644,972	6,086,015	31.08%
Scope 1 (kgCO₂e) Scope 2 (kgCO₂e)	4,418,728 2,980,865	2,531,917 3,113,055	3,706,824 2,379,191	74.52% -4.25%

### **Noise Pollution**

We recognise that our quarrying and production of construction materials generate noise and may be heard by neighbouring communities. To mitigate any noise nuisance during production activities, we have:

- Positioned all noisy activities and machinery as far away as possible from local residents;
- Purchased equipment that generates lower noise;
- Fully enclosed noise sources, such as concrete mixers, conveyors, and a rock crusher; and
- Regularly maintain our plants and machinery to keep them running smoothly.

#### Landscaping and Visual

Operating a quarry often involves removing trees and plant life as digging commences, leading to a loss in biodiversity and an increase in soil erosion around the quarry site. As a legal and contractual requirement to combat this issue – as well as our own ethical position – we deliver landscape rehabilitation that focuses on stabilising the physical condition of eroded or degraded land, mitigating the visual impact of quarry scars and re-establishing ecologically suitable tree cover.

Before making any decision to remove trees at our quarrying and concrete manufacturing site, Wai Kee conducts an environmental impact analysis based on criteria including the existing site condition, legal requirements, proposed designs and construction methods and potential environmental constraints. Based on this analysis, we plant trees, use screening around the production site and reduce light pollution wherever needed.

In 2022, under the direction of an ecologist, we planted 1,181 trees across approximately 1,475 square metres through hydroseeding.

### **Climate Change**

With respect to increasing global concerns about climate change, Wai Kee recognises that climate-related mitigation is a strategically important issue for the quarrying and construction materials industry. Our major operations – quarrying, concrete, and asphalt manufacturing – inevitably involve the consumption of fossil fuels and directly or indirectly generate GHG emissions.

## Climate Change (Cont'd)

These risks are closely monitored and controlled via our EMS where we review and assess our energy consumption performance and identify the ways to reduce both Scope 1 and Scope 2 GHG emissions. To monitor and minimise the carbon content of procured raw materials, we use cement substitutes such as pulverized fly ash and GGBS for concrete production as they consume less energy and possess a lower amount of embedded carbon as compared to traditional products.

Looking ahead, we will continue to explore innovative options and solutions that will help us to adapt and contribute to the mitigation of climate change. We intend to investigate other green and recycled materials and look at conserving energy with technology such as adopting low-temperature binders in asphalt mixing. We are considering migrating to a greener mode of logistics by sourcing and procuring more energy-efficient machines and vehicles, for example, the most eco-friendly mixer trucks and electric mixer trucks.

## SOCIAL

Wai Kee believes that excellent human resources and community engagement practices are the bedrock of sustainable corporate development. As such, we aim to be a great employer, business partner, and community member. By valuing positive communication and mutual trust between employees and the company, as well as with our business partners, suppliers, and the communities in which we operate, we create quality products for our customers. To achieve this, we have prioritised the health and safety of our team – especially during the COVID-19 pandemic – and have done our best to maintain the highest standards of business ethics and operational practices.

Many of our policies and procedures, including our Code of Conduct, Health and Safety Policy, and adherence to quality control standards such as ISO 9001:2015 have helped to ensure that Wai Kee remains an employer of choice and a responsible business.

During the reporting period, we have not been made aware of any non-compliance with any employment, health and safety, child or forced labour, or any product and service quality laws and regulations. Nor have we been made aware of, or identified, any compliance issues regarding business fraud laws and regulations.

### Health and Safety

Wai Kee is committed to providing the highest standards of health and safety working environments for all stakeholders of our operations including employees, subcontractors, customers, and the general public. To ensure a comprehensive and holistic perspective on workplace health and safety, we promote and develop our programme through discussions and consultation with employee and subcontractor representatives at all levels.

To the best of our knowledge, we operate in compliance with relevant local laws and regulations including the Hong Kong Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong), the Factories and Industrial Undertakings Ordinance (Cap. 59 of the Laws of Hong Kong) and Occupiers' Liability Ordinance (Cap. 314 of the Laws of Hong Kong).

As part of our Safety Management System ("SMS"), we provide excellent workplace housekeeping practices, safety equipment, protective measures, welfare facilities, as well as instruction, training, and supervision.

### Health and Safety (Cont'd)

A Site Safety and Environmental Management Committee ("SSEMC"), composed of top management and project leads, has been set up to implement and review SMS measures and related policies.

In compliance with all legal and contractual requirements as well as in-house safety rules, the SSEMC's target is to minimise the number of accidents and incidents while continually improving the company's safety management system.

In 2022, Wai Kee retained a zero-accident record for three years in a row with an accident frequency rate of 0 per 100,000 man-hours worked, against the target rate of 0.21.

Occupational Health and Safety	2022	2021	2020
Work-related injuries	0	0	0
Work-related fatalities	0	0	0
Accident Frequency Rate (per 100,000 man hours)	0	0	0
Accident Frequency Rate (per 1,000 workers)	0	0	0
Lost days due to injury	0	0	0

Wai Kee further implemented and maintained a number of safety control mechanisms in order to effectively monitor, prevent, reduce or remove the risks associated with site work employees and sub-contractors. In addition to the routine site safety inspection conducted by respective site safety personnel, Wai Kee introduced different safety inspection programmes on the corporate level. Wai Kee has therefore worked with Build King to join the Cross Site Safety and Environment Assessment carried out by the Senior Safety and Environment Officers, where safety knowledge and continual improvement of safety performance practices are exchanged.

In recognition of our efforts in 2022, we were delighted to have been awarded the Merit Award from the Joyful @ Healthy Workplace Best Practices Awards (Enterprise/Organisation Category).

#### Response to novel coronavirus pandemic:

The outbreak continued to affect our employees personally and professionally. Two key changes that affected our employees are work-from-home set-up and cross-border travel restrictions.

As work-from-home becomes a "new norm" for both our employees and customers, they have had to navigate new technology for communication and workflow management. While this had an impact on efficiency and productivity, we are proud of our employees who rose to the challenge, learned new skills, and continued to provide the same Wai Kee quality of service.

The stress of a new work environment was compounded by the cross-border travel restriction. It not only isolated some of our operations geographically, but it also isolated our employees from their extended families who could have been a source of comfort during stressful times.

### Health and Safety (Cont'd)

#### Response to novel coronavirus pandemic: (Cont'd)

The highly transmissible Omicron variant has ravaged the whole world. In early February 2022, Hong Kong also suffered the fifth wave of epidemic. Building on safety measures developed in 2020 and 2021 to manage the outbreak of COVID-19, in 2022 Wai Kee again followed all guidelines and directives announced by the government as its base guidelines, while also adding its own operation-specific safety measures.

Throughout 2022, we focused on employee health and safety, helping our entire team to adapt to the "new normal". Precautionary measures taken by the company have included:

- All employees and visitors were required to undergo a check temperature upon entry to our premises. If any person had a fever or respiratory symptoms, entry would be refused and they were advised to seek medical attention;
- All employees were required to wear face masks; where employees needed a mask, Wai Kee provided N95 masks;
- We provided alcohol-based sanitisers to all employees;
- 1:99 diluted bleach was used for daily cleaning and disinfection;
- We hired professional office cleaners for disinfection and sterilisation every three months;
- We installed an intelligent disinfection station at the manufacturing plant which provides full-body coverage by killing virus and germs using a sanitising spray;
- We implemented appropriate measures to monitor the possibility of infection and provided funding for COVID-19 testing whenever needed;
- We encouraged staff to take the COVID-19 vaccination and granted vaccination leave for those staff taking it. Consequently, the percentage of vaccinated third dose was 90.08% and fourth dose was 19.08%;
- All staff who had not received their first dose of a vaccine were required to undergo COVID-19 nucleic acid tests every week;
- We provided COVID-19 Rapid Antigen Test Kits to staff to test at home before going to work to identify potential cases in order to protect the health and safety of all staff;
- When a confirmed or preliminary confirmed case was found among office and site staff, we arranged professional cleaners to clean and disinfect all potentially contaminated surfaces and items thoroughly according to infection control guidelines immediately; and
- In order to improve the protection of all staff, we requested the staff who had completed the isolation procedure requested by the Government to obtain negative nucleic acid test result before returning to workplace.

## Health and Safety (Cont'd)

#### Response to novel coronavirus pandemic: (Cont'd)

One of the most significant operational shifts for our employees was the adoption of virtual meetings to minimise contact and thereby help to prevent the spread of the virus. To support the efficacy and efficiency of online meetings, training and guidance were also provided to employees as they adjusted to a new virtual etiquette.

To help our team adapt to the new normal, we also:

- Reviewed, updated, and modified our crisis management plans as appropriate and ensured that employees complied with any changes implemented during the pandemic; and
- Continued to follow the recommendations of the Construction Industry Council and the Hong Kong Construction Association to implement compulsory testing measures.

#### **Anti-Corruption**

Wai Kee believes that compliance and integrity start with everyone, a belief that we reinforce among our employees by providing relevant tools, resources and training that ensure everyone acts responsibly. We uphold a high standard of business ethics and prohibit any form of bribery or corrupt practices within the company. Our Code of Conduct requires us to demonstrate consistency between our words and actions by adhering to the standards and policies set out by the company.

Wai Kee has a zero-tolerance approach to corruption, bribery, extortion, money-laundering, and any other kind of business fraud. One example is our policy that addresses gifts or money offered from suppliers or customers. Employees must declare the offering and receipt of gifts or bribes from other parties, including Lai-sees and festival gifts offered during holidays.

Additionally, employees are restricted from conducting business activities that directly compete with the operations of the company, while employees are requested to report any potential conflicts of interest throughout the year.

We have also implemented internal whistle-blowing procedures and a whistle-blowing channel for the reporting of any violation(s).

All employees, including senior leadership, have received e-integrity training to enhance their ethical awareness and knowledge on the anti-corruption laws and best practices as set out by Wai Kee. In 2022, no legal cases regarding corrupt practices or violations of the Prevention of Bribery Ordinance (Cap. 201 of the Laws of Hong Kong) were brought against Wai Kee or its employees.

### **Product Responsibility**

#### Products and Services Quality Assurance

Wai Kee recognises that customer satisfaction and support are essential for our growth and profitability. As we are committed to providing products and services that consistently meet customer requirements, we have adopted several international standards on quality control practices. One example, a certification on ISO9001:2015 – Quality Management Systems for manufacturing construction materials and quarrying processes, focuses on:

- Design, production and supply of ready-mixed concrete;
- Design, production and supply of bituminous materials;
- Provision of road paving services; and
- Stone quarry for construction, production and supply of aggregate.

In addition, we have also acquired product certificates for:

- Quality Scheme for the Production and Supply of Concrete (QSPSC) 2014 and
- Quality Scheme for the Production and Supply of Aggregates for Concrete (QSPS-AC).

Our cement adheres to the British Standard (BS) EN 197-1, (Type CEM I), our pulverized-fuel ash adheres to BS3892: Part 1:1997 and the General Specification for Civil Engineering Works, while our GGBS adheres to BS EN 15167-1 and the General Specification for Civil Engineering Works.

Furthermore, we have set out product quality-related targets across our operations which are overseen by quality control personnel. These personnel regularly review the effectiveness of our quality management systems and seek customer feedback, including through annual customer satisfaction surveys of a representative sample of customers. They also attend to customer complaints, so that we can respond with timely and appropriate measures that also help us to improve our services.

### Data Privacy

Wai Kee values the confidentiality of personal and sensitive commercial data. In addition to compliance with the Personal Data (Privacy) Ordinance, we also implement internal control measures to preserve the confidentiality of our operational data, including information regarding our suppliers, business partners, customers, and ourselves. Our Code of Conduct and our terms of employment outline our requirements for strict adherence to the Company's data privacy and confidentiality policies.

For 2022, there were no substantiated complaints concerning breaches of data privacy or losses of data during the reporting period.

### Labour Standards

Wai Kee has a stringent and strict set of policies to safeguard its workforce against child and forced labour practices. Through the use of established processes and control checkpoints, our Human Resources Team is vigilant in ensuring that our operations comply with all labour laws and regulations. Given our internal processes and the nature of our business, the potential for forced or child labour in our operations is extremely low. Regardless, we strictly prohibit any child or forced labour and comply with all applicable local laws and regulations. This is similarly applied to relevant laws for youth employment or student work, such as internships.

We adhere to the guidance of and remain in compliance with the Employment of Children Regulations under the Hong Kong Employment Ordinance (Cap. 57 of the Laws of Hong Kong), Crimes Ordinance (Cap. 200 of the Laws of Hong Kong) and Immigration Ordinance (Cap. 115 of the Laws of Hong Kong).

Wai Kee expects its business partners to uphold similar standards.

#### Anti-Child Labour

Control mechanisms are embedded in our hiring procedures whereby applicants are required to submit valid identification issued by an official authority to verify their age before starting employment. A copy of the identification is kept on file for all employees during the entire period of employment.

To ensure the safety of young workers employed under youth employment or student work, they will not be:

- Placed under work conditions where they are required to perform physically strenuous work or work that involves hazardous waste;
- Perform any work that is dangerous, jeopardises their mental or psychological well-being, impairs their intellectual, moral, and social development; and
- Allowed to work overtime or on night shift.

Where any instance of child labour is discovered, Wai Kee will take measures to ensure the child ceases work immediately and the child is provided appropriate compensation for the loss of employment.

#### Anti-Forced Labour

Wai Kee believes that freedom of workers must not be restricted and must always be protected. If employees are forced to work under threat of penalty, employees can report the issue to the personnel department or the management. In response, Wai Kee will take appropriate disciplinary actions.

Wai Kee strictly prohibits the use of forced labour and expects the same of its business partners. Any violation discovered among our business partners will result in the termination of the business relationship.

## **Supply Chain Management**

Wai Kee believes that an effective supply chain involves ensuring sound and ethical business practices and creating inclusive relationships with our suppliers and business partners. We believe it is important for us to work with suppliers and partners who share our values. We would not be the business we are today without their continued loyalty and collaborative spirit.

As suppliers have a direct impact on our own sustainability performance, we have incorporated responsible procurement and supplier relations practices in our procurement activities. Our supplier selection process considers the environmental and social performance of suppliers, such as their choice of raw materials, use of natural resources, product health and safety, employment practices and occupational safety measures. We also monitor their performance periodically and encourage our suppliers and contractors to implement environmental and social measures as best they can.

Additionally, where the option is available, we support the local economy by purchasing products and services locally, as much as possible. In 2022, our supply chain network included 294 local suppliers and 15 suppliers outside Hong Kong. This means that 95% of our vendors are local suppliers.

#### **Community Investment**

Wai Kee cares for our community and we believe that strong relationships with communities in Lam Tei and the other areas in which we operate are indispensable to our success. Over the years, we have developed close ties with local community groups through our Liaison Committees. Regular meetings are held to discuss the impact that our activities may have on the neighbourhood. Where concerning issues are identified and surfaced, they are promptly resolved, often to the mutual satisfaction of Wai Kee and the community.

To amplify our impact, we also encourage our employees to participate in these meaningful community events.

In 2022, the company and its employees participated in the following socially-distanced events:

- Walk for Millions
- Skip Lunch Day
- Mooncakes for Charity
- Corporate and Employee Contribution Programme
- Dress Casual Day
- Love Teeth Day
- "Red Twinkle Star" Campaign

In 2022, Wai Kee donated HK\$155,200. In recognition of our efforts in 2022, we were delighted to have been awarded the Bronze Award for Corporate and Employee Contribution Program 2021/2022.

## **Development and Training**

Wai Kee encourages personal and professional development through structured training and development programmes. A wide range of training formats are available for all our employees including workshops, talks, seminars, peer learning, and on-the-job coaching.

While the pandemic accelerated a shift in Wai Kee's training format towards virtual training, Wai Kee's philosophy on training and facilitation retains the same core values whether in-person or in an online session: we believe that authentic and transparent coaching promotes open, two-way conversations between the employee and their supervisors regarding their development plans. As a result, Wai Kee employees offered an average of 6.25 hours of training to each employee in 2022, an 11% increase from 2021 where average training per employee was at 5.65 hours, despite the global pandemic.

In 2022, we remained committed to maximising our employees' potential and enhancing their capabilities by continuing to subsidise and authorise education leave to support appropriate external professional training.

	2022	2021	2020

## **Employment Practices and Equal Opportunity**

Our employees are key to Wai Kee's success. Through our compliance with company and labour policies, we strive to create an appropriate work-life balance while ensuring that all employees have a psychologically and physically safe work environment.

We aim to create a harmonious working environment for all employees by:

- Providing competitive remuneration packages that are commensurate with individual responsibilities, qualifications, experience, and performance;
- Engaging in meritocratic hiring practices to provide equal opportunities across diversity segments such as age, sex, nationality, disability and religion;
- Adhering to fair human resource policies and practices regarding compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity hiring, diversity, anti-discrimination and other employee welfare; and
- Strictly implementing a no discrimination policy. All employees are encouraged to report any witnessed or suspected discriminatory practices to management.

## **PERFORMANCE DATA SUMMARY 2022**

Environment	2022	2021	2020
Total Resources Consumption			
Electricity (kWh)	8,056,393	8,413,663	6,430,246
Diesel (litres)	1,671,443	953,007	1,401,176

#### TO THE SHAREHOLDERS OF WAI KEE HOLDINGS LIMITED

(incorporated in Bermuda with limited liability)

#### **OPINION**

We have audited the consolidated financial statements of Wai Kee Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 84 to 202, which comprise the consolidated statement of financial position as at 31st December, 2022, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31st December, 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Key audit matter

#### How our audit addressed the key audit matter

#### Revenue recognition from construction contracts

We identified the revenue recognition from construction contracts as a key audit matter due to the significance of the amount to the consolidated financial statements as a whole and estimation uncertainty involved.

As set out in note 4 to the consolidated financial statements, most construction contracts take several years to complete and the scope of work may change during the construction period. Management estimates the contract sum and budgeted costs at the commencement of the construction contracts and regularly assesses the progress of construction works as well as the financial impact of scope changes, claims, disputes and liquidation damages. The management measures the value of completed construction work based on output method, which is to recognise revenue on the basis of direct measurement of the value of construction work transferred to the customer to date relative to the remaining construction works promised to be completed under the construction contract. The Group regularly reviews and revises the estimation of contract sum prepared for each construction contract as the contract progresses based on internal construction progress reports and certificates issued by the independent quantity surveyors.

As disclosed in note 5 to the consolidated financial statements, the revenue recognised from construction contracts was HK\$12,183,180,000, which represents 96.5% of total revenue of the Group for the year ended 31st December, 2022.

Our procedures in relation to the recognition of revenue from construction contracts included:

- Obtaining an understanding on relevant internal controls in place on preparation of internal construction progress reports and revenue recognition from construction contracts;
- Reviewing Group's latest internal construction progress reports and assessing management's key estimates on preparation of internal construction progress reports;
- Comparing internal construction progress reports with the latest certificates issued by independent quantity surveyors and reviewing supporting documents for any reconciling item, on a sample basis; and
- Interviewing the project managers for the progress of construction contracts, on a sample basis.

#### **KEY AUDIT MATTERS (Cont'd)**

#### Key audit matter

How our audit addressed the key audit matter

### Recoverability of trade receivables and contract assets

We identified the expected credit loss ("ECL") of trade receivables and contract assets as a key audit matter due to the significance of the balances to the consolidated financial statements as a whole, combined with the significant degree of estimations by the management of the Group in estimation of ECL of trade receivables and contract assets which may affect their carrying values.

As disclosed in note 4 to the consolidated financial statements, the management estimates the amount of lifetime ECL of trade receivables with significant balances and contract assets individually based on the historical default rates, past-due status and financial capability of individual debtor and the forward-looking information. For the remaining balances of trade receivables, the Group's management estimates the amount of lifetime ECL on a collective basis, grouped by internal credit rating. The estimation is based on the Group's historical loss rates taking into consideration of forward-looking information.

As disclosed in notes 29 and 30 to the consolidated financial statements, trade receivables (after allowance for credit losses) and contract assets of the Group carried at HK\$456,134,000 and HK\$2,949,620,000, respectively, which represent 2.6% and 16.8% of the Group's total assets, respectively, as at 31st December, 2022.

Our procedures in relation to the recoverability of trade receivables and contract assets included:

- Obtaining an understanding of how the management estimates the amount of lifetime ECL of trade receivables and contract assets individually and on a collective basis;
- Obtaining aged analysis of trade receivables and contract assets and testing the accuracy of information used by the management by comparing individual items in the analysis with relevant supporting documents, on a sample basis;
- Discussing with the project managers for their evaluation of the impact of disputes with customers and unforeseen delay of construction projects, if any, on the credit risk of trade receivables and contract assets and checking to relevant correspondences and documents to assess the reasonableness of project managers' evaluation, on a sample basis; and
- For trade receivables assessed on a collective basis which grouped by internal credit rating, checking the appropriateness of classification on a sample basis and assessing the reasonableness of the loss rate taking into consideration of historical loss rates and forward-looking information.

#### **OTHER INFORMATION**

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Cont'd)

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Cont'd)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Keung To Wai, David.

#### Notes:

(a) The special reserve represents the difference between the nominal value of the shares of the acquired subsidiaries and the nominal value of the Company's shares issued for the acquisition at the time of the group reorganisation in 1992.

(b) The other reserve represents (i) the difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received which is recognised directly in equity and attributed to owners of the Company regarding the changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries; (ii) the share of other reserve of an associate of the Group; (iii) the hedging reserve; and (iv) the capital contribution paid on behalf of the non-controlling interests.

#### 1. GENERAL INFORMATION

The Company was incorporated in Bermuda as an exempted company with limited liability and its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The addresses of the registered office and principal place of business of the Company are disclosed in the section headed "Corporate Information" to the annual report.

The Company acts as an investment holding company. The principal activities of its principal subsidiaries, principal associates and joint ventures are set out in notes 56, 21 and 23 respectively.

The consolidated financial statements are presented in Hong Kong dollar, which is the functional currency of the Company.

### 2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

#### Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time, which are mandatorily effective for the annual period beginning on 1st January, 2022 for the preparation of the consolidated financial statements:

Reference to the Conceptual Framework
Covid-19-Related Rent Concessions beyond 30th June, 2021
Property, Plant and Equipment – Proceeds before Intended Use
Onerous Contracts – Cost of Fulfilling a Contract
Annual Improvements to HKFRSs 2018-2020

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in the consolidated financial statements.

## 2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Cont'd)

#### New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts <sup>1</sup>
Amendments to HKFRS 10	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>2</sup>
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback <sup>3</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) <sup>3</sup>
Amendments to HKAS 1	Non-current Liabilities with Covenants <sup>3</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies <sup>1</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>1</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1st January, 2023.

<sup>2</sup> Effective for annual periods beginning on or after a date to be determined.

<sup>3</sup> Effective for annual periods beginning on or after 1st January, 2024.

Except for the amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

### 2. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Cont'd)

#### New and amendments to HKFRSs in issue but not yet effective (Cont'd)

### Amendments to HKAS 12 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"

The amendments narrow the scope of the recognition exemption of deferred tax liabilities and deferred tax assets in paragraphs 15 and 24 of HKAS 12 "Income Taxes" so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences.

As disclosed in note 3 for leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 requirements to the relevant assets and liabilities separately. Temporary differences on initial recognition of the relevant assets and liabilities are not recognised due to application of the initial recognition exemption.

Upon the application of the amendments, the Group will recognise a deferred tax asset (to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised) and a deferred tax liability for all deductible and taxable temporary differences associated with the right-of-use assets and the lease liabilities.

The amendments are effective for annual reporting periods beginning on or after 1st January, 2023, with early application permitted. At 31st December, 2022, the carrying amounts of right-of-use assets and lease liabilities which are subject to the amendments amounted to HK\$136,852,000 and HK\$145,641,000 respectively. The Group is still in the process of assessing the full impact of the application of the amendments.

### 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

#### **3.1** Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are accounted for in accordance with HKFRS 16 "Leases" ("HKFRS 16"), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets" ("HKAS 36").

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies

#### Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

#### Changes in the Group's interests in existing subsidiaries

Changes in the Group's interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries, including re-attribution of relevant reserves between the Group and the non-controlling interests according to the Group's and the non-controlling interests' proportionate interests.

Any difference between the amount by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Basis of consolidation (Cont'd)

Changes in the Group's interests in existing subsidiaries (Cont'd)

When the Group loses control of a subsidiary, the assets and liabilities of the subsidiary and noncontrolling interest (if any) are derecognised. A gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary attributable to the owners of the Company. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKFRS 9 "Financial Instruments" ("HKFRS 9") or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

#### Business combination or asset acquisitions

#### Optional concentration test

The Group can elect to apply an optional concentration test, on a transaction-by-transaction basis, that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. The gross assets under assessment exclude cash and cash equivalents, deferred tax assets, and goodwill resulting from the effects of deferred tax liabilities. If the concentration test is met, the set of activities and assets is determined not to be a business and no further assessment is needed.

#### Asset acquisitions

When the Group acquires a group of assets and liabilities that do not constitute a business, the Group identifies and recognises the individual identifiable assets acquired and liabilities assumed by allocating the purchase price first to financial assets/financial liabilities at the respective fair values, the remaining balance of the purchase price is then allocated to the other identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction does not give rise to goodwill or bargain purchase gain.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Business combination or asset acquisitions (Cont'd)

#### Business combinations

A business is an integrated set of activities and assets which includes an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired processes are considered substantive if they are critical to the ability to continue producing outputs, including an organised workforce with the necessary skills, knowledge, or experience to perform the related processes or they significantly contribute to the ability to continue producing outputs and are considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisitiondate fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

For business combinations in which the acquisition date is on or after 1st January, 2022, the identifiable assets acquired and liabilities assumed must meet the definitions of an asset and a liability in the *Conceptual Framework for Financial Reporting 2018 issued in June 2018* (the "Conceptual Framework") except for transactions and events within the scope of HKAS 37 or HK(IFRIC) – Int 21, in which the Group applies HKAS 37 or HK(IFRIC) – Int 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination. Contingent assets are not recognised.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair values, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 "Income Taxes" ("HKAS 12") and HKAS 19 "Employee Benefits" respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 "Share-based Payment" at the acquisition date;
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 "Noncurrent Assets Held for Sale and Discontinued Operations" are measured in accordance with that standard; and

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Business combination or asset acquisitions (Cont'd)

Business combinations (Cont'd)

 lease liabilities are recognised and measured at the present value of the remaining lease payments (as defined in HKFRS 16) as if the acquired leases were new leases at the acquisition date, except for leases for which the lease term ends within 12 months of the acquisition date. Right-of-use assets are recognised and measured at the same amount as the relevant lease liabilities, adjusted to reflect favourable or unfavourable terms of the lease when compared with market terms.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any noncontrolling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net amounts of the identifiable assets acquired and the liabilities assumed as at acquisition date. If, after re-assessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the relevant subsidiary's net assets in the event of liquidation are initially measured at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets or at fair value. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at their fair values.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and considered as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with the corresponding adjustments made against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the "measurement period" (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates, with the corresponding gain or loss being recognised in profit or loss.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Business combination or asset acquisitions (Cont'd)

#### Business combinations (Cont'd)

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control), and the resulting gain or loss, if any, is recognised in profit or loss or other comprehensive income, as appropriate. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income and measured under HKFRS 9 would be accounted for on the same basis as would be required if the Group had disposal directly of the previously held equity interest.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted retrospectively during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

#### Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units ("CGUs") (or groups of CGUs) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount of the CGU is less than the carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro rata basis based on the carrying amount of each asset in the unit (or group of CGUs).

On disposal of the relevant CGU or any of the CGU within the group of CGUs, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the CGU (or a CGU within a group of CGUs), the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the CGU) disposed of and the portion of the CGU (or the group of CGUs) retained.

The Group's accounting policy for goodwill arising on the acquisition of an associate and a joint venture is described below.

### 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Investments in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates and joint ventures are incorporated in the consolidated financial statements using the equity method of accounting. The financial statements of associates and joint ventures used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. Appropriate adjustments have been made to conform the associate's and the joint venture's accounting policies to those of the Group. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Changes in net assets of the associate/joint venture other than profit or loss and other comprehensive income are not accounted for unless such changes resulted in changes in ownership interest held by the Group. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture. Neare of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The Group assesses whether there is an objective evidence that the interest in an associate or a joint venture may be impaired. When any objective evidence exists, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with HKAS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any assets, including goodwill, that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 to the extent that the recoverable amount of the investment subsequently increases.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Investments in associates and joint ventures (Cont'd)

When the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in the investee with a resulting gain or loss being recognised in profit or loss. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset within the scope of HKFRS 9, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate or joint venture and the fair value of any retained interest and any proceeds from disposing of the relevant interest in the associate or joint venture. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) upon disposal/partial disposal of the relevant associate or joint venture.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

#### Changes in the Group's interests in associates and joint ventures

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

#### Acquisition of additional interests in associates or joint ventures

When the Group increases its ownership interest in an associate or a joint venture but the Group continues to use the equity method, goodwill is recognised at acquisition date if there is excess of the consideration paid over the share of carrying amount of net assets attributable to the additional interests in associates or joint ventures acquired. Any excess of share of carrying amount of net assets attributable to the additional interests in associates or joint ventures in associates or joint ventures acquired. Any excess of share of carrying amount of net assets attributable to the additional interests in associates or joint ventures acquired over the consideration paid are recognised in the profit or loss in the period in which the additional interest are acquired.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Interests in joint operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the HKFRSs applicable to the particular assets, liabilities, revenues and expenses.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the consolidated financial statements only to the extent of the other parties' interests in the joint operation.

When a group entity transacts with a joint operation in which a group entity is a joint operator, the Group does not recognise its share of the gains and losses until it resells those assets to a third party.

#### Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

### 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Revenue from contracts with customers (Cont'd)

Contract assets on construction contracts represent the Group's right to consideration for work completed and not billed as the rights are conditional on the Group's future performance in satisfying the respective performance obligations. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

The contract liabilities on construction contracts represent the Group's obligation to transfer project works to customers for which the Group has received consideration (or an amount of consideration is due) from the customers.

A contract asset and a contract liability relating to the same contract are accounted for and presented on a net basis.

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

#### Output method

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

#### Variable consideration

For contracts that contain variable consideration (variation order of construction work), the Group estimates the amount of consideration to which it will be entitled using either (i) the expected value method or (ii) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled.

The estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that such an inclusion will not result in a significant revenue reversal in the future when the uncertainty associated with the variable consideration is subsequently resolved.

At the end of each reporting period, the Group updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

### 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes (other than property under construction as described below). Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Property in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management including costs of testing whether the related assets is functioning properly and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Sales proceeds of items that are produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management (such as samples produced when testing whether the asset is functioning properly), and the related costs of producing those items are recognised in the profit or loss. The cost of those items are measured in accordance with the measurement requirements of HKAS 2. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as "right-of-use assets" in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Depreciation is recognised so as to write off the cost of assets other than property under construction less their residual values over their estimated useful lives using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Intangible assets

#### Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and accumulated impairment losses. Amortisation of intangible assets with finite useful lives is recognised on units of production method to reflect the expected pattern of production of the expected future economic benefits embodied in an intangible asset or on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

#### Service concession arrangements

When the Group has a right to charge for usage of concession infrastructure (as a consideration for providing construction service in a service concession arrangement), it recognises an intangible asset at fair value upon initial recognition. The intangible asset is carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

#### Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are recognised separately from goodwill and are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination with finite useful lives are reported at costs less accumulated amortisation and any accumulated impairment losses, on the same basis as intangible assets that are acquired separately. Intangible assets acquired in a business combination with indefinite useful lives are carried at cost less any subsequent accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

#### Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Costs necessary to make the sale include incremental costs directly attributable to the sale and non-incremental costs which the Group must incur to make the sale.

## 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### 3.2 Significant accounting policies (Cont'd)

#### Service concession arrangements

A service concession arrangement is an arrangement whereby a government or other public sector body contracts with a private operator to develop (or upgrade), operate and maintain infrastructure assets. The grantor controls or regulates what services the operator must provide using the assets, to whom, and at what price, and also controls significant residual interest in the assets at the end of the term of the arrangement.

The Group, as an operator, recognises a financial asset if it has an unconditional contractual right to receive cash from or at the direction of the grantor for the construction services. The Group measures the financial asset at fair value on its initial recognition. At the end of each reporting period subsequent to initial recognition, the financial asset is carried at amortised cost using the effective interest method, less any identified impairment losses (see accounting policy on financial assets below).

When the Group has a right to charge for usage of concession infrastructure (as a consideration for providing construction service in a service concession arrangement), it recognises an intangible asset at fair value upon initial recognition (see accounting policy on intangible assets above).

The Group recognises and measures revenue for the services in relation to the operation of the plant under a service concession arrangement in accordance with HKFRS 15 "Revenue from Contracts with Customers" ("HKFRS 15").

#### Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the account of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

#### Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the net cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Provisions (Cont'd)

## Onerous contracts (Cont'd)

When assessing whether a contract is onerous or loss-making, the Group includes costs that relate directly to the contract, consisting of both the incremental costs and an allocation of other costs that relate directly to fulfilling contracts.

## Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial assets o

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

## Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

### Financial assets (Cont'd)

Classification and subsequent measurement of financial assets (Cont'd)

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or fair value through other comprehensive income ("FVTOCI") as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the "other gains and losses" line item.

Dividends and interest earned on these financial assets are included in the "other income" line item in profit or loss.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

## Financial assets (Cont'd)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9

The Group performs impairment assessment under expected credit loss ("ECL") model on financial assets (including loan to an associate, other financial asset at amortised cost, trade debtors, other debtors and deposits, bills receivables, amounts due from associates, a joint venture and other partners of joint operations, cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months and bank balances) and other item (contract assets) which are subject to impairment assessment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade debtors and contract assets.

For all other instruments, the Group measures the loss allowance equal to 12-month ECL, unless there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

# Financial assets (Cont'd)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Cont'd)

(i) Significant increase in credit risk (Cont'd)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

## Financial assets (Cont'd)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Cont'd)

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

## (iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past-due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

## (iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

## Financial assets (Cont'd)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Cont'd)

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Lifetime ECL for certain trade receivables are considered on a collective basis taking into consideration past-due information and relevant credit information such as forward-looking macroeconomic information.

For collective assessment, the Group takes into consideration the following characteristics when formulating the grouping:

- past-due status;
- nature, size and industry of debtor; and
- external credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade debtors and contract assets where the corresponding adjustment is recognised through a loss allowance account.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

# Financial assets (Cont'd)

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

#### Financial liabilities and equity

#### Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

## Financial liabilities at amortised cost

Financial liabilities including creditors, amounts due to associates, other partners of joint operations and non-controlling shareholders, bank loans, bonds and other creditors are subsequently measured at amortised cost, using the effective interest method.

#### Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Changes in the basis for determining the contractual cash flows as a result of interest rate benchmark reform

For changes in the basis for determining the contractual cash flows of a financial asset or financial liability to which the amortised cost measurement applies as a result of interest rate benchmark reform, the Group applies the practical expedient to account for these changes by updating the effective interest rate, such change in effective interest rate normally has no significant effect on the carrying amount of the relevant financial asset or financial liability.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

### Financial liabilities and equity (Cont'd)

Changes in the basis for determining the contractual cash flows as a result of interest rate benchmark reform (Cont'd)

A change in the basis for determining the contractual cash flows is required by interest rate benchmark reform if and only if, both these conditions are met:

- the change is necessary as a direct consequence of interest rate benchmark reform; and
- the new basis for determining the contractual cash flows is economically equivalent to the previous basis (i.e. the basis immediately preceding the change).

## Derivative financial instruments

Derivatives are initially recognised at fair value at the date when derivative contracts are entered into and are subsequently remeasured to their fair value at the end of the reporting period. The resulting gain or loss is recognised in profit or loss unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

# Hedge accounting

The Group designates certain derivatives as hedging instruments for cash flow hedges.

At the inception of the hedging relationship the Group documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

For the purpose of determining whether a forecast transaction (or a component thereof) is highly probable, the Group assumes that the interest rate benchmark on which the hedged cash flows (contractually or non-contractually specified) are based is not altered as a result of interest rate benchmark reform.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

Financial liabilities and equity (Cont'd)

Assessment of hedging relationship and effectiveness

For hedge effectiveness assessment, the Group considers whether the hedging instrument is effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk, which is when the hedging relationships meet all of the following hedge effectiveness requirements:

- there is an economic relationship between the hedged item and the hedging instrument;
- the effect of credit risk does not dominate the value changes that result from that economic relationship; and
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.

If a hedging relationship ceases to meet the hedge effectiveness requirement relating to the hedge ratio but the risk management objective for that designated hedging relationship remains the same, the Group adjusts the hedge ratio of the hedging relationship (i.e. rebalances the hedge) so that it meets the qualifying criteria again.

For changes made to the hedged risk, hedged item or hedging instrument required by interest rate benchmark reform, the Group amends the formal designation of a hedging relationship to reflect the changes by the end of the reporting period during which the relevant changes were made. Such an amendment to the formal designation of the hedging relationship constitutes neither the discontinuation of the hedging relationship nor the designation of a new hedging relationship.

## Cash flow hedges

The effective portion of changes in the fair value of derivatives and other qualifying hedging instruments that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of other reserve, limited to the cumulative change in fair value of the hedged item from inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'other gains and losses' line item.

When a hedged item in a cash flow hedge is amended to reflect the changes that are required by the interest rate benchmark reform, the amount accumulated in the cash flow hedge reserve is deemed to be based on the alternative benchmark rate on which the hedged future cash flows are determined.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Financial instruments (Cont'd)

Financial liabilities and equity (Cont'd)

# Cash flow hedges (Cont'd)

Amounts previously recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. Furthermore, if the Group expects that some or all of the loss accumulated in the other reserve will not be recovered in the future, that amount is immediately reclassified to profit or loss.

# Discontinuation of hedge accounting

The Group discontinues hedge accounting prospectively only when the hedging relationship (or a part thereof) ceases to meet the qualifying criteria (after rebalancing, if applicable). This includes instances when the hedging instrument expires or is sold, terminated or exercised. Discontinuing hedge accounting can either affect a hedging relationship in its entirety or only a part of it (in which case hedge accounting continues for the remainder of the hedging relationship).

For cash flow hedge, any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transactions is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

## Leases

## Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application of HKFRS 16 or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Leases (Cont'd)

The Group as a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components, including contract for acquisition of ownership interests of a property which includes both leasehold land and non-lease building components, unless such allocation cannot be made reliably.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices and are accounted for by applying other applicable standards.

## Short-term leases

The Group applies the short-term lease recognition exemption to leases of office premises and plant and machinery that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. Lease payments on short-term leases are recognised as expense on a straight-line basis or another systematic basis over the lease term.

## Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Leases (Cont'd)

The Group as a lessee (Cont'd)

Right-of-use assets (Cont'd)

Right-of-use assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

## Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

# Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable and payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever the lease term has changed, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Leases (Cont'd)

The Group as a lessee (Cont'd)

## Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability, less any lease incentives receivable, based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset.

When the modified contract contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the modified contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

## The Group as a lessor

## Classification and measurement of leases

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term. Variable lease payments that do not depend on an index or a rate are recognised as income when they arise.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Leases (Cont'd)

The Group as a lessor (Cont'd)

Allocation of consideration to components of a contract

When a contract includes both leases and non-lease components, the Group applies HKFRS 15 to allocate consideration in a contract to lease and non-lease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

## Refundable rental deposits

Refundable rental deposits received are accounted for under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments from lessees.

## Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the re-translation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's operations are translated into the presentation currency of the Group (i.e. Hong Kong dollar) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the year, unless exchange rates fluctuate significantly during the year, in which case, the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve (attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in an associate or a joint arrangement that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

## 3.2 Significant accounting policies (Cont'd)

#### Foreign currencies (Cont'd)

In addition, in relation to a partial disposal of a subsidiary that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss. Settlements of monetary items which formed part of net investment in foreign operations without changes in the Group's ownership interests is not considered as partial disposals.

#### **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

Any specific borrowing that remain outstanding after the related asset is ready for its intended use or sale is included in the general borrowing pool for calculation of capitalisation rate on general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

#### Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax because of income or expenses that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

# Taxation (Cont'd)

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and interests in associates and joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profit against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 requirements to right-of-use assets and lease liabilities separately. Temporary differences on initial recognition of the relevant right-of-use assets and lease liabilities are not recognised due to application of the initial recognition exemption. Temporary differences arising from subsequent revision to the carrying amounts of right-of-use assets and lease liabilities, resulting from remeasurement of lease liabilities and lease modifications, that are not subject to initial recognition exemption are recognised on the date of remeasurement or modification.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

## 3.2 Significant accounting policies (Cont'd)

# Taxation (Cont'd)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

In assessing any uncertainty over income tax treatments, the Group considers whether it is probable that the relevant tax authority will accept the uncertain tax treatment used, or proposed to be use by individual group entities in their income tax filings. If it is probable, the current and deferred taxes are determined consistently with the tax treatment in the income tax filings. If it is not probable that the relevant taxation authority will accept an uncertain tax treatment, the effect of each uncertainty is reflected by using either the most likely amount or the expected value.

## Employee benefits

## Retirement benefit costs

Payments to the defined contribution retirement benefit plans, including state-managed retirement schemes and Mandatory Provident Fund Schemes ("MPF Schemes"), are recognised as expenses when employees have rendered service entitling them to the contributions.

## Termination benefits

A liability for a termination benefit is recognised at the earlier of when the Group entity can no longer withdraw the offer of the termination benefit and when it recognises any related restructuring costs.

## Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries and annual leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

# 3.2 Significant accounting policies (Cont'd)

## Share-based payments

#### Equity-settled share-based payment transactions

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date.

The fair value of services received determined by reference to the fair value of share options granted at the grant date is expensed on a straight-line basis over the vesting period, with a corresponding increase in equity (share option reserve).

At the end of each reporting period, the Group revises its estimates of the number of options that are expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates during the vesting period, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to share option reserve. For share options that vest immediately at the date of grant, the fair value of the share options granted is expensed immediately to profit or loss.

When the share options are exercised, the amount previously recognised in share option reserve will be transferred to share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share option reserve will be transferred to retained profits.

When shares granted are vested, the amount previously recognised in share-based payments reserve will be transferred to share premium.

# Impairment on property, plant and equipment, right-of-use assets and intangible assets other than goodwill

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any. Intangible assets with indefinite useful lives are tested for impairment at least annually, and whenever there is an indication that they may be impaired.

The recoverable amount of property, plant and equipment, right-of-use assets and intangible assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the CGU to which the asset belongs.

# 3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

## 3.2 Significant accounting policies (Cont'd)

# Impairment on property, plant and equipment, right-of-use assets and intangible assets other than goodwill (Cont'd)

In testing a CGU for impairment, corporate assets are allocated to the relevant CGU when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the CGU or group of CGUs to which the corporate asset belongs, and is compared with the carrying amount of the relevant CGU or group of CGUs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a CGU) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or a CGU) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a CGU, the Group compares the carrying amount of a group of CGUs, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of CGUs, with the recoverable amount of the group of CGUs. In allocating the impairment loss, the impairment is allocated first to reduce the carrying amount of each asset in the unit or the group of CGUs. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measureable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of CGUs. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU or a group of CGUs) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a CGU or a group of CGUs) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

## Cash and cash equivalents

Cash and cash equivalents presented on the consolidated statement of financial position include:

- (a) cash, which comprises of cash on hand and demand deposits; and
- (b) cash equivalents, which comprises of short-term (generally with original maturity of three months or less), highly liquid investments that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value and deposits which are pledged to banks for securing the banking facilities granted to the Group. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

# 4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3.2, the directors of the Company are required to make judgments, estimates and assumptions about the amounts recognised in the consolidated financial statements that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

# Estimated impairment of interest in an associate

Determining the recoverable amount of the Group's interest in Road King Infrastructure Limited ("Road King"), an associate of the Group, requires an estimation of the value in use of the investment. The value in use calculation requires the Group to estimate the future cash flows to be generated by Road King with key assumptions of suitable growth rate and discount rate in order to calculate the present value. At 31st December, 2022, the carrying amount of the Group's interest in Road King is HK\$9,024,772,000 (2021: HK\$9,956,413,000). Details of the recoverable amount calculation are disclosed in note 21.

## Income tax

At 31st December, 2022, no deferred tax asset has been recognised in the Group's consolidated statement of financial position in relation to unused tax losses of HK\$1,266,755,000 (2021: HK\$1,092,867,000) (see note 42) due to unpredictability of future profit streams. The realisability of the unrecognised deferred tax asset mainly depends on whether sufficient future profit or taxable temporary differences will be available in the future. In case where the actual future taxable profits generated are less or more than expected, or change in facts and circumstances which result in revision of future taxable profits estimation, a material reversal or further recognition of deferred tax assets may arise, which will be recognised in profit or loss in the period in which such a reversal or further recognition takes place.

# 4. KEY SOURCES OF ESTIMATION UNCERTAINTY (Cont'd)

# Measurement of contract sum of construction works

The management measures the value of completed construction work based on output method, which is to recognise revenue on the basis of direct measurement of the value of construction work transferred to the customer to date relative to the remaining construction works promised to be completed under the construction contract. Most construction works take several years to complete and the scope of work may change during the construction contracts and regularly assesses the progress of construction works as well as the financial impact of scope changes, claims, disputes and liquidation damages. The management's estimate of revenue and the completion status of construction works requires significant judgement and has a significant impact on the amount and timing of revenue recognised. The Group has the qualified surveyors to periodically measure the value of the construction works performed by the Group would also be certified by the independent quantity surveyors periodically according to the construction contract as the contract sum prepared for each construction contract as the contract progresses based on the internal construction progress reports and the certification issued by the independent quantity surveyors.

#### Provision of ECL for trade receivables and contract assets

Trade receivables with significant balances and contract assets are assessed for ECL individually and the expected loss rates are based on the Group's historical default rates, past-due status and the financial capability of individual debtor taking into consideration forward-looking information that is reasonable and supportable, and is available without undue cost or effort. The Group assesses the remaining balances of trade receivables on a collective basis, grouped by internal credit rating. The loss rates are based on past-due status as groupings of various debtors that have similar loss patterns. The estimation is based on the Group's historical default rates taking into consideration forward-looking information that is reasonable and supportable, and is available without undue cost or effort. At each reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables and contract assets are disclosed in notes 49(b), 29 and 30 respectively.

# 5. REVENUE FROM GOODS AND SERVICES (Cont'd)

# (b) Performance obligations for contracts with customers

## **Construction service**

The Group provides construction services to customers. Such services are recognised as a performance obligation satisfied over time as the Group creates or enhances an asset that the customer controls as the asset is created or enhanced. Revenue is recognised for these construction services based on the value of completed construction work using output method.

A contract asset, net of contract liability related to the same contract, is recognised over the period in which the construction services are performed representing the Group's right to consideration for the services performed because the rights are conditioned on the Group's future performance in achieving specified milestones or the value of construction work has been agreed with the customers. The contract assets are transferred to trade receivables when the rights become unconditional. The Group typically transfers the contract assets to trade receivables when the Group issued invoice to the customers based on the value of work certified by the independent quantity surveyors.

Retention receivables, prior to expiration of defect liability period, are classified as contract assets, which ranges from one to two years from the date of the practical completion of the construction services. The relevant amount of contract asset is reclassified to trade receivables when the defect liability period expires. The defect liability period serves as an assurance that the construction services performed comply with agreed upon specifications and such assurance cannot be purchased separately.

## Sewage treatment and steam fuel plant services

For sewage treatment and steam fuel plant services for customers, where the Group acts as principal and is primarily responsible for providing the sewage treatment and steam fuel services for the public in the PRC, which simultaneously receives and consumes the benefit provided by the Group's performance as the Group performs. The Group recognises the fees received or receivable from the customers, which is agreed upfront, as its revenue over time and all related sewage treatment and steam fuel costs as its cost of services.

# 5. REVENUE FROM GOODS AND SERVICES (Cont'd)

# (b) Performance obligations for contracts with customers (Cont'd)

### Sales of construction materials and quarry products

The Group sells the construction materials and quarry products produced in Hong Kong to the customers in Hong Kong. Revenue is recognised when control of the goods has been transferred, being at the point when the goods have been delivered to the customers' specified locations. The normal credit term is 30 to 60 days upon delivery. Sales-related warranties associated with the construction materials and quarry products cannot be purchased separately and they serve as assurance that the products sold comply with agreed upon specifications. Accordingly, the Group accounts for warranties in accordance with HKAS 37 "Provisions, Contingent Liabilities and Contingent Assets" consistent with its previous accounting treatment.

# (c) Transaction price allocated to the remaining performance obligation for contracts with customers

For construction contracts, the transaction price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) at 31st December, 2022 amounting to HK\$23,060,000,000 (2021: HK\$25,169,000,000). Management expects that all the remaining performance obligations will be recognised as revenue over the next 5 years (2021: 6 years) from the end of the reporting period.

All sewage treatment and steam fuel plant service income and the sales transactions of construction materials and quarry products are for period less than one year. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

# 6. SEGMENT INFORMATION

Information reported to the executive directors of the Company, being the chief operating decision maker, for the purposes of resource allocation and assessment of segment performance focuses on types of goods delivered or services provided. This is also the basis upon which the Group is organised. No operating segments have been aggregated in arriving at the reportable segments of the Group. The Group's reportable and operating segments under HKFRS 8 "Operating Segments" are summarised as follows:

Construction, sewage treatment and steam fuel

- construction of civil engineering and building projects
- operation of sewage treatment plant
- operation of steam fuel plant

Construction materials

- production and sale of concrete
- production, sale and laying of asphalt

#### Quarrying

- production and sale of quarry products

Property development and investment, toll road, investment and asset management

- strategic investment in Road King, an associate of the Group

# 6. SEGMENT INFORMATION (Cont'd)

# 6. SEGMENT INFORMATION (Cont'd)

# Segment revenue and results (Cont'd)

Segment profit (loss) represents profit (loss) after tax and non-controlling interests for each reportable and operating segment and includes other income, other gains and losses, share of results of associates and share of results of joint ventures which are attributable to reportable and operating segments, but excluding corporate income and expenses (including staff costs, other administrative expenses and finance costs), other gains and losses, share of results of associates and share of results of joint ventures which are not attributable to any of the reportable and operating segments and are classified as unallocated items. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and performance assessment.

# Reconciliation of total segment profit to (loss) profit attributable to owners of the Company

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Total segment profit	84,329	685,854
Unallocated items		,
Other income	45,315	34,450
Other gains and losses	(36,679)	42,339
Administrative expenses	(76,366)	(64,195)
Finance costs	(52,689)	(36,063)
Share of results of associates	5,309	1,176
Share of results of joint ventures	24,019	12,604
(Loss) profit attributable to owners of the Company	(6,762)	676,165

## Segment assets and liabilities

As the Group's chief operating decision maker reviews the Group's assets and liabilities on a consolidated basis, no assets or liabilities are allocated to the reportable and operating segments. Therefore, no analysis of segment assets and liabilities is presented.

# 11. DIRECTORS' AND CHIEF EXECUTIVE OFFICER'S REMUNERATION (Cont'd)

Mr. Zen Wei Peu, Derek is the Vice Chairman and the Chief Executive Officer of the Company and his emoluments disclosed above include those for services rendered by him as the Chief Executive Officer.

The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group.

The non-executive directors' emoluments shown above were for their services as directors of the Company.

The independent non-executive directors' emoluments shown above were for their services as directors of the Company.

The performance related incentive payments are determined by reference to the profit of the Group or individual performance of the directors for the year.

There was no arrangement under which a director waived or agreed to waive any remuneration and no payment of inducement fee and compensation for loss of office as director during the current and prior years.

# 12. EMPLOYEES' EMOLUMENTS

Details of the emoluments of the five highest paid individuals included two directors (2021: two directors) set out in note 11. The emoluments of the remaining three (2021: three) highest paid individuals are as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Salary and other benefits Performance related incentive payments Retirement benefits scheme contributions	8,170 12,919 778	8,934 11,882 755
	21,867	21,571

The emoluments were within the following bands:

	Number of	Number of employees	
	2022	2021	
HK\$6,500,001 to HK\$7,000,000	-	1	
HK\$7,000,001 to HK\$7,500,000	3	1	
HK\$7,500,001 to HK\$8,000,000	-	1	

# **13. INCOME TAX EXPENSE**

	2022	2021
	HK\$'000	HK\$'000
		1110000
Current tax		
Hong Kong	129,908	73,207
The PRC	3,356	5,653
	133,264	78,860
(Overprovision) underprovision in prior years		
Hong Kong	(1,690)	8,352
The PRC	3,187	771
	1,497	9,123
Deferred tax (note 42)		
Credit for the year	(12,718)	(3,019)
		04.004
Total	122,043	84,964

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profits for both years.

Under the Law of the PRC on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate for the PRC subsidiaries is 25% for both years.

Income tax expense can be reconciled to the profit before tax as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Profit before tax	298,016	885,672
Income tax expense at the applicable rate of 16.5%	49,173	146,136
Tax effect of expenses not deductible for tax purpose	26,956	31,185
Tax effect of income not taxable for tax purpose	(12,463)	(37,273)
Underprovision in prior years	1,497	9,123
Tax effect of tax losses not recognised	67,848	19,254
Tax effect of utilisation of tax losses previously not recognised	(39,157)	(6,401)
Tax effect of share of results of associates	35,531	(75,720)
Tax effect of share of results of joint ventures	(5,871)	(6,077)
Effect of different rates for subsidiaries operating in other jurisdictions	1,322	2,288
Others	(2,793)	2,449
Income tax expense	122,043	84,964

## 14. DIVIDENDS

Dividends paid and recognised as distributions during the year:

	2022	2021
	HK\$'000	HK\$'000
2021 final dividend – HK11 cents per share		
(2021: 2020 final dividend – HK24 cents per share)	87,244	190,350
2022 interim dividend – Nil		
(2021: 2021 interim dividend – HK7 cents per share)	-	55,518
	87,244	245,868

The board of directors of the Company (the "Board") does not recommend the payment of a final dividend for the year ended 31st December, 2022 (2021: HK11 cents per ordinary share).

## 15. (LOSS) EARNINGS PER SHARE

The calculation of the basic (loss) earnings per share attributable to owners of the Company is based on the following data:

	2022 HK\$'000	2021 <i>HK\$'000</i>
(Loss) earnings for the purpose of basic (loss) earnings per share ((Loss) profit for the year attributable to owners of the Company)	(6,762)	676,165
	2022	2021
Number of ordinary shares for the purpose of basic (loss) earnings per share	793,124,034	793,124,034

The Company has no potential ordinary shares in issue during both years. Accordingly, no diluted (loss) earnings per share information is presented.

# 16. PROPERTY, PLANT AND EQUIPMENT

	Property under construction <i>HK\$'000</i>	Buildings <i>HK\$'000</i>	Leasehold improvements <i>HK\$'000</i>	Plant and machinery <i>HK\$'000</i>	Furniture, fixtures and equipment <i>HK\$'000</i>	Motor vehicles <i>HK\$'000</i>	Vessels <i>HK\$'000</i>	Total <i>HK\$'000</i>

## 16. PROPERTY, PLANT AND EQUIPMENT (Cont'd)

The above items of property, plant and equipment (other than property under construction) are depreciated on a straight-line basis and after taking into account of their estimated residual value at the following rates per annum:

4% - 16%
$33^{1/3}$ % or over the terms of the relevant leases, whichever is shorter
10% – 25%
25%
16²/₃% – 25%
10% - 50%

The buildings are located in Hong Kong and the PRC.

# 17. RIGHT-OF-USE ASSETS

Total cash outflow for leases		364,381	403,756

# 17. RIGHT-OF-USE ASSETS (Cont'd)

For both years, the Group leases offices premises and site areas for its operations. Lease contracts are entered into for fixed term of 1 year to 4 years (2021: 1 year to 4 years). Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

At 31st December, 2022, the Group has obtained the land use right certificates for all leasehold lands in the PRC. At 31st December, 2021, the Group had obtained the land use right certificates for all leasehold lands in the PRC except for leasehold lands with carrying amount of HK\$125,000 in which the Group was in the process of obtaining.

During the year ended 31st December, 2022, Faith Oriental Investment Limited ("Faith Oriental"), a wholly owned subsidiary of the Company, and the Government of the Hong Kong Special Administrative Region (the "HKSAR") entered into an agreement which is supplemental to a contract entered into with the Government of HKSAR in 2015 as detailed in note 18(b). Pursuant to the agreement, the operations of crushing, concrete batching and asphalt plants can be maintained in an identified area within a quarry site until 31st December, 2025, with a total consideration of HK\$77,200,000 by 5 equal semi-annual instalments with the first instalment will be paid in October 2023.

# 18. INTANGIBLE ASSETS (Cont'd)

Notes:

(a) The amount at 1st January, 2021 represents the fair value of the construction licenses (with indefinite useful lives) held by Build King Construction Limited ("BKCL"), acquired by the Group in 2005. During the year ended 31st December, 2021, the Group acquired Integral E&M Contracting Limited (formerly known as Wai Tat E&M Engineering Company Limited) ("IEC"), a company incorporated in Hong Kong and the asset of the entity was construction licences amounting to HK\$15,000,000. The consideration of the transaction is HK\$15,000,000 and it is accounted for as asset acquisition.

The construction licenses are granted by the Works Branch, Development Bureau of the HKSAR to BKCL and IEC. Through those construction licenses BKCL is eligible to undertake government construction contracts of all five categories of public works, namely port works, site formation, road and drainage, water works and buildings with no limitation in contract sum. IEC is an approved supplier of materials and specialist contractor for public works in three categories, air-conditioning installation, electrical installation and fire service installation with no limitation in contract sum. The construction licenses basically have no legal life but are renewable every year as long as BKCL and IEC are able to comply with certain provisions and requirements set out by the Works Branch, Development Bureau of the HKSAR throughout the relevant period.

Various studies including sensitivity analysis and market trends have been carried out by the management of the Group, which support that the construction licenses have no foreseeable limit to the period over which the construction licenses are expected to generate net cash inflow for the Group. As a result, the construction licenses are considered by the management of the Group as having indefinite useful lives because they are expected to contribute net cash inflow indefinitely. The construction licenses will not be amortised until their useful lives are determined to be finite. Instead they will be tested for impairment annually and whenever there is an indication that they may be impaired. Particulars regarding the impairment testing on construction licenses are disclosed in note 20.

(b) The amounts represent the carrying amounts of the extraction right of rock reserve and the rehabilitation costs to be incurred in a quarry site in Hong Kong acquired by Faith Oriental under the contract entered into with the Government of HKSAR during the year ended 31st December, 2015.

Pursuant to the contract, Faith Oriental has to pay to the Government of HKSAR, grantor of the extraction right of rock reserve in the quarry site, a total consideration of HK\$653,888,000 by 14 equal semi-annual instalments with the first instalment paid in April 2016 and to complete the rehabilitation work before the expiry of the contract period in April 2023. The carrying amounts of the extraction right of rock reserve and the rehabilitation costs for quarry site are the present value of the total consideration discounted at the rate of 5.63% per annum throughout the contract period less accumulated amortisation and accumulated impairment losses and the present value of estimated total cost to be incurred for rehabilitation work in the quarry site discounted at the rate of 7.60% per annum throughout the contract period less accumulated amortisation and accumulated impairment losses respectively.

Amortisation is calculated by applying the ratio of actual extracted volume of rock compared to the total estimated volume of rock reserve over the remaining contract period to the carrying amounts of the assets. The estimated volume of rock reserve and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

The management of the Group performed impairment assessment on the extraction right of rock reserve and the rehabilitation costs for the quarry site during the year ended 31st December, 2021 by reference to the valuation prepared by an independent professional valuer. For the purpose of impairment assessment, assets were allocated to three individual CGUs i.e., concrete, asphalt and quarrying CGUs and the recoverable amounts of these CGUs were determined based on the value in use calculation. That calculation used cash flow projections based on financial budgets approved by the management covering the remaining contract period of the extraction right and a discount rate of 10.68%. Other key assumptions for the value in use calculation related to the estimation of the prices and budgeted gross margin of concrete, asphalt and quarry products and the volume of rock reserve to be extracted.

During the year ended 31st December, 2021, no impairment loss was recognised on intangible assets, comprising extraction right of rock reserve and rehabilitation costs for quarry site, and property, plant and equipment of these CGUs.

During the year ended 31st December, 2022, there was no indication for impairment on intangible assets, comprising extraction right of rock reserve and rehabilitation costs for quarry site, and property, plant and equipment of these CGUs.

# 18. INTANGIBLE ASSETS (Cont'd)

Notes: (Cont'd)

(c) Wuxi Qianhui Sewage Treatment Co., Ltd. ("Wuxi Qianhui"), a subsidiary of the Company, entered into a service concession arrangement with the local government whereby Wuxi Qianhui is required to build the infrastructure of a sewage treatment plant phase II (see note 26 for details of sewage treatment plant phase I) and is granted an exclusive operating right for provision of sewage treatment services to the industrial and domestic users in Qian Qiao Zhen, Hui Shan District, Wuxi City, Jiang Su Province of the PRC for a term of 30 years.

Pursuant to the service concession arrangement contract, Wuxi Qianhui is responsible for the construction of sewage treatment plant phase II and entitled to operate the sewage treatment plant phase II upon completion for a specified concession period by charging users of the public service, which amounts are contingent on the extent that the public uses the service. At the end of the operating period, Wuxi Qianhui is required to transfer the sewage treatment plant phase II to the local government. As such, the arrangement is accounted for as a service concession arrangement and the right to charge the users of the public service is recognised as an intangible asset. The Group estimates the fair value of the intangible asset to be equal to the construction costs plus certain margin. Amortisation of the intangible asset will be provided for over the operation period of 30 years on a straight-line basis when the sewage treatment plant phase II commences its operation.

The first stage of construction of the sewage treatment plant phase II comprising construction works and equipment acquisition and installation had been completed and put into operation in 2010.

The sewage treatment plant phase II had been further developed in second stage pursuant to the service concession arrangement contracts which includes purchase and installation of sewage treatment equipment and various construction works and which had been put into operation in 2013.

In order to meet the new discharge standard of pollutants set for sewage treatment plant, Wuxi Qianhui entered into an agreement with local government in September 2019 to upgrade the whole sewage treatment plant. The upgrading works comprising construction works, purchase and installation of sewage treatment equipment. The upgrading works had been completed and put into operation in 2020.

(d) Tianjin Wai Kee Earth Investment Co., Ltd. ("Tianjin Wai Kee Earth"), a subsidiary of the Company, entered into a service concession arrangement with the local government in 2018 whereby Tianjin Wai Kee Earth is required to build the infrastructure of a steam fuel supply plant and is granted an exclusive operating right for provision of steam fuel supply services to the industrial users in Yanchi Industrial Park at Gaotai District, Zhangye City, Gansu Province of the PRC for a term of 30 years. The construction of the steam fuel supply plant comprising construction works and equipment acquisition and installation had been completed and put into operation in 2019.

Tianjin Wai Kee Earth in 2020 entered into another service concession arrangement with local government whereby Tianjin Wai Kee Earth is required to build the infrastructure of a steam fuel supply plant and is granted an exclusive operating right for provision of steam fuel supply to industrial users in Circular Economy Industrial Park at Bei He Wan, Jinta County, Gansu Province of the PRC for a term of 30 years.

Pursuant to the service concession arrangement contracts, Tianjin Wai Kee Earth is responsible for the construction of steam fuel supply plant and entitled to operate the steam fuel supply plant upon completion for a specified concession period by charging users of the public service, which amounts are contingent on the extent that the public uses the service. At the end of the operating period, Tianjin Wai Kee Earth is required to transfer the steam fuel supply plant to the local government. As such, the arrangements are accounted for as a service concession arrangement and the right to charge the users of the public service is recognised as an intangible asset. The Group estimates the fair value of the intangible asset to be equal to the construction costs plus certain margin. Amortisation of the intangible asset will be provided for over the operation period of 30 years on a straight-line basis when the steam fuel supply plant commences its operation.

(e) During the year ended 31st December, 2021, the Group recognised an intangible asset amounting HK\$95,378,000 in respect of an underlying construction contract held by a joint operation upon the acquisition of joint operation partner's interest in the joint operation (details set out in note 55(b)). The intangible asset is amortised over the remaining duration of the respective construction contract which reflects the pattern in which the intangible asset's future economic benefits are expected to be consumed. The intangible asset has been fully amortised during the year ended 31st December, 2022.

### 19. GOODWILL

The amount represents goodwill arising on the reverse acquisition of Build King Holdings Limited ("Build King") and its subsidiaries in 2004. Particulars regarding the impairment testing on goodwill are disclosed in note 20.

# 20. IMPAIRMENT TESTING ON GOODWILL AND INTANGIBLE ASSETS WITH INDEFINITE USEFUL LIVES

For the purpose of impairment testing of goodwill arising on the reverse acquisition of Build King and its subsidiaries in 2004 as set out in note 19, goodwill has been allocated to the group of underlying CGUs which represents Build King and its subsidiaries in existence at the time of reverse acquisition of Build King and its subsidiaries in 2004 and is included in construction, sewage treatment and steam fuel segment.

For the purpose of impairment testing, intangible assets with indefinite useful lives as set out in note 18(a) have been allocated to two CGUs, BKCL and IEC, which are included in construction, sewage treatment and steam fuel segment.

The recoverable amounts of the above groups of CGUs have been determined on the basis of value in use calculations and are based on certain key assumptions. All value in use calculations use cash flow projections based on latest financial budgets approved by the Group's management covering a period of 5 years, a discount rate of 10% (2021: 10%) and a growth rate of 0% (2021: 0%). Cash flow projections during the budget period for the CGUs are based on the expected gross margins during the budget period. Budgeted gross margins have been determined based on past performance and management's expectations for the market development.

At the end of the reporting period, the management of the Group determined that there is no reasonably possible change in key assumption of the value in use calculations and no impairment of any of its CGUs containing goodwill and intangible assets with indefinite useful lives.

# 21. INTERESTS IN ASSOCIATES/OBLIGATIONS IN EXCESS OF INTERESTS IN ASSOCIATES

	9,013,765	9,944,297
Fair value of listed investments	1,327,762	2,382,136

Notes:

(a) Included in the cost of investments in the associate listed in Hong Kong, there is goodwill of HK\$30,964,000 (2021: HK\$30,964,000) arising on acquisition of additional interest in the associate during the year ended 31st December, 2007.

(b) The Group has contractual obligations to share the net liabilities of certain associates.

# 21. INTERESTS IN ASSOCIATES/OBLIGATIONS IN EXCESS OF INTERESTS IN ASSOCIATES (Cont'd)

Details of the Group's principal associates at 31st December, 2022 and 2021 are as follows:

Name of associate	Form of business structure	Place of incorporation/ operation	Effective interest held by the Company		Proportion of voting rights held by the Group		Principal activities
			2022	2021	2022	2021	
			%	%	%	%	
B Bim Creation Limited	Incorporated	Hong Kong	<b>17.44</b> (note a)	17.03 <i>(note a)</i>	30	30	Consultancy services
Genetron Engineering Company Limited	Incorporated	Hong Kong	<b>17.44</b> (note a)	17.03 <i>(note a)</i>	30	30	Civil engineering
Hong Kong Landfill Restoration Group Limited	Incorporated	Hong Kong	<b>20.05</b> (note a)	19.58 <i>(note a)</i>	34.5	34.5	Civil engineering
Road King Infrastructure Limited <i>(note b)</i>	Incorporated	Bermuda	44.52	44.52	44.52	44.52	Property development, development, operation and management of toll roads, and investment and asset management

#### Notes:

(a) The Company holds the effective interest in the associate through Build King.

(b) The shares of Road King are listed on the Main Board of the Stock Exchange.

The above table lists the associates of the Group which, in the opinion of the directors, principally affect the results for the year or constitute a substantial portion of the net assets of the Group. To give details of other associates would, in the opinion of the directors, result in particulars of excessive length.

# 21. INTERESTS IN ASSOCIATES/OBLIGATIONS IN EXCESS OF INTERESTS IN ASSOCIATES (Cont'd)

At 31st December, 2022, the carrying amount of the Group's interest in Road King of HK\$9,024,772,000 (2021: HK\$9,956,413,000) was higher than its fair value of HK\$1,327,762,000 (2021: HK\$2,382,136,000). During the year ended 31st December, 2022, the management of the Group carried out impairment assessment on the entire carrying amount of its interest in Road King (including goodwill) as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its entire carrying amount. In determining the value in use of the investment, the Group estimated the present value of the estimated future cash flows expected to be generated by Road King. The key assumptions included terminal growth rate of 4.5% and use of 6.9% to discount the cash flow projections to net present value. Based on the assessment, the recoverable amount of the Group's interest in Road King exceeded its entire carrying amount. Hence, no impairment against the Group's interest in Road King is considered necessary.

### Summarised financial information of material associate

Summarised financial information in respect of the Group's material associate, Road King, is set out below. Road King is engaged in property development, development, operation and management of toll roads, and investment and asset management. The summarised financial information below represents amounts shown in the associate's financial statements prepared in accordance with HKFRSs.

All associates are accounted for using the equity method in the Group's consolidated financial statements.

	2022	2021
	HK\$'000	HK\$'000

# 21. INTERESTS IN ASSOCIATES/OBLIGATIONS IN EXCESS OF INTERESTS IN ASSOCIATES (Cont'd)

### Summarised financial information of material associate (Cont'd)

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Revenue	17,155,976	24,677,949
Profit for the year Other comprehensive (expense) income for the year	458,612 (1,789,490)	1,984,489 979,800
Total comprehensive (expense) income for the year	(1,330,878)	2,964,289
Dividends received from the associate by the Group during the year	66,722	230,243
The above profit for the year includes the following income (expenses):		
Interest income	395,726	307,695
Depreciation	(35,682)	(49,728)
Finance costs	(1,143,274)	(1,073,317)
Income tax expense	(639,561)	(2,289,737)

Reconciliation of the above summarised financial information to the carrying amount of the interest in the associate recognised in the consolidated financial statements:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Net assets attributable to owners of the associate Proportion of the Group's equity interest in the associate	20,246,414 44.52%	22,337,418 44.52%
Goodwill Others	9,013,704 30,964 (19,896)	9,944,618 30,964 (19,169)
Carrying amount of the Group's interest in the associate	9,024,772	9,956,413

### Aggregate information of associates that are not individually material

	2022 HK\$'000	2021 <i>HK\$'000</i>
The Group's share of profit and total comprehensive income	5,203	1,421

There is no unrecognised share of losses of associates for both years.

## 22. LOAN TO AN ASSOCIATE

The amount is unsecured, interest bearing at 2.75% (2021: 2.75%) fixed rate per annum and will be fully repaid before 31st December, 2024, therefore the amount is classified as non-current at 31st December, 2022 and 2021.

Details of the impairment assessment are set out in note 49(b).

# 23. INTERESTS IN JOINT VENTURES/OBLIGATIONS IN EXCESS OF INTERESTS IN JOINT VENTURES

	2022	2021
	HK\$'000	HK\$'000
Cost of investments in unlisted joint ventures	40,956	186,048
Less: Impairment loss	(34,265)	(34,265)
	6,691	151,783
Share of post-acquisition profits and other comprehensive income,		
net of dividends received	55,498	92,316
	62,189	244,099
Loans to joint ventures (note a)	-	34,104
	62,189	278,203
Represented by:

Obligations in excess of interests in joint ventures (note b)		(130)
	62,189	278,203
	02,109	270,203

Notes:

(a) The loans to joint ventures were unsecured, interest-free and had no fixed terms of repayment. In the opinion of the directors of the Company, the loans were considered as part of the Group's net investment in the joint ventures. During the year, the loans have been either fully settled or eliminated upon acquisition of a subsidiary.

(b) The Group has contractual obligations to share net liabilities of certain joint ventures.

# 23. INTERESTS IN JOINT VENTURES/OBLIGATIONS IN EXCESS OF INTERESTS IN JOINT VENTURES (Cont'd)

Details of the Group's joint ventures at 31st December, 2022 and 2021 are as follows:

Name of joint venture	business incor	business			n/ Effective interest held Proportion of voting by the Company rights held by the Group Pri

Notes:

- (a) Prosperous Power US LLC ("Prosperous Power"), a wholly owned subsidiary of Lion Trade Global Limited ("Lion Trade"), which in turn is owned indirectly as to 70% by a wholly owned subsidiary of the Company and 30% by a wholly owned subsidiary of Build King, holds 34.35% equity interest in Estates at Fountain Lake LLC ("Fountain Lake"). Fountain Lake is a limited liability company incorporated in the USA and is engaged in the investment in rental properties in the USA. During the year, the Group disposed of its entire equity interest in Fountain Lake.
- (b) Ruyi Residence was formed by the Group with paid up capital of Malaysian ringgit ("MYR") 10,000. In 2021, the Group, through Build King held 64% equity interest in Ruyi Residence. Ruyi Residence is a limited liability company incorporated in Malaysia and is engaged in property development activities. At 31st December, 2021, Build King provided shareholder's loan of approximately HK\$23,507,000 to Ruyi Residence. On 14th March, 2022, Build King further acquired 20% attributable interest in Ruyi Residence from an independent joint venture partner at a cash consideration of MYR1,000,000 (equivalent to HK\$1,873,000). Before the acquisition, Build King and other two independent third parties jointly control over Ruyi Residence because unanimous consent from all joint venture partners is required to make decisions in the board of directors under the Articles of Association of Ruyi Residence. After the acquisition, pursuant to the amended Memorandum and Articles of Association, all of the relevant activities required approval by simple majority of the board of directors, Build King powers in the board of directors of Ruyi Residence which give the Group the current ability to direct the relevant activities. As a result, Ruyi Residence ceased to be a joint venture and becomes a non-wholly owned subsidiary of the Group. For details, please refer to note 55(a).
- (c) The Company holds the effective interest in the joint venture through Build King. Under the joint venture agreement, the entity is jointly controlled by Build King and the other joint venture partner. Therefore, the entity is classified as a joint venture.
- (d) At 31st December, 2021, Build King had provided shareholder's loan of HK\$10,597,000 to Sunny Harvest.
- (e) Prosperous Power holds 75% equity interest in Wisdom H6 LLC. Wisdom H6 LLC is a limited liability company incorporated in the USA and is engaged in the investment in rental properties in the USA.
- (f) During the year ended 31st December, 2021, an impairment loss of HK\$34,265,000 had been recognised as the recoverable amount of the interest in Dezhou Heng Yuan which was determined by fair value of its property, plant and equipment was lower than its carrying amount.

# 23. INTERESTS IN JOINT VENTURES/OBLIGATIONS IN EXCESS OF INTERESTS IN JOINT VENTURES (Cont'd)

### Summarised financial information of material joint ventures

Summarised financial information in respect of the Group's material joint ventures is set out below. The summarised financial information below represents amounts shown in the joint venture's financial statements prepared in accordance with HKFRSs.

All joint ventures are accounted for using the equity method in the Group's consolidated financial statements.

### Estates at Fountain Lake LLC

Fountain Lake is engaged in investment in rental properties in the USA. During the year ended 31st December, 2022, the Group received dividends of HK\$3,227,000 (2021: HK\$2,584,000) from Fountain Lake.

	2021
	HK\$'000

*Note:* The Company holds the effective interest in the above joint operations through Build King. Under the joint arrangement agreement, the entity is jointly controlled by Build King and the other partners of the joint arrangement. Therefore, the entity is classified as a joint operation.

# 24. JOINT OPERATIONS (Cont'd)

The above table lists the joint operations of the Group which, in the opinion of the directors, principally affect the results for the year or constitute a substantial portion of the net assets of the Group. To give details of other joint operations would, in the opinion of the directors, result in particulars of excessive length.

## 25. FINANCIAL ASSETS AT FVTPL

	2022	2021
	HK\$'000	HK\$'000
Financial assets mandatorily measured at FVTPL		
Listed equity securities in Hong Kong	28,573	51,314
Quoted equity securities in USA (note a)	1,771	11,354
Unlisted equity investment (note b)	1,220	6,000
Quoted debt securities (note c)	496,817	849,881
Participation rights of a property development project (note d)	196,303	111,644
	724,684	1,030,193
Classified under:		
Non-current assets	197,523	117,644
Current assets	527,161	912,549
	724,684	1,030,193

### Notes:

- (a) The quoted equity securities represent investment in equity securities issued by an entity (the "US Entity") incorporated in the USA. The US Entity is engaged in manufacture and sale of pharmaceutical products. It has been acquired principally for the purpose of selling in the near term, thus classified as held for trading. The quoted equity securities are available for trading at the USA's Over-The-Counter ("OTC") market and are revalued according to the available quoted OTC price at the end of each reporting period.
- (b) The unlisted equity investment represents investment in a private entity incorporated in Hong Kong. The fair value of the investment is measured with reference to the net asset value of the private entity (2021: recent transaction price).
- (c) The quoted debt securities represent investment in bonds and notes. They have been acquired principally for the purpose of selling in the near term, thus classified as held for trading. The quoted debt securities were pledged to banks for securing certain banking facilities granted to the Group.
- (d) On 30th November, 2021, RK Properties Holdings Limited ("RKP"), an indirect wholly owned subsidiary of Road King and Supreme Gain Limited ("Supreme Gain"), an indirect wholly owned subsidiary of the Company entered into a participation agreement and pursuant to which RKP granted participation rights to Supreme Gain which allow Supreme Gain to enjoy a pro rata portion of 32.5% of the economic interest attributable to RKP's 70% interest (or 22.75% attributable interest) in a property development project with the parcel of land located in Guangzhou, the PRC. The participation rights represent the right to share economic benefits and consequences under the relevant pro rata portion of RKP's interests. As the participation rights do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI, it is classified as financial assets at FVTPL. At 31st December, 2022, the fair value of the participation rights was HK\$196,303,000 (2021: HK\$111,644,000).

Details of fair value measurements are set out in note 49(c).

## 26. OTHER FINANCIAL ASSET AT AMORTISED COST

Wuxi Qianhui entered into a service concession arrangement with the local government whereby Wuxi Qianhui is required to build the infrastructure of a sewage treatment plant phase I and is granted an exclusive operating right for provision of sewage treatment services to the industrial and domestic users in Qian Qiao Zhen, Hui Shan District, Wuxi City, Jiang Su Province of the PRC for a term of 30 years.

At the end of the operating period, Wuxi Qianhui is required to transfer the sewage treatment plant phase I to the local government. Wuxi Qianhui commenced the construction in 2005 and finished in 2006. The sewage treatment plant phase I had been put into operation in 2007.

Under the service concession arrangement, the local government of Qian Qiao Zhen guarantees a minimum volume of sewage to be treated by the plant with a fixed predetermined rate per ton of sewage. The agreed price will be reviewed annually. Therefore, the service concession arrangement is classified as financial asset. The fair value of the consideration receivable for the construction services rendered under the service concession arrangement is recognised as other financial asset carrying effective interest rate of 2.61% per annum and recoverable over the service concession period of 30 years.

Detail of the impairment assessment are set out in note 49(b).

## 27. DERIVATIVE FINANCIAL INSTRUMENTS

	2022	2021
	HK\$'000	HK\$'000
Derivative financial assets (under hedge accounting)		
Cash flow hedges		
- Interest rate swaps	60,198	11,421

During the year ended 31st December, 2021, the Group entered into certain interest rate swap contracts to minimise its exposures to forecast cash flow interest rate risk on certain bank loans.

The terms of the interest rate swap contracts have been negotiated to match the terms of the respective designated hedging items and the directors of the Company consider that the interest rate swaps are effective hedging instruments and have designated them as cash flow hedging instruments for hedge accounting purpose. Included in bank loans as disclosed in note 38 were bank loans of HK\$800,000,000 which were under cash flow hedges. The major terms of these swap contracts at 31st December, 2022 and 2021 are as follows:

Notional amount Maturity date Pay fixed rate range Receiving floating rate HK\$800,000,000 25th March, 2025 0.62% to 0.73% One month HKD Hong Kong Interbank Offered Rate ("HIBOR")

### 27. DERIVATIVE FINANCIAL INSTRUMENTS (Cont'd)

All of the above interest rate swap contracts are designated and effective as cash flow hedges. The fair value gain of the above interest rate swap contracts amounting to HK\$48,777,000 (2021: HK\$11,421,000) is recognised in other comprehensive income and accumulated under the other reserve at 31st December, 2022. The directors of the Company expected the accumulated sum is to be released at various dates in the coming maturity periods after the reporting period. The classification of the fair value measurement of the above derivative financial instruments at 31st December, 2022 is Level 2 under the fair value hierarchy (see note 49(c) for details).

### **28. INVENTORIES**

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Property under development for sale (note)	50,350	_
Raw materials	6,580	3,705
Consumables	5,777	6,595
Uninstalled construction materials	64,152	36,426
Finished goods	2,981	1,508
	129,840	48,234

*Note:* The carrying amount of property under development for sale is stated at lower of cost and net realisable value. It is located in Malaysia and represents property under development for subsequent sale upon completion.

The cost of inventories recognised as an expense during the year is HK\$1,302,154,000 (2021: HK\$1,265,559,000).

## 29. DEBTORS, DEPOSITS AND PREPAYMENTS

	2022	2021
	HK\$'000	HK\$'000
	,	,
Trade debtors - contracts with customers	456,757	438,680

Current assets	854,517	784,083
	854,517	808,644

# 29. DEBTORS, DEPOSITS AND PREPAYMENTS (Cont'd)

At 1st January, 2021, trade receivables (net of allowance for credit losses) from contracts with customers amounted to HK\$345,008,000.

At 31st December, 2022, the Group's trade debtors included an amount of HK\$450,000 (2021: HK\$3,276,000) due from a related company which is an associate of a substantial shareholder of the Company.

At 31st December, 2022, the Group's other debtors include the followings:

- (a) Tianjin Wai Kee Earth advanced a loan to an independent third party in the amount of RMB50,000,000 (equivalent approximately to HK\$55,875,000) during the year ended 31st December, 2019. The loan is interest bearing at 12% fixed rate per annum and repayable on demand.
- (b) The Group advanced a loan with principal amount of US\$3,150,000 (equivalent approximately to HK\$24,608,000) (2021: US\$3,150,000 (equivalent approximately to HK\$24,561,000)) (the "Loan") to the US Entity. On 15th January, 2020, the Group and the US Entity entered into an agreement and pursuant to which the Loan was repayable on 15th June, 2020 and carried interest at 11% per annum. On 15th June, 2020, the Group and the US Entity further agreed that the Loan was extended to be repayable on 15th June, 2023 ("Loan Due Date") and carries interest at 12% per annum, On 13th July, 2020, the US Entity issued contingent common stock purchase warrant (the "Warrant") to the Group to purchase from the US Entity up to its 1,250,000 common shares ("Warrant Shares") at an exercise price of US\$2.05 each. Pursuant to the terms of the Warrant, if full repayment of the Loan ("Repayment") is made on or before 15th June, 2022, the Warrant shall become exercisable for 500,000 Warrant Shares during the period from the date of Repayment to 15th June, 2025. If either Repayment is made during the period from 16th June, 2022 to Loan Due Date or no Repayment is made on Loan Due Date, the Warrant shall become exercisable for 1,250,000 Warrant Shares for the period from either the date of Repayment or Loan Due Date to 15th June, 2025. The directors of the Company consider the fair value of the Warrant is immaterial at the end of both reporting periods.

The Group allows an average credit period of 60 days to its customers. The following is an aged analysis of trade debtors (net of allowance for credit losses) presented based on the invoice date:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Trade debtors		
0 to 60 days	414,014	401,111
61 to 90 days	4,957	2,391
Over 90 days	37,163	34,555
	456,134	438,057

Bills receivables of the Group normally mature within 90 days from the bills receipt date.

### 29. DEBTORS, DEPOSITS AND PREPAYMENTS (Cont'd)

Before accepting any new customer, the Group assesses the potential customer's credit quality and defines credit limit by customer. Limits and scores attributed to customers are reviewed periodically. The majority of the trade debtors that are neither past due nor impaired have good settlement history. The Group has assessed the creditworthiness and historical default rates of these customers. Trade debtors that are past due but not impaired have the good quality with reference to respective settlement history.

In determining the recoverability of a trade debt, the Group considers any change in the credit quality of the trade debtor from the date on which credit was initially granted up to the end of the reporting period. The concentration of credit risk is limited due to major customer of the Group is the Government of HKSAR. Accordingly, the directors of the Company believe that there is no further provision required.

Details of impairment assessment of trade and other receivables are set out in note 49(b).

## **30. CONTRACT ASSETS**

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Analysed as current:		
Unbilled revenue of construction contracts (note a) Retention receivables of construction contracts (note b)	2,220,778 728,842	2,228,564 655,351
	2,949,620	2,883,915
Retention receivables of construction contracts		
Due within one year	105,903	83,803
Due after one year	622,939	571,548
	728,842	655,351

At 1st January, 2021, contract assets amounted to HK\$1,775,017,000.

Notes:

- (a) Unbilled revenue included in contract assets represents the Group's right to receive consideration for work completed but not yet billed because the rights are conditional upon the satisfaction by the customers on the construction work completed by the Group and the work is pending for the certification by the customers. The contract assets are transferred to trade receivables when the rights become unconditional, which is typically at the time the Group obtains the certification of the completed construction work from the customers.
- (b) Retention receivables included in contract assets represent the Group's right to receive consideration for work performed and not yet billed because the rights are conditional on the satisfaction of the service quality by the customers over a certain period as stipulated in the contracts. The contract assets are transferred to trade receivables when the rights become unconditional, which is typically at the expiry date of the period for the provision of assurance by the Group on the service quality of the construction work performed by the Group. For retention receivables in respect of construction contracts, the due dates are usually one year after the completion of the construction work.

### 30. CONTRACT ASSETS (Cont'd)

At 31st December, 2022, the Group's unbilled revenue of construction contracts included an amount of HK\$24,648,000 receivable from related companies which are subsidiaries of a substantial shareholder of the Company.

At 31st December, 2021, the Group's unbilled revenue and retention receivables of construction contracts included amounts of HK\$9,901,000 and HK\$6,748,000 respectively receivables from related companies which are subsidiaries of a substantial shareholder of the Company.

The Group classifies these contract assets under current assets because the Group expects to realise them in its normal operating cycle.

Details of the impairment assessment are set out in note 49(b).

# 31. AMOUNTS DUE FROM ASSOCIATES, A JOINT VENTURE AND OTHER PARTNERS OF JOINT OPERATIONS

The amounts are unsecured, interest-free and repayable on demand.

### 32. CASH HELD ON BEHALF OF CUSTOMERS

WK Securities Limited, a wholly owned subsidiary of the Company, maintains segregated accounts with authorised institutions to hold client's money arising from its normal course of business.

The Group has classified the client's money as cash held on behalf of customers under current assets of the consolidated statement of financial position and recognised the corresponding accounts payable to respective clients on the grounds that it is liable for any loss or misappropriation of client's money.

The cash held on behalf of customers is restricted and governed by the Securities and Futures (Client Money) Rules under the Securities and Futures Ordinance.

At 31st December, 2022, cash held on behalf of customers included aggregate amount of HK\$1,629,000 (2021: HK\$485,000) held on behalf of certain directors of the Company. The same amount is payable to these directors of the Company and included in creditors and accrued charges.

# 33. PLEDGED BANK DEPOSITS, TIME DEPOSITS WITH ORIGINAL MATURITY OF NOT LESS THAN THREE MONTHS AND BANK BALANCES

At 31st December, 2022, bank deposits of the Group amounting to HK\$113,696,000 (2021: HK\$90,910,000) were pledged to banks for securing certain banking facilities granted to the Group. The pledged bank deposits carry interest at market rates which range from 0.3% to 3.76% (2021: 0.001% to 2.75%) per annum.

At 31st December, 2022, time deposits of HK\$235,101,000 (2021: HK\$20,210,000) with original maturity of not less than three months carry interest at market rates which range from 2.25% to 4.92% (2021: 0.14% to 2.1%) per annum.

# 33. PLEDGED BANK DEPOSITS, TIME DEPOSITS WITH ORIGINAL MATURITY OF NOT LESS THAN THREE MONTHS AND BANK BALANCES (Cont'd)

At 31st December, 2022, bank balances (include time deposits of HK\$613,789,000 (2021: HK\$196,134,000) with original maturity of less than three months) carry interest at market rates which range from 0.001% to 4.37% (2021: 0.001% to 0.45%) per annum.

At 31st December, 2022, the Group's bank balances included carrying amounts of HK\$93,401,000 (2021: HK\$67,188,000) and HK\$328,033,000 (2021: HK\$224,696,000) which are denominated in Renminbi and United States dollar respectively that are the currencies other than the functional currencies of the relevant group entities.

# 34. CREDITORS AND ACCRUED CHARGES

	2022	2021
	HK\$'000	HK\$'000
Trade creditors (aged analysis based on the invoice date):		
0 to 60 days	486,112	374,742
61 to 90 days	102,396	81,625
Over 90 days	29,844	13,941
	618,352	470,308
Retention payables	879,476	641,789
Accrued project costs	2,289,636	2,651,185
Payable for extraction right <i>(note 40)</i>	-	90,831
Other creditors and accrued charges	289,213	245,195
	4,076,677	4,099,308
Retention payables		
Due within one year	145,317	88,528
Due after one year	734,159	553,261
	879,476	641,789

The Group has financial risk management policies in place to ensure that all payables are within the credit time frame. For retention payables in respect of construction contracts, the due dates are usually one year after the completion of the construction works and are expected to be settled within the Group's normal operating cycle.

# **35. CONTRACT LIABILITIES**

	2022 HK\$'000	2021 <i>HK\$'000</i>
Construction contracts Steam fuel plant operation	504,863 7,884	405,696
	512,747	405,696

At 1st January, 2021, contract liabilities amounted to HK\$568,706,000.

Contract liabilities of the Group, which are expected to be settled within the Group's normal operating cycle, are classified under current liabilities.

Revenue from construction contracts recognised during the year ended 31st December, 2022 that was included in the contract liabilities at the beginning of the year was HK\$150,250,000 (2021: HK\$328,332,000).

# Typical payment terms which impact on the amount of contract liabilities recognised are as follows:

### **Construction contracts**

In recognising the construction revenue, the Group adjusts the amount of payment received for the effect of the time value of money of the goods and services transferred to the customers. In certain circumstances, the adjustment will result the amount of payment received in excess of the revenue recognised to date. Such difference will be recorded as contract liabilities.

# 36. AMOUNTS DUE TO ASSOCIATES, OTHER PARTNERS OF JOINT OPERATIONS AND NON-CONTROLLING SHAREHOLDERS

The amounts are unsecured, interest-free and repayable on demand.

# **37. LEASE LIABILITIES**

	2022 HK\$'000	2021 <i>HK\$'000</i>
Lease liabilities payable:		
Within one year	43,278	27,936
In the second year	48,488	20,435
In the third to fifth year inclusive	53,875	2,851
Total Less: Amount shown under current liabilities	145,641 (43,278)	51,222 (27,936)
Amount shown under non-current liabilities	102,363	23,286

# 38. BANK LOANS

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
The maturity of the bank loans that based on repayment schedules of respective loan agreements is as follows:		
Within one year In the second year In the third to fifth year inclusive	277,418 249,835 977,500	774,476 153,532 1,165,790
Total <i>Less:</i> Amount shown under current liabilities	1,504,753 (391,253)	2,093,798 (943,798)
Amount shown under non-current liabilities	1,113,500	1,150,000
Secured Unsecured	117,156 1,387,597	303,257 1,790,541
	1,504,753	2,093,798

At 31st December, 2022, all bank loans are variable-rate borrowings indexed to benchmark rate which carry interest ranging from 0.92% to 7.06% (2021: 0.92% to 5.30%) per annum, except for bank loans of RMB39,300,000 (equivalent approximately to HK\$44,334,000) (2021: RMB41,300,000 (equivalent approximately to HK\$50,572,000)) which carry fixed interest rate at 5.87% (2021: 5.87%) per annum. Interest of variable-rate bank loans is repriced every one, two, three or six months.

At 31st December, 2022, bank loans of HK\$319,753,000 (2021: HK\$806,998,000) contain a repayment on demand clause have been classified as current liabilities, of which bank loans that are repayable after one year after the end of the reporting period with an aggregate carrying amount of HK\$113,835,000 (2021: HK\$169,322,000).

The share of a subsidiary of the Company, certain bank deposits and the quoted debt securities are pledged to secure certain banking facilities granted to the Group for both years.

### 39. BONDS

On 23rd October, 2015, Elite Excellent Investments Limited ("Elite Excellent"), a wholly owned subsidiary of the Company, as the issuer executed a bond instrument for the purposes of issuing of perpetual bonds in denomination of HK\$10,000 each with a limit on the aggregate principal amount of HK\$61,250,000. On 24th August, 2016, Elite Excellent executed a supplemental deed which increased the limit on the aggregate principal amount to HK\$122,500,000. The bonds are redeemable at any time at the option of Elite Excellent. The total amount of the bonds payable on redemption shall be calculated by deduction of the absolute amount of accumulated loss after tax in respect of a quarry site in Hong Kong operated by the Group. On 2nd January, 2019, Elite Excellent executed a supplemental deed to amend the terms and conditions to change from accruing interest at the rate of 5% per annum to interest-free on the principal amount of HK\$115,150,000 (2021: HK\$115,150,000) are issued. The effective interest rate of the bonds is 5% (2021: 5%) per annum.

	2022 HK\$'000	2021 <i>HK\$'000</i>
Analysed as:		
Non-current	127,358	121,293

### 40. PAYABLE FOR EXTRACTION RIGHT

During the year ended 31st December, 2015, the Group acquired the extraction right of rock reserve in the quarry site as detailed in note 18(b). Pursuant to the contract with the Government of HKSAR, the total consideration of the extraction right of rock reserve is HK\$653,888,000 which is payable by 14 equal semi-annual instalments until October 2022. At 31st December, 2021, the payable was carried at amortised cost of effective interest rate of 5.63% per annum.

Details of the payable are as follows:

	2022	2021
	HK\$'000	HK\$'000
Fair value of consideration payable at the beginning of the year Imputed interest for the year Payments during the year	90,831 2,582 (93,413)	176,820 7,423 (93,412)
Carrying amount at the end of the year which shown under current liabilities (note 34)	_	90,831

# 41. PROVISION FOR REHABILITATION COSTS

	2022	2021
	HK\$'000	HK\$'000
		05 005
Fair value of estimated costs to be incurred at the beginning of the year	35,373	35,905
Imputed interest for the year	1,100	1,748
Payments during the year	(1,324)	(2,280)
Carrying amount at the end of the year	35,149	35,373
Less: Amount shown under current liabilities	55,145	00,070
(included in creditors and accrued charges)	-	(35,373)
Amount shown under non-current liabilities	35,149	_

The provision for rehabilitation costs represents estimated total costs to be incurred for rehabilitation work to be completed in a quarry site before the expiry of the contract period in December 2025 (2021: April 2023).

## 42. DEFERRED TAX LIABILITIES

	2022 HK\$'000	2021 <i>HK\$'000</i>
Deferred tax liabilities	5,750	18,468

The deferred tax liabilities recognised by the Group represent tax effect of fair value of intangible assets arising from the acquisition of a business during the year ended 31st December, 2005 and acquisition of a business during the year ended 31st December, 2021.

	HK\$'000
At 1st January, 2021	5,750
Acquisition of a business (note 55(b))	15,737
Credit to profit or loss (note 13)	(3,019)
At 31st December, 2021	18,468
Credit to profit or loss (note 13)	(12,718)

# 42. DEFERRED TAX LIABILITIES (Cont'd)

At the end of the reporting period, the Group has unused tax losses carried forward to offset future profits, the utilisation of which will expire in the following years:

	2022 HK\$'000	2021 <i>HK\$'000</i>
Tax losses:		
Carried forward indefinitely	1,266,755	1,092,867

No deferred tax asset has been recognised in respect of unused tax losses due to the unpredictability of future profit streams.

## 43. AMOUNT DUE TO AN ASSOCIATE

The amount is unsecured, interest-free and has an agreed repayment term which is not repayable within 12 months from the end of the reporting period and the balance is therefore shown under non-current liabilities. The amount is carried at amortised cost using effective interest rate of 5.4% (2021: 5.4%) per annum.

## 44. OTHER CREDITORS

The amounts are unsecured, interest bearing at 4% (2021: 4%) fixed rate per annum and variable interest with special condition as per respective loan agreements and will be fully repaid before 31st December, 2025, therefore the amounts are classified as non-current at 31st December, 2022 and 2021.

# 45. SHARE CAPITAL

	Number of shares		Share capital

## 47. SHARE OPTION SCHEME

The share option scheme of the Company (the "Share Option Scheme") was adopted by the Company at the annual general meeting held on 15th May, 2012. The Share Option Scheme expired on 14th May, 2022.

A summary of the Share Option Scheme is set out as follows:

### (a) Purpose of the Share Option Scheme

The purpose of the Share Option Scheme is to provide selected participants with the opportunity to acquire proprietary interests in the Company and to encourage participants to work towards enhancing the value of the Company and the shares of the Company for the benefit of the Company and its shareholders as a whole.

### (b) Participants of the Share Option Scheme

The participants include any executive or non-executive directors of the Group, any executives or officers and full-time employees of the Group who the Board or a committee thereof appointed for the purpose of administering the Share Option Scheme considers, in its sole discretion, have contributed or will contribute to the Group.

# 47. SHARE OPTION SCHEME (Cont'd)

# (c) Total number of shares available for issue under the Share Option Scheme and percentage of the issued share capital at the date of this annual report

No share option of the Company has been granted under the Share Option Scheme since its adoption.

As the Share Option Scheme expired on 14th May, 2022, there is no share available for issue at the date of this annual report.

### (d) Maximum entitlement of each participant under the Share Option Scheme

The total number of shares issued and to be issued upon exercise of the options granted to each participant (including exercised, cancelled and outstanding options) in any 12-month period must not exceed 1% of the shares of the Company in issue unless the same is approved by the shareholders of the Company.

### (e) The period within which the shares must be taken up under an option

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during the period commencing on the 1st anniversary of the date of its commencement (being the date upon which the option is deemed to be accepted pursuant to the Share Option Scheme) and expiring on the 4th anniversary of such date of commencement.

### (f) The minimum period for which an option must be held before it can be exercised

An option must be held for a year before it can be exercised.

# (g) The amount payable on application or acceptance of the option and the period within which payments or calls must or may be made or loans for such purposes must be repaid

HK\$1 is to be paid as consideration for the grant of option on or before the date of acceptance (being a date not later than 30 days after the date of grant).

#### (h) The basis of determining the exercise price

The exercise price shall be determined by the Board in its absolute discretion but in any event shall be at least the highest of:

- (i) the closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet on the date of grant which must be a business day;
- the average closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheets for the 5 business days immediately preceding the date of grant; and
- (iii) the nominal value of the shares of the Company.

### 47. SHARE OPTION SCHEME (Cont'd)

### (i) The remaining life of the Share Option Scheme

The Share Option Scheme shall be valid and effective for a period of 10 years commencing on the adoption date, i.e. 15th May, 2012.

During the year ended 31st December, 2021, no share option was granted or outstanding in the Share Option Scheme.

### 48. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of debts, which include lease liabilities, bank loans, bonds and other creditors as disclosed in notes 37, 38, 39 and 44, and equity attributable to owners of the Company, comprising issued capital and reserves.

The directors of the Company review the capital structure periodically. As a part of this review, the management of the Group assesses the annual budget prepared by the treasury department which reviews the planned construction projects proposed by engineering department and takes into account the provision of funding. Based on the proposed annual budget, the management of the Group considers the cost of capital and the risks associated with the capital. The directors of the Company also balance its overall capital structure through payment of dividends, issue of new shares as well as raise of new debts or the redemption of existing debts.

The Group's overall strategy remains unchanged from prior year.

## **49. FINANCIAL INSTRUMENTS**

### (a) Categories of financial instruments

	2022	2021
	HK\$'000	HK\$'000
Financial assets		
Financial assets at FVTPL	724,684	1,030,193
Derivative financial instruments		
<ul> <li>designated as hedging instruments</li> </ul>	60,198	11,421
Financial assets at amortised cost	3,591,509	3,030,012
	4,376,391	4,071,626
Financial liabilities		
Financial liabilities at amortised cost	5,695,355	6,264,776

## 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies

The Group's major financial instruments include loan to an associate, financial assets at FVTPL, other financial asset at amortised cost, derivative financial instruments, debtors and deposits, cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months, bank balances and cash, creditors, bank loans, bonds and amounts due from/to associates, a joint venture, other partners of joint operations and non-controlling shareholders. Details of the financial instruments are disclosed in the respective notes. The risks associated with these financial instruments include market risk (currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure that appropriate measures are implemented on a timely and effective manner.

### Market risk

(i) Currency risk

Certain financial assets at FVTPL, pledged bank deposits and bank balances are denominated in foreign currencies, principally denominated in Renminbi and United States dollar, which are different from the functional currency of the relevant group entities and therefore the Group is exposed to currency risk. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currencies should the needs arise.

The carrying amounts of the Group's monetary assets denominated in foreign currencies at the end of the reporting period are as follows:

	Assets	
	2022 HK\$'000	2021 <i>HK\$'000</i>
Renminbi United States dollar	289,704 791,903	178,832 1,099,093

## 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

### Market risk (Cont'd)

(i) Currency risk (Cont'd)

Sensitivity analysis

The Group is mainly exposed to the currency risks for fluctuation in exchange rates of Renminbi and United States dollar.

The following table details the Group's sensitivity to a 6% (2021: 6%) increase and decrease in Hong Kong dollar against Renminbi. 6% (2021: 6%) is the sensitivity rate used which represents management's assessment of the reasonably possible change in foreign exchange rate. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the repoting period for a 6% (2021: 6%) change in foreign currency rate. A positive number below indicates an increase in post-tax profit where Renminbi strengthens 6% (2021: 6%) against Hong Kong dollar. For a 6% (2021: 6%) weakening of Renminbi against Hong Kong dollar, there would be an equal and opposite impact on the post-tax profit.

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Impact of Renminbi	14,514	8,959

In management's opinion, the sensitivity analysis above is unrepresentative of the inherent foreign exchange risk as the year end exposure does not reflect the exposure during the year.

As United States dollar is pegged with Hong Kong dollar, the currency risk exposure for monetary assets denominated in United States dollar is considered immaterial. Hence, no foreign currency sensitivity analysis in relation to United States dollar is disclosed.

### (ii) Interest rate risk

The Group's exposure to cash flow interest rate risk relates primarily to bank loans (note 38) which are at variable-rate and determined by reference to the prevailing market rate. In order to keep the Group's bank loans at fixed rates, the Group entered into interest rate swap contracts to hedge against its exposures to changes in cash flows of certain bank loans. The critical terms of these interest rate swaps are the same to those of hedged bank loans. Interest rate swap contracts are designated as effective hedging instruments and hedge accounting is used (see note 27 for details). Although the Group is also exposed to fair value interest rate risk primarily in relation to fixed rate loan to an associate (note 22), loan to an independent third party (note 29(a)), loan to the US Entity (note 29(b)) and bank loans (note 38), the Group's policy to keep its borrowings at floating rate of interests would minimise the fair value interest rate risk.

## 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

### Market risk (Cont'd)

### (ii) Interest rate risk (Cont'd)

A fundamental reform of major interest rate benchmarks is being undertaken globally, including the replacement of some interbank offered rates ("IBORs") with alternative nearly risk-free rates. Several of the Group's HIBOR bank loans may be subject to the interest rate benchmark reform. The Group is closely monitoring the transition to new benchmark interest rates.

The management monitors interest rate exposure and will consider hedging additional significant interest rate exposure should the needs arise.

#### Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rate risk for non-derivative instruments at the end of the reporting period.

The analysis is prepared assuming the amount of liabilities outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis points (2021: 100 basis points) increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates on variable-rate bank loans (excluding bank loans under cash flow hedges of HK\$800,000,000 (2021: HK\$800,000,000)) had been 100 basis points (2021: 100 basis points) higher/lower and all other variables were held constant, the Group's post-tax profit for the year ended 31st December, 2022 would decrease/increase by HK\$5,452,000 (2021: HK\$10,296,000). This is mainly attributable to the Group's exposure to fluctuation in interest rates on its variable-rate bank loans which are not hedged against their exposures to cash flow interest rate risk at the end of the reporting period.

#### (iii) Other price risk

The Group is exposed to security price risk through its investments in listed and quoted equity and debt securities under financial assets at FVTPL. Management manages this exposure by maintaining a portfolio of investments with different risk profiles.

### Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to security price risks at the end of the reporting period.

If the prices of the respective instruments had been 10% (2021: 10%) higher/lower while all other variables were held constant, the Group's post-tax profit for the year ended 31st December, 2022 would increase/decrease by HK\$44,018,000 (2021: HK\$76,198,000) as a result of the changes in fair values of the listed and quoted equity and debt securities.

The other price sensitivity analysis above represents the exposure of the listed and quoted equity and debt securities at the end of the reporting period only. It may not be representative of the exposure for the year.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

#### Credit risk management and impairment assessment

Apart from the two (2021: two) largest trade receivables balances, the Group does not have significant risk exposure to any single counterparty at 31st December, 2022.

#### Trade receivables and contract assets arising from contracts with customers

At 31st December, 2022, the Group has concentration of credit risk as the two (2021: two) largest trade receivables balances account for 61% (2021: 68%) of the total trade receivables. The default risk of the two (2021: two) largest trade receivables balances should be low as these customers have good reputation and financially sound.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits and credit approvals. Before accepting any new customer, the Group uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limit by customer. Limits and scoring attributed to customers are reviewed twice a year. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue trade debts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

# Amounts due from associates, a joint venture and other partners of joint operations and loan to an associate

The credit risk of amounts due from associates, a joint venture and other partners of joint operations and loan to an associate is managed through an internal process. The Group actively monitors the outstanding amount owed by each related party and identifies any credit risks in a timely manner in order to reduce the risk of a credit related loss. Further, the Group closely monitors the financial performance of associates, a joint venture and other partners of joint operations which are mainly engaged in the construction service in Hong Kong. In this regard, the directors of the Company consider the Group's credit risk is significantly reduced.

#### Other financial asset at amortised cost, other debtors and deposits

The credit risk of other financial asset at amortised cost, other debtors and deposits is managed through an internal process. The Group closely monitors the outstanding amounts of other financial asset at amortised cost, other debtors and deposits and identifies any credit risk in a timely manner in order to reduce the risk of a credit related loss. In this regard, the directors of the Company consider the Group's credit risk is significantly reduced.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

#### Credit risk management and impairment assessment (Cont'd)

Cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months, bank balances and bills receivables

The credit risk of cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months, bank balances and bills receivables is limited because the counterparties are banks or financial institutions with high credit ratings and good reputation established in the PRC and Hong Kong. The Group assessed 12-month ECL for cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months, bank balances and bills receivables by reference to information relating to probability of default and loss given default of the respective credit rating grades published by external credit rating agencies. Based on the average loss rates, the 12-month ECL on cash held on behalf of customers, pledged bank deposits, time deposits with original maturity of not less than three months bank balances and bills receivables is considered to be insignificant.

Internal credit rating	Description	Trade receivables/ contract assets	Other financial assets
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL – not credit-impaired	12-month ECL
Watch list	Debtor frequently repays after due dates but usually settles in full	Lifetime ECL – not credit-impaired	12-month ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – not credit-impaired	Lifetime ECL – not credit-impaired
Loss	There is evidence indicating the asset is credit- impaired	Lifetime ECL – credit-impaired	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off	Amount is written off

The Group's internal credit risk grading assessment comprises the following categories:

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

#### Credit risk management and impairment assessment (Cont'd)

The table below details the maximum credit risk exposures of the Group's financial assets and contract assets which are subject to ECL assessment:

	Notes	External credit rating	Internal credit rating	12-month or lifetime ECL	Gross carrying amount	
					2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>

	Notes	External credit rating	Internal credit rating	12-month or lifetime ECL	Gro carrying		
					2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>	
Bank balances	33	Baa3 to Aa2 (2021: Baa3 to Aa2)	N/A	12-month ECL	2,306,756	2,041,212	
Bills receivables	29	Baa2 to A1 (2021: Baa2 to A1)	N/A	12-month ECL	19,295	26,638	
Other item							
Contract assets	30	N/A	Low risk <i>(note 3)</i>	Lifetime ECL	2,949,620	2,883,915	

\* The gross carrying amount disclosed above includes the relevant interest receivables which are presented in other debtors.

Notes:

- 1. For the purposes of internal credit risk management, the Group uses the financial information of the associates, a joint venture and other partners of joint operations and the past-due information of other debtors to assess whether credit risk has increased significantly since initial recognition. The related companies and other partners of joint operations are considered by management to have sound financial position and do not have any past-due amounts. The balances of other debtors and deposits are not past due.
- 2. For trade debtors, the Group has applied the simplified approach in HKFRS 9 to measure the allowance for credit losses at lifetime ECL. Except for certain trade debtors with significant balance or credit-impaired which are assessed individually, the Group determines the ECL on these items on a collective basis, grouped by internal credit rating.
- 3. For contract assets, the Group has applied the simplified approach in HKFRS 9 to measure the allowance for credit losses at lifetime ECL. The contract assets are assessed for ECL individually.

As part of the Group's credit risk management, the Group applies internal credit rating for its customers of the construction materials segment. The following table provides information about the exposure to credit risk for trade receivables which are assessed on a collective basis within lifetime ECL (not credit-impaired). Debtors with significant balances or credit-impaired with gross amount of HK\$407,865,000 (2021: HK\$403,076,000) and HK\$623,000 (2021: HK\$623,000), respectively at 31st December, 2022 were assessed individually.

The major customers of the Group are certain reputable organisations and the management of the Group considered that the credit risk is insignificant after considering their historical settlement and credit quality.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

#### Credit risk management and impairment assessment (Cont'd)

Trade receivables assessed on a collective basis

Internal credit rating	Average	loss rate	Gross carrying amount		
	2022	2021	2022	2021	
	%	%	HK\$'000	HK\$'000	
Low risk	0.55	0.25	48,269	34,981	

The estimated loss rates are estimated based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information that is available without undue cost or effort.

At 31st December, 2022, the Group's loss allowance on trade receivables of HK\$623,000 (2021: HK\$623,000) were assessed individually. In the opinion of the directors, no allowance for credit losses was made on trade receivables which are assessed on a collective basis as the impact is considered insignificant for both years.

The following table shows the movement in lifetime ECL that has been recognised for trade receivables under the simplified approach:

	Lifetime ECL (credit-impaired) <i>HK\$'000</i>
At 1st January, 2021	3,258
Reversal of allowance for credit losses	(2,635)
At 31st December, 2021 and 2022	623

The Group writes off trade receivables when there is information indicating that the debtors of trade receivables are in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtors of trade receivables have been placed under liquidation or have entered into bankruptcy proceedings, or when the debts are over two years past due, whichever occurs earlier.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

### Credit risk management and impairment assessment (Cont'd)

The credit risk of other debtors and deposits is managed through an internal process. The credit quality of each counterparty is investigated before an advance is made. The Group also actively monitors the outstanding amounts owed by each debtor and identifies any credit risks in a timely manner in order to reduce the risk of a credit related loss. The Group reviews the recoverable amount of these other debtors and deposits at the end of each reporting period.

For amounts due from associates, a joint venture and other partners of joint operations and loan to an associate, the management of the Group makes individual assessment on the recoverability of each balance based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information.

#### Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board which has built an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. At 31st December, 2022, the Group has available unutilised banking facilities of HK\$2,012,711,000 (2021: HK\$1,772,197,000).

#### Liquidity tables

The following tables detail the Group's remaining contractual maturity for its financial liabilities and lease liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank loans with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other financial liabilities are based on the agreed repayment dates.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

# (b) Financial risk management objectives and policies (Cont'd)

#### Liquidity risk (Cont'd)

#### Liquidity tables (Cont'd)

The tables include both interest and principal cash flows. To the extent that interest cash flows are at floating rates, the undiscounted amount is derived from interest rate curve at the end of the reporting period.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (b) Financial risk management objectives and policies (Cont'd)

### Liquidity risk (Cont'd)

#### Liquidity tables (Cont'd)

Bank loans with a repayment on demand clause are included in the "repayable on demand or not more than 3 months" time band in the above tables. At 31st December, 2022, the aggregate carrying amount of these bank loans amounted to HK\$319,753,000 (2021: HK\$806,998,000). Taking into account the Group's financial position, the directors do not believe that the banks will exercise their discretionary rights to demand immediate repayment. The directors believe that such bank loans will be repaid in accordance with the scheduled repayment dates as set out in respective loan agreements as detailed below:

	Not more than 3 months <i>HK\$'000</i>	More than 3 months but not more than 6 months <i>HK\$'000</i>	More than 6 months but not more than 1 year <i>HK\$'000</i>	More than 1 year but not more than 3 years <i>HK\$'000</i>	Total undiscounted cash flows <i>HK\$'000</i>	Carrying amount <i>HK\$'000</i>
At 31st December, 2022	162,799	33,294	19,069	119,626	334,788	319,753
At 31st December, 2021	464,638	154,313	35,550	176,191	830,692	806,998

The amounts included above for variable interest rate financial liabilities are subject to change if actual interest rates differ to those estimates of interest rates determined at the end of the reporting period.

#### Interest rate benchmark reform

As listed in notes 38 and 27, the Group's certain HIBOR bank loans and derivative financial instruments may be subject to the interest rate benchmark reform. The Group is closely monitoring the market and managing the transition to new benchmark interest rates, including announcements made by the relevant IBOR regulators.

#### HIBOR

While the Hong Kong Dollar Overnight Index Average ("HONIA") has been identified as an alternative to HIBOR, there is no plan to discontinue HIBOR. The multi-rate approach has been adopted in Hong Kong, whereby HIBOR and HONIA will co-exist. The Group's bank loans and derivative financial instruments linked to HIBOR will continue till maturity, and hence, not subject to transition.

### 49. FINANCIAL INSTRUMENTS (Cont'd)

### (c) Fair value measurements of financial instruments

#### Fair values of the Group's financial assets that are measured at fair value on a recurring basis

Some of the Group's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and input(s) used), as well as the level of the fair value hierarchy into which the fair value measurements are categorised (Levels 1 to 3) based on the degree to which the inputs to the fair value measurements is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Financial assets	Fair value		Fair value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)
	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>			
Listed equity securities in Hong Kong	28,573	51,314	Level 1	Quoted bid price in an active market	N/A
Quoted equity securities in the USA	1,771	11,354	Level 1	Quoted bid price in the OTC market	N/A
Unlisted equity investment	1,220	6,000	Level 3 (2021: Level 2)	Fair value derived by management estimation with reference to the net asset value of the private entity (2021: recent transaction price)	N/A
Quoted debt securities	496,817	849,881	Level 1	Market bid price or quoted price in an active market	N/A
Participation rights of a property development project	196,303	111,644	Level 3 (2021: Level 2)	Fair value was determined by discount cash flow method (2021: market value of the recent investment transaction)	Discount rate
Derivative financial instruments – Interest rate swap contracts	60,198	11,421	Level 2	Fair value provided by counterparty (financial institution) which used discount cash flow method	N/A

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated statement of financial position approximate to their fair values.

# **51. OPERATING LEASE**

#### The Group as lessor

Minimum lease payments receivable on leases are as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Within one year In the second to fifth year inclusive	331 591	550 1,001
	922	1,551

### 52. RETIREMENT BENEFITS SCHEMES

The Group has MPF Schemes and state-managed retirement benefit schemes for all eligible employees in Hong Kong and the PRC. The MPF Schemes are registered with the Mandatory Provident Fund Schemes Authority ("MPFA") in accordance with the Mandatory Provident Fund Schemes Ordinance ("MPF Schemes Ordinance").

The assets of the MPF Schemes are held separately from those of the Group under the control of independent trustees approved by the MPFA.

In addition to the mandatory contributions specified under the MPF Schemes Ordinance, the Group provides additional contributions for certain qualifying employees as specified in the rules of the Group's MPF Schemes. Employees leaving the MPF Schemes prior to the stipulated service periods may forfeit part of their benefits relating to the Group's voluntary contributions and these amounts may be applied to reduce future voluntary contributions payable by the Group.

The employees of the Company's subsidiaries in the PRC are members of a state-managed retirement benefit scheme operated by the government. The subsidiaries are required to contribute a fixed percentage of payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefit scheme is to make the specified contributions.

The amount charged to profit or loss of HK\$63,128,000 (2021: HK\$56,366,000) represents contributions paid or payable to the retirement benefits schemes by the Group at the rates specified in the rules of the MPF Schemes reduced by the aforesaid amount of forfeited benefits in respect of the current accounting period. The amount of forfeited contributions utilised in this manner during the year was approximately HK\$1,196,000 (2021: HK\$1,079,000). At the end of the reporting period, the total amount of forfeited contributions, which arose upon employees leaving the MPF Schemes and which are available to reduce the contributions payable in future years, was HK\$87,000 (2021: HK\$380,000).

### 53. RELATED PARTY TRANSACTIONS

During the year, other than the participation agreement entered into with RKP as set out in note 25(d), the Group entered into the following transactions with related parties:

	2022	2021
	HK\$'000	HK\$'000
Associates		
Construction contract revenue	19,159	30,627
Service income	60	60
Joint operations		
Sale of construction materials	203,694	124,690
Related companies (note)		
Construction contract revenue	-	5,206 <sup>1</sup>
Project management fee income	20,129	103 <sup>1</sup>
Sale of construction materials	<b>2,359</b> <sup>2</sup>	37,282²

Note: The related companies are subsidiaries and an associate of a substantial shareholder of the Company.

<sup>1</sup> The above related party transactions of the related companies regarding the construction contract revenue and project management fee income constitute continuing connected transactions which are subject to shareholders' approval, annual review and disclosures requirements under Chapter 14A of the Listing Rules.

<sup>2</sup> The above related party transaction of the related company regarding the sale of construction materials constitutes continuing connected transaction which is subject to annual review and disclosures requirements but exempt from circular and shareholders' approval requirements under Chapter 14A of the Listing Rules.

The amounts due from/to related parties and the related terms are set out in the consolidated statement of financial position and notes 22, 23, 29, 30, 31, 32, 36 and 43.

At 31st December, 2022, balances with an associate are included in contract assets of HK\$78,479,000 (2021: HK\$72,433,000).

#### **Compensation of key management personnel**

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Short-term employee benefits Post-employment benefits	115,551 5,556	111,727 5,044
	121,107	116,771

The emoluments of executive directors and senior management are determined by the Remuneration Committee with reference to salaries paid by comparable companies, their responsibilities, employment conditions, and prevailing market conditions.

### 54. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The table below details the changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or future cash flows will be, included in the Group's consolidated statement of cash flows as financing cash flows.

### 55. ACQUISITION OF SUBSIDIARIES

### (a) Acquisition of assets and liabilities through acquisition of a subsidiary

### Year ended 31st December, 2022

On 14th March, 2022, the Group, through Build King, further acquired 20% attributable interest in Ruyi Residence from an independent joint venture partner at a cash consideration of MYR1,000,000 (equivalent to HK\$1,873,000). Before the acquisition, the Group and other two independent third parties jointly controlled Ruyi Residence because unanimous consent from all joint venture partners was required to make decisions in the board of directors meeting under the constitution of Ruyi Residence. After the acquisition, pursuant to the amended Memorandum and Articles of Association, all of the relevant activities required approval by simple majority of the board of directors, the Group controls more than 50% of the voting powers in the board of directors of Ruyi Residence which give the Group the current ability to direct the relevant activities. The interest previously held by the Group in Ruyi Residence is deemed to be disposed of with a remeasurement gain amounting to HK\$6,138,000 at the acquisition date. Ruyi Residence becomes a non-wholly owned subsidiary of the Group under HKFRS 10 "Consolidated Financial Statements" and its results, assets and liabilities are consolidated with those of the Group.

Acquisition-related costs had been excluded from the consideration transferred. The costs were insignificant and recognised as an expense within the administrative expenses line item in the consolidated statement of profit or loss.

	HK\$'000
Property, plant and equipment	9
Inventory	52,554
Other debtors, deposits and prepayments	35
Bank balances and cash	2,206
Other creditor	(18,154)
Amount due to Build King	(23,507)
Amount due to non-controlling interest	(3,781)
Net assets	9,362

#### Assets acquired and liabilities assumed recognised at the date of acquisition are as follows:

# 55. ACQUISITION OF SUBSIDIARIES (Cont'd)

### (a) Acquisition of assets and liabilities through acquisition of a subsidiary (Cont'd)

### Year ended 31st December, 2022 (Cont'd)

The fair value of Ruyi Residence's identifiable assets and liabilities has been assessed by the management of the Group and it considered that the fair value of the other debtors, deposits and prepayments at the date of acquisition amounted to HK\$35,000, approximated to gross contractual amounts of those corresponding balances acquired by the Group. At the date of acquisition, the management of the Group considered that contractual cash flows not expected to be collected was insignificant.

### Goodwill arising on acquisition:

	HK\$'000
Consideration transferred	1,873
Add: Fair value of interest in a joint venture	5,991
Add: Non-controlling interest (note)	1,498
Less: Net assets acquired	(9,362)

*Note:* The non-controlling interest of 16% in Ruyi Residence recognised at the acquisition date was measured by reference to the proportionate shares of respective recognised amounts of net assets of relevant subsidiary and amounted to HK\$1,498,000.

#### Net cash inflow on acquisition of Ruyi Residence:

	HK\$'000
Bank balances and cash acquired	2,206
Bank balances and cash acquired ess: Cash consideration paid	(1,873)
	333

#### Impacts of acquisition on the results of the Group

The impact arising from the acquisition of Ruyi Residence to the Group's profit for the year and the revenue for the year is immaterial.

# 55. ACQUISITION OF SUBSIDIARIES (Cont'd)

### (b) Acquisition of a business

Year ended 31st December, 2021

On 26th November, 2021, Build King entered into a supplement deed with a joint venture partner and pursuant to which Build King obtains all of the rights, obligation and interest in an existing joint operation where Build King held 51% interest before the acquisition at a consideration of HK\$39,024,000, representing a cash consideration amounting HK\$106,652,000 and a receivable from the joint venture partner amounting HK\$67,628,000. Upon completion of the transaction, Build King had control over all the relevant activities of the joint operation.

The acquisition had been accounted for as acquisition of business using the acquisition method. Acquisition-related costs had been excluded from the cost of the above acquisition. The acquisition-related costs were insignificant and recognised as an expense within the administrative expense in the consolidated statement of profit or loss for the year ended 31st December, 2021.

Consideration transferred:

	HK\$'000
Cash consideration paid	106,652
Less: Receivable from the joint venture partner	,
(included in debtors, deposits and prepayments)	(67,628)
Total	39,024

Assets and liabilities of the joint operation at the date of acquisition were as follows:

	HK\$'000
Intangible asset	95,378
Debtors, deposits and prepayments	200,010
Contract assets	104,717
Bank balances and cash	906,071
Creditors and accrued charges	(453,115)
Amount due to Build King	(635,403)
Tax liabilities	(122,280)
Deferred tax liabilities	(15,737)
Net assets	79,641

The fair value and gross contractual amounts of trade debtors at the date of acquisition amounted to HK\$186,956,000. The best estimate at acquisition date of the contractual cash flows was expected to be collected in full.

# Notes to the Consolidated Financial Statements

For the year ended 31st December, 2022

### 55. ACQUISITION OF SUBSIDIARIES (Cont'd)

### (b) Acquisition of a business (Cont'd)

Year ended 31st December, 2021 (Cont'd)

Goodwill arising on acquisition:

39,024
40,617
(79,641)
_

Build King's previously held interest in the joint operation is remeasured to fair value amounting to HK\$40,617,000 at the acquisition date which is a non-cash transaction.

Net cash inflow arising from the acquisition:

	HK\$'000
Bank balances and cash acquired	443,975
Less: Cash consideration paid	(106,652)
	337,323

Impacts of acquisition on the results of the Group

Included in the profit for the year ended 31st December, 2021, profit amounting of HK\$8,966,000 was attributable to the business operation of the acquired joint operation. Revenue for the year ended 31st December, 2021 included HK\$80,824,000 which was generated from the acquired joint operation.

Had the acquisition been completed on 1st January, 2021, revenue for the year ended 31st December, 2021 of the Group would have been HK\$11,443,535,000, and profit for the year ended 31st December, 2021 of the Group would have been HK\$907,722,000. The pro forma information is for illustrative purposes only and is not necessarily an indication of revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed on 1st January, 2021, nor is it intended to be a projection of future results.

### 56. PRINCIPAL SUBSIDIARIES

Details of the Company's principal subsidiaries at 31st December, 2022 and 2021 are as follows:

Name of subsidiary	Place of incorporation or registration/ operation	Issued and fully paid ordinary share capital or registered capital*	Effective held by the		Principal activities

Notes:

- (a) The Company holds the effective interest in the subsidiary through Build King.
- (b) The shares of Build King are listed on the Main Board of the Stock Exchange.
- (c) These deferred shares, which are not held by the Group, practically carry minimal rights to dividends and no rights to receive notice of or to attend or vote at any general meeting of the company. On winding up, the holders of the deferred shares are entitled to a distribution out of the remaining assets of the company only after the distribution of substantial amounts as specified in the Articles of Association to the holders of the ordinary shares of the company.
- (d) During the year, the Group further acquired 1.36% interest in Build King. As Lion Trade is owned indirectly as to 70% by a wholly owned subsidiary of the Company and 30% by a wholly owned subsidiary of Build King, the effective interest in the subsidiary held by the Company increased.
- (e) The company is a co-operative joint venture registered in the PRC.
- (f) The company is a foreign owned enterprise registered in the PRC.

Except for Wai Kee (Zens) Holding Limited, all subsidiaries are indirectly held by the Company.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affect the results for the year or constitute a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

Except for Elite Excellent which have issued bonds (see note 39), none of the subsidiaries of the Company had any debt securities outstanding at the end of the year or at any time during the year.

### 58. MAJOR NON-CASH TRANSACTIONS

During the year ended 31st December, 2022, the Group entered into new lease agreements for the use of leased properties ranging from 1-4 years. On the lease commencement, the Group recognised right-of-use assets and lease liabilities of HK\$128,557,000 and HK128,557,000 (2021: HK\$25,839,000 and HK\$25,839,000) respectively.

### 59. EVENTS AFTER THE REPORTING PERIOD

On 6th October, 2022, Build King, Wise Start Global Limited ("Wise Start"), an indirect wholly owned subsidiary of Build King, Road King and Shine Precious Limited ("Shine Precious"), an indirect wholly owned subsidiary of Road King, entered into an investment agreement dated 6th October, 2022 (the "Investment Agreement") regarding an investment in Rainbow Triumph Limited ("Project Company") for the purpose of an urban renewal project involving the demolition and resettlement and redevelopment of a site located at Haitao Garden, 58 Haitao Road, Yantian District, Shenzhen, the PRC.

The Investment Agreement provides that subject to the fulfilment of conditions precedent:

- (i) Shine Precious has agreed to sell and assign, and Wise Start has agreed to purchase and take assignment of, the sale shares (which represent 20% of the Project Company's shares in issue) at the price of HK\$15,700 and the sale loans (in the principal amount of HK\$800,000,000) at the face value, at a total consideration of HK\$800,015,700; and
- (ii) Shine Precious has agreed to provide the commitment, being further shareholder loans from Road King and its subsidiaries to the Project Company which, when aggregated with existing shareholder loans due to Road King and its subsidiaries immediately following completion, shall amount to HK\$3,200,000,000 ("RK Commitment").

In addition, Shine Precious has agreed that Wise Start has the loan redemption right to require the redemption by the Project Company of all or part of the shareholder loans due to it on certain redemption dates, after which Shine Precious shall require certain balancing transactions to be effected in order to achieve the intended proportionality between the respective joint venture parties' shareholding in, and shareholder loans (including the RK Commitment) to, the Project Company. The redemption obligation of the Project Company is guaranteed by Road King.

Following Completion, the Project Company will be owned as to 80% by Shine Precious and 20% by Wise Start and will remain a subsidiary of Road King and the results of operations and financial position of the Project Company will continue to be recorded in the Road King Group's consolidated financial statements, while the Group's equity interest in the Project Company will be accounted for as interest in an associate using the equity method, its shareholder loan interest and interest under the Loan Redemption Right will be accounted for as financial assets at FVTPL in the consolidated financial statements of the Group.

At the special general meeting of the Company held on 13th January, 2023, the resolution to approve the Investment Agreement dated 6th October, 2022 entered into among Build King, Wise Start, Road King and Shine Precious (as supplemented by the extension agreement) and the transactions and possible transactions contemplated thereunder (including but not limited to the transfer, RK Commitment, Ioan redemption right and balancing transactions) was duly passed on 13th January, 2023 by the shareholders by way of poll. Details of transaction and the resolution results are disclosed in the Company's announcements on 6th October, 2022 and 13th January, 2023 respectively.

# RESULTS
